Sharpen Your Tactics:

Sharpen Your Tactics! Anatoly Lein, Boris Archangelsky, 1996 SHARPEN YOUR TACTICS is a chess tactics training book and is for every class of chess player The examples are rated by difficulty and the problems gradually become more difficult as you move through the book leading you into the world of high level chess tactics This book will greatly improve the readers chess game Sharpen Your Chess Tactics in 7 Days Gary Lane, 2016-04-04 A follow up to the bestselling Improve Your Chess in 7 Days this essential chess instructor is perfect for players who are desperate to brush up on their tactics but don't have time to devote to long hours of study Handily arranged day by day it is full of easy to follow advice on developing nifty tricks that will confound your opponent and help you win the game It includes all the basic tactical skills such as pins decoys deflections double attacks etc then delves deeper showing you how to harness them at various points of the game It also contains a sprinkling of chess cartoons to keep you smiling as you read Day 1 So You Want to Improve Your Tactics Day 2 Understanding Tactics Day 3 Develop Your Creativity Day 4 Tactics in the Opening Day Day 5 Tactics in the Middlegame Day 6 Tactics in the Endgame Day 7 Blunders and Brilliances Packed with tips and tricks this book's clear no nonsense style makes it the ideal companion for sharpening your tactics quickly **Find the Checkmate** Gary Lane, 2015-07-30 This title suitable for both novices and children allows readers to find the right way to deliver a checkmate in one two or more moves from hundreds of positions provided by the author By tackling these puzzles they can begin to think like chessplayers and visualize calculate and advance **The Rookie** Stephen Moss, 2016-09-22 Chess was invented more than 1 500 years ago and is played in every country in the world Stephen Moss sets out to master its mysteries and unlock the secret of its enduring appeal What he asks is the essence of chess And what will it reveal about his own character along the way In a witty accessible style that will delight newcomers and irritate purists Moss imagines the world as a board and marches across it offering a mordant report on the world of chess in 64 chapters 64 of course being the number of squares on the chessboard He alternates between black chapters where he plays largely uncomprehendingly in tournaments and white chapters where he seeks advice from the current crop of grandmasters and delves into the lives of great players of the past It is both a history of the game and a kind of Zen and the Art of Chess a practical guide and a self help book Moss's quest to understand chess and become a better player is really an attempt to escape a lifetime of dilettantism He wants to become an expert at one thing What will be the consequences when he realises he is doomed to fail Moss travels to Russia and the US hotbeds of chess throughout the 20th century meets people who knew Bobby Fischer when he was growing up and tries to unravel the enigma of that tortured genius who died in 2008 at the inevitable age of 64 meets Garry Kasparov and Magnus Carlsen world champions past and present and keeps bumping into Armenian superstar Levon Aronian in the gents at tournaments He becomes champion of Surrey wins tournaments in Chester and Bury St Edmunds and holds his own at the famous event in the Dutch seaside resort of Wijk aan Zee until a last round meltdown but too often he is beaten by

precocious 10 year olds and finds it hard to resist the urge to punch them He looks for spiritual fulfilment in the game but mostly finds mental torture *Find the Winning Move* Gary Lane,2015-07-30 Find the Winning Move contains hundreds of chess positions in which the reader must find the right way to deliver a winner in one two or more moves International Master Gary Lane uses his teaching skill and experience to present a fun but educational puzzle book that helps players develop recognition of tactical combinations Over 400 puzzles are presented to allow players of all levels from novices upwards to improve their game Hours of enjoyment and entertainment are to be gained from trying to solve these puzzles and you ll end up a better chess player at the end of it **Chess Tactics - Volume 3: Sharpen Your Tactical Ability**

Daily on Your Way to Mastery Carsten Hansen,2020-05-14 The follow up to the internationally bestselling volume 1 Are you ready to seriously improve your game It has been said that chess is 99% tactics but whether that is an accurate reflection is hard to tell Nevertheless it is important But if you are like most players you only discover the tactics after you come home and run through your game with a chess engine So what to do In the present book you will be challenged 404 times but unlike most tactics puzzle books you don t know what your objective is do I need to find a mate find an opportunity skewer or pin a piece use a tactical turn to gain a positional advantage and how far do I need to calculate These questions are you are faced with when you play your own games and therefore this book tries to replicate this position Your one advantage over the players in the respective positions is that you know that there is supposed to be something in there for you to find The puzzles vary a lot in difficulty some are relatively easy some are incredibly difficult but most are somewhere in between However most of the puzzles are layered so that even when you think the answer is obvious it is worth looking further because your idea may be the decoy left there for you to get distracted from the actual solution Working through the puzzles and then carefully play through the thoroughly annotated solutions will help you to up your tactical radar as well as your calculation skills So if you are up for the challenge here is the opportunity to take the leap forward Good luck **ChessBase Complete** Jon Edwardsd,2014-07-23 ChessBase Step by Step There s a general recognition among chess players at all levels that the ChessBase software application is critical for serious chess improvement but many chess players are intimidated by the software Now for the first time former U S correspondence champion Jon Edwards has created real life scenarios that focus upon why the software is so important for chess players of every class along with clear explanations of how to use ChessBase The author will show you how with ChessBase 1 Opening preparation is quick comprehensive fully up to date and effective 2 You can quickly locate and review important games in every opening middlegame type and endgame 3 You can instantly see what worldwide engines think about most opening and many middlegame positions 4 You can instantly see where you and your opponents erred 5 You can reliably prepare chess books for publication in print or on the web And much much more There is in fact no aspect of using ChessBase which Edwards does not cover It is all here and all in one volume Know simply that ChessBase is instrumental to every aspect of chess This book explains how the software can help you to

improve your play your learning your teaching your writing or simply your love of and enthusiasm for the game Jon Edwards explains all that you will need to know with concrete examples and simple instructions After that how strong a chess player how good a chess teacher how good a chess author you become is truly up to you Note ChessBase 12 is featured in this book The new ChessBase 13 will be available near the end of 2014 ChessBase has confirmed that the program features and interface described within this book are not expected to change

Your Jungle Guide to Chess Tactics - Sharpen Your Tactical Skills! Peter Prohaszka,2021-02-09 There are countless puzzle books available However it is very surprising that there is virtually almost none that gives a comprehensive overview with all of the frequent tactical motifs and themes that occur in practice The ones that I am aware of are either largely incomplete not systematic without text or old and therefore the analysis contains lots of mistakes The ambitious goal of this book is to fill this critical gap by addressing all of these issues Each of the 25 Chapters contains a thorough introduction with the games best showcasing the motif at hand Next the puzzle sections specifically aim to reinforce the reader s pattern recognition There are 365 training puzzles in total and all of them have a 1 5 star value to show the level of difficulty The solutions are given at the end of every chapter This book is dedicated to ambitious players who want to improve their game as well as for coaches to help their students get to the next level Peter Prohaszka
