Arguing that all three are central to our viewing experience the book demonstrates how Hitchcock's masterly integration of those elements is the key to his success as a film maker. Examining in detail such films as Sabotage Notorious Rear Window Psycho Shadow of a Doubt Rope and The Birds amongst many others the book discusses the idea of the director as saboteur and the importance of the avoidance of cliché in Hitchcock's narrative.

Double-Voicing the Canadian Short Story Laurie Kruk, 2016-05-27 Double Voicing the Canadian Short Story is the first comparative study of eight internationally and nationally acclaimed writers of short fiction: Sandra Birdsell, Timothy Findley, Jack Hodgins, Thomas King, Alistair MacLeod, Olive Senior, Carol Shields and Guy Vanderhaeghe. With the 2013 Nobel Prize for Literature going to Alice Munro, the master of the contemporary short story, this art form is receiving the recognition that has been its due, and as this book demonstrates, Canadian writers have long excelled in it. From theme to choice of narrative perspective, from emphasis on irony, satire and parody to uncovering the multiple layers that make up contemporary Canadian English, the short story provides a powerful vehicle for a distinctively Canadian double voicing. The stories discussed here are compelling reflections on our most intimate roles and relationships, and Kruk offers a thoughtful juxtaposition of themes of gender, mothers and sons, family storytelling, otherness in Canada and the politics of identity to name but a few. As a multi-author study, Double Voicing the Canadian Short Story is broad in scope and its readings are valuable to Canadian literature as a whole, making the book of interest to students of Canadian literature or the short story and to readers of both. Published in English.

Library Journal Starred Review. The depictions of LGBTQIA characters in film have always varied immensely. However, the negative depictions often seem to outweigh the positive, perhaps because of the hurt they inspire or perhaps because they regrettably outnumber the positive films. The Encyclopedia of LGBTQIA Portrayals in American Film explores works from the past fifty years in order to not only discuss how LGBTQIA characters are portrayed in American film but also how these portrayals affect viewers. Contributors to this valuable reference include film and media scholars, gender studies scholars, journalists, LGBTQIA advocates and more, representing countries from around the world. This rich array of perspectives provide careful and critical examinations of more than 100 films, ranging from the ethical and compassionate to the deliberately cruel and destructive. Featuring films such as American Beauty, Batman v Superman, Fight Club, The Grand Budapest Hotel, Little Miss Sunshine and Venom, this extensive volume informs and educates scholars and general readers alike, guiding them to see injustice more clearly and inspiring future generations to create art that is both inclusive and
