## **Shavetail The Odyssey Of An Infantry Lieutenant In World War II:**

**Shavetail** William L. Devitt, 2001      **Enduring Battle** Christopher H. Hamner, 2011-04-07 Throughout history battlefields have placed a soldier's instinct for self preservation in direct opposition to the army's insistence that he do his duty and put himself in harm's way *Enduring Battle* looks beyond advances in weaponry to examine changes in warfare at the very personal level Drawing on the combat experiences of American soldiers in three widely separated wars the Revolution the Civil War and World War II Christopher Hamner explores why soldiers fight in the face of terrifying lethal threats and how they manage to suppress their fears stifle their instincts and marshal the will to kill other humans Hamner contrasts the experience of infantry combat on the ground in the eighteenth and nineteenth centuries when soldiers marched shoulder to shoulder in linear formations with the experiences of dispersed infantrymen of the mid twentieth century Earlier battlefields prized soldiers who could behave as stoic automatons the modern dispersed battlefield required soldiers who could act autonomously As the range and power of weapons removed enemies from view combat became increasingly depersonalized and soldiers became more isolated from their comrades and even imagined that the enemy was targeting them personally What's more battles lengthened so that exchanges of fire that lasted an hour during the Revolutionary War became round the clock by World War II The book's coverage of training and leadership explores the ways in which military systems have attempted to deal with the problem of soldiers' fear in battle and contrasts leadership in the linear and dispersed tactical systems Chapters on weapons and comradeship then discuss soldiers' experiences in battle and the relationships that informed and shaped those experiences Hamner highlights the ways in which the band of brothers phenomenon functioned differently in the three wars and shows that training conditioning leadership and other factors affect behavior much more than political ideology He also shows how techniques to motivate soldiers evolved from the linear system's penalties for not fighting to modern efforts to convince soldiers that participation in combat would actually maximize their own chances for survival Examining why soldiers continue to fight when their strong instinct is to flee *Enduring Battle* challenges long standing notions that high ideals and small unit bonds provide sufficient explanation for their behavior Offering an innovative way to analyze the factors that enable soldiers to face the prospect of death or debilitating wounds it expands our understanding of the evolving nature of warfare and its warriors      *Parameters*, 2003      **American Book Publishing Record**, 2001      *Into the Mountains Dark* Franklin L. Gurley, 2000 A significant combat memoir written by a young US soldier during the bitter fighting in the Vosges Mountains 1944-45 When 17 year old freshman Frank Gurley was placed second in his first Harvard varsity cross country meet he thought he had achieved the ultimate in courage and tenacity Just over a year later still shy of his 19th birthday and still a scout of sorts First Scout in an infantry rifle squad Gurley came down from a frowning peak in the Vosges Mountains with far deeper insights into the meaning of valor and intrepid endurance after his odyssey *Into the Mountains Dark* This extraordinary work is actually the result of an operational security violation

and military offence for which the author could have been severely punished Throughout his six months of combat as an enlisted man in the U S Seventh Army s 100th Infantry Division in France and Germany Private Gurley maintained an extensive up to the hour journal in which he and his buddies painstakingly recorded every major incident in the life of their platoon A former high school newspaper editor the author risked the potential penalties for his actions and meticulously chronicled the fears joys grip

*Breathes There a Soldier* Lawrence G. Heatley,2001 World War II the most desperate struggle ever endured by mankind changed the world forever and those who fought in its battles Sergeant Robert Heatley a U S Army infantryman put pen to paper recording history as it was made *Breathes There A Soldier* the compilation of his journals brings to life the experiences both humorous and horrific of an American soldier in the Pacific Theater From the grind of combat training to the agony of the battlefield Sergeant Heatley s first person account of the 81st Infantry Division in World War II is a welcome addition to the genre of the U S Army s contribution to American history

**I Walk Through the Valley** Bruce C. Zorns,1991 Greetings you will report to the local board said the letter to the 31 year old father and husband drafting him into the Army in 1944 There followed boot camp and bitter combat in Europe Wounded the author spent three days suffering on a frozen battlefield before being captured hospitalized and then incarcerated by the Germans Liberation healing and reunion with loved ones took a long long time

