**Lost Tribes of Israel: A Journey of Adventure in History, Myth, and Memory** AJ Carmichael,2025-08-04 Why do the Lost Tribes Matter The Mystery That Simply Refuses to Die They went into captivity and vanished from the face of the earth but their memory haunts the corridors of time Throughout the annals of sacred scripture imperial conquest and cultural folklore few mysteries have endured with such fierce fascination as that of the Lost Tribes of Israel The idea that ten of the twelve tribes descendants of the patriarch Jacob were scattered absorbed or vanished into the great silence of history has ignited the imaginations of prophets and poets kings and conquistadors rabbis and revolutionaries Their story rooted in ancient scripture and echoing through the chants of distant nations is not merely a tale of disappearance It is a tale of survival transformation and longing For nearly 3 000 years from the dusty roads of Mesopotamia to the stone circles of Ireland voices have whispered that the Lost Tribes were not lost at all but simply hidden waiting to be revealed in some future reckoning **One More "lost Peace"?** Raffaele D'Agata, Lawrence Gray,2011 Were there any missed chances to build a more peaceful world than the present one after the Cold War Were there any attempts at working out a more comprehensive and more cooperative way to overcome it What was precisely at stake during the Cold

War What was really at stake for the losers and what stakes did the winners gain if there are any winners at all Those questions were raised during a seminar where some outstanding scholars were invited to discuss them plainly before an audience of young students in an ancient yet peripheral Italian university The result may be seen as a readable concentration of basic and meaningful insights that often defy a noticeable amount of conventional wisdom on the ground of careful and authoritative scholarly research

Mirza, PhD, 2016-04-14 Western powers are addicted to stealing and warmongering and their days at the top of civilization are numbered To prove this point Rocky M Mirza Ph D traces the rise of the Western powers from the Greek and Roman empires through the Portuguese Spanish British French German Italian and American empires He argues that the West has promoted private property over communal property which has created huge inequalities of wealth encouraged the production and consumption of goods instead of preserving our planet exploited Third World workers to satisfy obese citizens addicted to super size portions From the time Portugal found a sea route to India and Spain rediscovered the New World the West has sought to steal and kill At first Muslims in the Middle East and powerful countries in Asia thwarted Western ambitions but the Industrial Revolution of the eighteenth century changed the landscape Instead of building mutually beneficial relationships Western empires from the Portuguese to the American have sought to solely look out for their own interests Find out how the balance is shifting in *How the West was Won and Lost* **American Mojo: Lost and Found** Peter D. Kiernan, 2015-06-09 In *American Mojo Lost and Found* Peter D Kiernan award winning author of New York Times bestseller *Becoming China's Bitch* focuses on America's greatest challenge and opportunity restoring the middle class to its full promise and potential Our educated skilled and motivated middle class was the cornerstone of America's postwar economic might but the country's dynamic core has struggled and changed dramatically through the last three decades Kiernan's extensively researched story told through individual histories shows how the middle class flourished under unique circumstances following World War II and details how our middle class has been rocked and shaped by events abroad as much as at home By excluding too many Americans the middle class we reverently recall was fractured from the beginning What emerges through his storytelling is a picture of middle class decline and opportunity that is fuller more moving and profound and ultimately more useful in terms of charting a path forward than other examinations His unique global perspective is a vital ingredient in charting the way ahead This new frontier thesis shows that middle class greatness is again within our grasp if we take some powerful medicine and seize the global opportunity America possesses the skills and talent the world needs Americans must embrace what brought our middle class to prominence in the first place our American Mojo before it is too late and other countries steal the march All that is at stake is the soul of our nation **The Paradise Lost** John Milton, 1869 *The Lost of Utopia beyond Uncertainty*

Mohammed Ahmed Hassen (Zakaria), 2025-07-02 This book elucidates how the anticipated independence and the envisioned utopia have devolved into a nightmare. The avant gardists of the revolution embraced the philosophical ideology of the former colony which led to severe tyranny. This oppression not only engenders poverty and suffering through rampant corruption but also propels the populace into despair. Faced with limited opportunities in their nations, individuals escape their homes into uncertainty, jeopardising their lives without the option of return. Due to their resources, the Africans and Arabians have fallen victim to powers reflecting the current inter multipolar imperium, global war of dominion that could lead to WW III.
