Fang, Tang Junyi and Huayan Thought King Pong Chiu,2016-06-27 In Thom H Fang Tang Junyi and Huayan Thought King Pong Chiu discusses Thom H Fang and Tang Junyi two of the most important Confucian thinkers in twentieth century China who appropriated aspects of the medieval Chinese Buddhist school of Huayan to develop a response to the challenges of scientism the belief that quantitative natural science is the only valuable part of human learning and the only source of truth As Chiu argues Fang s and Tang s selective appropriations of Huayan thought paid heed to the hermeneutical importance of studying ancient texts in order to be more responsive to modern issues and helped confirm the values of Confucianism under the challenge of scientism a topic widely ignored in academia      The Sixth Patriarch's Dharma Jewel Platform Sutra Martin Verhoeven, PhD,Heng Sure, PhD,2014-09-03 The knowledge and vision of the Buddha is just your own mind there is no other Buddha Such is the teaching of Master Huineng 638 713 the most important and most revered figure in the Chan Zen School of East Asian Buddhism Huineng left no written record but his students compiled accounts of his public lectures and one on one exchanges together with the dramatic story of his life The resulting volume was Liu zu fa bao tan jing The Sixth Patriarch s Dharma Jewel Platform Sutra sixth because Master Huineng is counted as the sixth generation of patriarchal succession from the first Chan patriarch Bodhidharma Master Huineng s Platform Sutra is so highly regarded in Buddhist Asia that it is called a Sutra a term otherwise reserved for texts spoken by the Buddha himself In presenting this entirely new English translation of The Sixth Patriarch s Dharma Jewel Platform Sutra the editors Professors Heng Sure and Martin Verhoeven of Dharma Realm Buddhist University have aimed above all to bring across into English Master Huineng s plain spoken forthright style As Professor Verhoeven writes Readers inclined to see Buddhist writings as abstruse metaphysical treatises will find The Platform Sutra refreshingly artless and spare Those expecting a sutra to delve into the supernatural and otherworldly will be

surprised at how down to earth and here and now this text is The Platform Sutra is humanistic to its core As Huineng says in a verse The Buddha Dharma is right here in the world There is no awakening apart from this world The essence of the Sixth Patriarch s philosophy is that all beings have the buddha nature all can become Buddha Full awakening is not a future state or a distant place but exists right within your own mind directly and immediately available The text presents a powerful and resounding vision of unbounded human potential waiting to be fully realized if only we could see it A Pictorial Biography of the Venerable Master Hsu Yun Hsuan Hua, Master Hsu Yun alternately romanized as Xuyun Empty Cloud was a renowned Chan master and one of the most influential Chinese Buddhist teachers of the 19th and 20th centuries He founded Zhenru Monastery in Jiangxi Province and restored Nanhua Monastery in Guangdong Province the monastery of the Sixth Chan Patriarch Huineng At Nanhua Monastery he transmitted the Dharma seal of the Weiyang lineage of the Chan school to Tripitaka Master Hsuan Hua then Tu Lun Over his 119 year lifespan 1840 1959 he witnessed the end of imperial rule in China the short lived rise of the democratic republic two world wars and the eventual rule of the Chinese Communist Party Volume One covers Venerable Master Hsu Yun s birth and enlightenment Volume Two covers Venerable Master Hsu Yun s propagation of Buddhism *Buddha Root Farm* Hsuan Hua, 2011-01-07 Pure Land Buddhist practice consists of reciting the name of Amitabha Buddha This is a method of mindfulness and concentration is considered the easiest and most certain path to enlightenment In lectures given in 1975 during the course of a seven day Amitabha recitation session the late Tripitaka Master Hsuan Hua explains the methods of Pure Land Buddhism and how it relates to Chan Zen meditation and other Buddhist practices *Buddhism A to Z* Ronald B. Epstein, PhD, 2018 Does genetic engineering have the potential to be as dangerous a nuclear holocaust Will playing games online lead to brain shrinkage These and other environmental and moral dilemmas of the modern world are discussed in a collection of essays which use Buddhist texts and

academic resources to analyze problems in today's world. Topics include pollution, animal cruelty, genetically modified foods, and our addictions to digital and social media. Dr. Epstein describes how outer environmental and social problems mirror humanity's inner struggle with selfishness, greed, and desire. By connecting Buddhist concepts such as compassion, causation, and moral precepts to these issues, this collection of essays provides guidance for ethical conduct in today's world. *The Surangama Sutra* Ronald Epstein, PhD, David Rounds, 2012-08-06. For more than a thousand years, the Surangama Sutra has been held in high regard in the Mahayana Buddhist countries of East and Southeast Asia and has been as popular as the Lotus Heart and Diamond Sstras. Its wealth of theoretical and practical instruction in living a spiritual life often made it the first major text studied by newly ordained monks, particularly in the Chan tradition. This Sutra is regarded as a complete and practical manual for spiritual practice that will lead to enlightenment. It provides instruction on understanding one's own Buddha nature, the potential within every being for becoming a Buddha. The Sutra explains how and why this nature is hidden and how we can uncover it and recognize it as our own true mind. The Sutra also explains why personal integrity and purity of conduct are prerequisites for spiritual awakening. It presents the principles of meditation and provides guidelines for discerning correct practices from those which deviate into wrong ones. It explains how our own intentional acts, whether physical, verbal, or mental, result in karmic experiences, including rebirths into various levels of being, both human and non-human. At the heart of the Sutra is the Surangama Mantra. The Sutra promises that the practice of reciting this mantra in the context of the other practices taught in the Sutra can successfully eliminate internal or external obstacles that block the path of spiritual progress. **The Logic of the Living Present** Anna-Teresa Tymieniecka, 2012-12-06. Some might ask, Why Locke's theory of knowledge now? Though appreciated for his social philosophy, Locke has been criticized for his work in the field of epistemology ever since the publication of the Essay. It is even as if Locke serves only as an example of how not to think. When people criticize Locke, they usually cite the hostile commentaries of Berkeley, Kant, Husserl, or Sellars. But one might ask: are they not all so eager to show the excellence of their own epistemological views that they distort and underestimate Locke's thought? Russell aptly noted in his *History of Western Philosophy* that "No one has yet succeeded in inventing a philosophy at once credible and self-consistent. Locke aimed at credibility and achieved it at the expense of consistency. Most of the great philosophers have done the opposite. A philosophy which is not self-consistent cannot be wholly true, but a philosophy which is self-consistent can very well be wholly false. The most fruitful philosophies have contained glaring inconsistencies, but for that very reason have been partially true. There is no reason to suppose that a self-consistent system contains more truth than one which like Locke's is obviously more or less wrong." B. Russell, *A History of Western Philosophy* (New York: Simon and Schuster, 1945), p. 613. Here Russell is uncommonly charitable with Locke. *Vajra Bodhi Sea*, 2005.