The Odyssey Of A Purple Heart Vet James Beverly Willis,2014 This is a true intriguing love story of a young soldier for his Creator family and country As a young boy growing up on the back roads of a farming community in rural Indiana James and his brothers were taught many skills that came with farming as well as learning to hunt His dad taught him how to use a rifle well and even how to listen to the woods and nature around him because of this youthful experience he earned the Expert Rifleman badge in the army He was an outstanding friend a man of unique character James was a person who could always be trusted to have your back Although he was an ordinary young man living in an extraordinary time he never lost the sense of who he was at heart and his faith in God His quiet unassuming yet engaging personality propelled him to a different world he never knew or could have ever imagined The reader will be amazed and intrigued by the stories told in vivid detail captured through the eyes of a young soldier while serving with the 77th Infantry Division of the army in the Pacific Theater during World War II back cover

War Makes Men of Boys Katherine I. Miller,2012-12-17 Hundreds of novels have been written about young men coming of age in war And millions of

young men have in fact come of age in combat This is the story of one of them as told by his daughter based on the daily letters he wrote to his family in 1944 and 1945 After ten months of stateside training nineteen year old Joe Ted Bud Miller shipped out from New York harbor in November 1944 and served with the 63rd Infantry in France and Germany Although he fought with his unit at the Colmar Pocket and earned a Bronze Star for his role in pushing through the Siegfried Line his letters focus less on the details of battle than on the many aspects of his life in the military food PX movies biographies of friends and platoon mates training activities travelogues and the behavior good and bad of officers Bud s journalistic skills show in his letters and fill his reports with a wealth of objective detail as well as articulate reflections on his feelings about his experiences Katherine I Miller a communication scholar brings to her father s letters which form the centerpiece of the book her scholarly training in analyzing issues such as the development of masculinity in historical context the formation of adult identity and the psychological effects of war Further insights gained from additional personal and family archives interviews with surviving family members official paperwork the unit history of the 63rd Infantry Division 254th Regiment unit newspapers pictorial histories maps and accounts by other unit members aided her in crafting this interpretive biography The book also serves as a window onto more general questions of how individuals navigate complicated turning points thrown at them by external events and internal struggles as they move from youth to adulthood Commissioned in Battle Jay Gruenfeld, 2012 Jay Gruenfeld s war ended on May 15 1945 with his fifth and final wound He left the remnants of his platoon on a rain soaked hillside on Luzon in the Philippines It was the ninth day of the Ipo Dam offensive He was twenty years old a veteran of two campaigns and a battlefield commissioned 2d lieutenant in the 103rd Regiment of the 43rd Infantry Division After four months and seven days of combat he was coming to the end of what he calls the greatest most enriching time of his life This is his story A story of combat A story of brothers in arms And above all a story of survival **If You Survive** George Wilson, 1987-05-12 If you survive your first day I ll promote you So promised George Wilson s World War II commanding officer in the hedgerows of Normandy and it was to be a promise dramatically fulfilled From July 1944 to the closing days of the war from the first penetration of the Siegfried Line to the Nazis last desperate charge in the Battle of the Bulge Wilson fought in the thickest of the action helping take the small towns of northern France and Belgium building by building Of all the men and officers who started out in Company F of the 4th Infantry Division with him Wilson was the only one who finished In the end he felt not like a conqueror or a victor but an exhausted survivor left with nothing but his life and his emotions If You Survive One of the great first person accounts of the making of a combat veteran in the last most violent months of World War II **Beyond Valor** Patrick K. O'Donnell, 2001 Donated *Unless Victory Comes* Gene Garrison, Patrick Gilbert, 2020-01-10 A dramatic moving memoir of coming of age amid the chaos and terror of WWII combat by a member of the 87th Infantry Division Gene Garrison spent a terrifying nineteenth birthday crammed into a muddy foxhole near the German border in the Saar He listened helplessly to cries of wounded comrades as exploding artillery shells

sent deadly shrapnel raining down on them The date was December 16 1944 he was a member of a 30 caliber machine gun crew with the 87th Infantry Division and this was his first day in combat Less than a year earlier he d entered college as a fresh faced kid from the farmlands of Ohio Now as the night closed around Garrison slices of light pierced the darkness with frightening brilliance Battle hardened German SS troopers using flashlights infiltrated the line of the young untested American soldiers Someone screamed Counterattack In the maelstrom of gunfire that followed the teenage Garrison struggled to comprehend the horrors of the present his entire future reduced to a prayer that he would be alive at daybreak From those first frightening confusing days in combat until the war ended five months later Gene Garrison saw many of his buddies killed or wounded each loss reducing his own odds of survival Convinced before one attack that his luck had deserted him he wrote a final letter to his family to say goodbye handing it to a friend with instructions to mail it if he died From the bitter fighting west of Bastogne in the Battle of the Bulge to the end of the war on the Czechoslovakian border Garrison describes the degradation of war with pathos and humor His story is told through the eyes of the common soldier who might not know the name of the town or the location of the next hill that he and his comrades must grimly wrestle from the enemy but who is willing to die in order to carry the war forward to the hated enemy He writes of the simple pleasure derived from finding a water filled puddle deep enough to fill his canteen a momentary respite in a half destroyed barn that shields him from the bitter cold and penetrating wind of an Ardennes winter the solace of friendship with veterans whose lives hang upon his actions and whose actions might help him survive the bitter impersonal death they all face The rich dialogue and a hard hitting narrative style bring the reader to battlefield manhood alongside Garrison to each moment of terror and triumph faced by a young soldier far from home in the company of strangers

