Tai Divination Workbook Erik Thorell,2015-11-11 Author Erik Thorell reveals his new publication TAI Divination Workbook TAI Divination is the fusion of three ancient divination systems Tarot Astrology and the I Ching or TAI These 3 systems have come together in one reading probably for the first time ever in the history of divination You don t have to be psychic to use TAI and TAI is easy to understand for beginners and in depth enough for experts TAI is not intended to compete with or replace existing forms of divination or Holy Scriptures of various religions They all originally come from the Divine that lives within a man to help advise and guide him in his life The author respects all the founders equally as God s messengers This brings to mind of a bowl full of small cards with quotes from the Bible a device which his Salvation Army parents used to ask questions via the

ancient art of bibliomancy TAI was accidentally discovered February 11th 1981 and co incidentally published in 2015 the third year of the Aquarian age Pray that the Divine within speaking via TAI advises all equally kindly and wisely For more details you can visit www.taidivination.com [A Rational Approach To The Bible](#) Aemilius,2019-11-10 Between mankind and God there is a secret missing link that humanity has forgotten This book is the first in a series of books that seeks to explain in great detail the meaning behind the world s most renowned religions as well as the true nature of reality As children religion is not provided to us as a system of choice but rather enforced upon us by our parents and peers It gives us a certain identity and ties us to a certain group of people who hold the same sacred cause while dooming everyone else as profane We then spend our entire lives defending this religion as it literally dictates our identity as false as it may be The child rarely understands his religion as he lacks the proper tools to dissect and analyze it verse by verse This is the book you wish you had in your childhood as your personal unbiased mentor who sheds light on millennia s endarkened scriptures The purpose of this book is to help the child as well as the adult to navigate his way through the bible
