wonder whether this is the year they will finally be placed in Scuba Steve's swim group. With luck on their side they are asked to join Scuba Steve's group and that's when Ben and the gang are teleported to Hawaii where they experience undersea adventures with Scuba Steve and the local turtle Honu. Dive right in and join the adventure. Where else can you combine the joys of summer camp with the adventure of underwater exploration? The Tales of Scuba Steve Honu's Reef leads us all on an amazing journey through friendship and discovery in a fun and magical way. Adam Langbart Merrick Woods Country Day School Camp Through Steve's words I could sense the incredible and passionate human writer he is who cares about our future generations. As a marine conservationist and diver I enjoyed reading this amazing book and I support his mission. This adventure will help the next generation not only to increase their confidence in the diving world but will also foster a desire to learn and protect the important life support system of our oceans and its creatures. This book is a unique and special gift to help kids build a beautiful relationship with our oceans and encourage them to follow their aquatic dreams. Shark Daniel Abel, Sophie A. Maycock, 2025-03-25 A marvelously illustrated look at the life of the shark. No two species of shark have the same life history yet these magnificent creatures share many things in common. This one of a kind narrative biography brings together a wide array of species from habitats around the globe examining the biology, ecology and behavior of sharks as well as their cultural role in human history. Written by two experienced shark educators, scientists and conservationists, *Shark: The Illustrated Biography* blends engaging profiles of selected species with captivating illustrations to offer an unparalleled exploration of the life and times of the shark. Features a beautiful and informative array of watercolors. Tells the biographical story of the shark using the life histories of representative species from birth and early family life to adolescence and the adult years. Discusses sharks of all kinds such as Shortfin Makos, Sandbar Sharks, Spiny Dogfish, Great Whites, Tiger Sharks, Basking Sharks, Angel Sharks and Great Hammerheads. Covers evolutionary history, distinguishing features, habitats, reproduction and migration. Examines the role of sharks in art, music, literature, spirituality and mythology. An essential must have reference for shark lovers everywhere.

The Horn Book Guide to Children's and Young Adult Books, 2003 **Field Guide to Drawing & Sketching Animals** Tim Pond, 2019-01-02 Artist Tim Pond's lively and engaging book fuses science with art providing the reader with the skills, techniques and knowledge they need to create sketches of animals filled with life and movement. There are some very good books written on life drawing yet when it comes to drawing wildlife, illustrators and artists often revert to working solely from photographs which can leave the artwork looking lifeless and flat. In this inspirational book, artist Tim Pond shows you how to observe and draw animals in zoos, farms, wildlife parks and aquariums, teaching you some fascinating facts about the animals along the way and ultimately bringing you closer to nature. One of the challenges with sketching wildlife is that animals are constantly moving. However, by having some basic understanding of the biology of an animal such as knowing that a duck has a cheek or that a cheetah can't retract its claws can influence how you might sketch them and results in a

lively drawing that captures the form movement and ultimately the spirit of the animal in question Combining scientific knowledge with expert practical guidance is key to creating successful drawings of animals and Tim s ability to convey this in a way that is both accessible and engaging makes this a unique and inspiring guide suitable for artists of all levels Tim s book takes you on a journey of discovery that will enable you to develop the skills techniques and knowledge you need to sketch a broad range of wildlife encompassing mammals reptiles birds fish and insects It includes quick gestural sketches as well as linear and tonal studies in a variety of media pencil pen and ink and watercolour There are numerous studies comprising how to represent the different patterns of animals coats how to capture the plumage of an exotic bird in watercolour and how to sketch a hippo s hooves as well as guidance on tools materials and basic techniques The result is a treasure chest of fascinating facts studies sketches and annotated drawings that will not fail to ignite your enthusiasm for drawing animals from life
