

The background is a rich, painterly illustration. The upper portion shows a landscape with a waterfall cascading over rocks, a small white deer perched on a ledge to the right, and a blue bird in flight. Below this, a dark, cavernous space reveals the ruins of a city. Large, ornate columns and arches are visible, some with glowing lights. In the foreground, a large, classical-style temple with a pediment and columns sits on a raised platform. To the right of the temple is a circular stone structure, possibly a well or a small pond. The overall color palette is dominated by deep blues, purples, and greens, with highlights of gold and white from the lights and the waterfall.

The Atlantis Researches with an appendix of further evidences and extended notes and extensive bibliography The Land of Osiris Stephen S. Mehler,2002-03 Was there a advanced prehistoric civilization in ancient Egypt Who were the people who built the great pyramids and carved the Great Sphinx Did the pyramids serve as energy devices and not as tombs for kings Independent Egyptologist Stephen S Mehler has spent over 30 years researching the answers to these questions and believes the answers are Yes An indigenous oral tradition still exists in Egypt and Mehler has been able to uncover and study it with the help of a living master of this tradition Abd1El Hakim Awyan He has also been given permission to share these teachings presented heretofore in fragments by other researchers to the Western World teachings that unfold a whole new understanding of ancient Egypt Publisher s description *Sunken Cities* Frederick John North,1957 Storegga Tavern Victoria Exner,2012-09-27 The realm of Northland somewhere between the nine ancient worlds and still full of magic is difficult to reach but for those who really want to travel so far there might be a way After Ragnarok there was the rebirth of the next world of Midgard Earth In a great slide Storegga a piece of the first world Northland slid into the space between the nine ancient worlds Northland is a bridge to all nine worlds of Yggdrasil Circle and the Northlanders who possess many odd skills magic strange knowledge and hidden talents have casual contacts with the old world The ancient law of Northland is its essence There is also an old contract and oath of nonintervention in Midgard Not keeping this oath might destroy all there is However sometimes it is difficult to keep it The time changes and the circle of the nine ancient worlds will exist only in the dreams and longings Power and knowledge are always dangerous as the Mage of Storegga says when standing on the Storegga Cliff high above the vortex of Maelstrom and looking over the Grey Ocean of Northland What you want to know now you might not want to know tomorrow