**Blood and Candles** Edward T. Richardson,2002 In the author s words taken from the preface I went on active duty on the first day of July 1943 and was discharged in March 1946 Between those dates I experienced the frightening the pathetic the moving the ridiculous the funny and the unbelievable all to a degree I would not have thought possible Just short of my twenty second birthday I entered the Army a bookish somewhat introverted person For what happened then read on A remarkable story of courage resourcefulness tragedy and humor Blood and Candles is unlike any other account of World War II that has ever been published The author s combat duty lasted for seven months during which he served as a runner or scout sometimes finding himself alone behind enemy lines Once he was even captured by the Americans and was almost shot as a German spy posing as an American How he got out of that jam and many others will keep the reader fascinated from cover to cover While the climax of the book describes some of the most intense combat of the war in which almost everyone around him was killed or seriously wounded the author s experiences during basic training and after the War attending the Sorbonne under the auspices of the Army are equally fascinating

**It Wasn't All Combat** Frank P. Sherwood,2007-04 Letters form an important source of knowledge about the great events in the life of our nation They are unique because they capture what

was being experienced and felt at the time of the crisis There are no filters through which later thinking is passed This book consists of the letters of one American soldier who served in World War II Frank P Sherwood They cover the whole of his life in the U S Army from September 1943 to September 1946 They are unique because of Sherwood s range of experiences in that period He was drafted and served more than a year as a private in the infantry including a stint with the 10th Mountain Division in Camp Hale Colorado After being commissioned a 2nd Lieutenant of Infantry at Fort Benning Georgia he departed for Europe There he served as Liaison Control officer for the 99th Infantry division and was awarded two battle stars for this service Later European assignments included Entertainment Officer of XV Corps and Public Safety Officer with Military Government These letters were written to Sherwood s mother whom he asked to save them They seek to capture the various events important and not so important in three tumultuous years He believed letters of this type would have historical interest and he particularly took advantage of his close relationship with his mother to provide as full and objective report of his experiences as he possibly could

**Fighting with the Filthy Thirteen** Jack Womer, Stephen C. DeVito, 2020-01-10

Womer reveals his own inside account of fighting as a spearhead of the Screaming Eagles in Normandy Holland and the Battle of the Bulge Tucson Citizen In 2004 the world was first introduced to The Filthy Thirteen a book describing the most notorious squad of fighting men in the 101st Airborne Division and the inspiration for the movie The Dirty Dozen Now Jack Womer one of the squad s integral members and probably its best soldier delivers his long awaited memoir Originally a member of the 29th Rangers which was suddenly dissolved Womer asked for transfer to another elite unit the Screaming Eagles where room was found for him among the division s most miscreant squad of brawlers drunkards and goof offs Beginning on June 6 1944 however the Filthy Thirteen began proving themselves more a menace to the German Army than they had been to their own officers and the good people of England embarking on a year of ferocious combat at the very tip of the Allied advance in Europe In this work with the help of Stephen DeVito Jack provides an amazingly frank look at close quarters combat in Europe as well as the almost surreal experience of Dust Bowl era GI s entering country after country in their grapple with the Wehrmacht finally ending up in Hitler s mountaintop lair in Germany itself Jack Womer s story is entertaining honest and forthright just like the man He does not shrink from describing what actually happened although occasionally one suspects just a hint of artistic license However there is nothing which is unbelievable given the chaotic and random nature of war

Army Rumour Service **Bootprints** Hobert Winebrenner, Michael McCoy, 2005 After over sixty years of holding it deep within an aging American soldier shares his harrowing tale of life and death on Northern Europe s front lines Join the author as he walks you back into World War II From Utah Beach through the hedgerows of Normandy the liberation of France the Battle of the Bulge the assault on Germany and the chase into Czechoslovakia follow in his
