to post truth narratives that came to the fore in the Brexit campaign and its aftermath Reading these tensions back into contemporary British writing Kristian Shaw coins the term Brexlit to deliver the first in depth study of how writers engaged with these issues before and after the referendum result Examining the work of over a hundred British authors including Julian Barnes Jonathan Coe Kazuo Ishiguro and Ali Smith as well as popular fiction by Andrew Marr and Stanley Johnson Brexlit explores how a new and urgent genre of post Brexit fiction is beginning to emerge **The Book Club Bible** Michael O'Mara Books,2011-07-31 With a foreword by Lionel Shriver author of We Need To Talk About Kevin The Book Club Bible is the essential guide to the best book club reads Page and Place: Ongoing Compositions of Plot Jon Anderson,2014-10-15 If people are geographical beings what can fiction tell us about this truth This book explores how literature can help us understand the nature of the relations between people and place how humans create connections between their identities and their geographies and how these can be threatened and lost Literature is an important if unusual way to explore these relations At once centred in imagination and ideas fiction is also indelibly connected to as well as influenced by the geographies in which it is set As this book argues the relationship between fiction and location is so important that it is often difficult to know which is imagined and which is real Exploring the relations between people and place through fiction writing set in Wales Page and Place garners poetic insight into how places are written into our stories and how these stories take and make the places around us The book introduces the notion of plot to describe the complex entanglement between fiction and geography and to help understand the role that places play in defining human identity
