original illustrations from Fan Xudong's work and the photographs of Master Wong Honfan performing the exercises. The second section shows the original Shaolin text of these exercises with illustrations. The third section of the book presents the actual eighteen Lohan figures for which the exercises are named, providing a deeper spiritual outlook on the practice of kung fu and meditation. Through its yoga-like stretching aspects, the Eighteen Lohan Skills are not only a qigong practice combining breathing with body movements; they also train martial applications and promote internal alchemy skills because they stimulate and develop the internal energies of jing (body essence), qi (breath/vitality), and shen (mind/spirit). The Eighteen Lohan Skills then are a complete system for health, longevity, and spiritual development. This book is a necessity for martial artists, qigong practitioners, and even those who follow Buddhist meditation practices and philosophy. **Art of Shaolin**
