Lost Christianities Bart D. Ehrman, 2003-10-02 The early Christian Church was a chaos of contending beliefs Some groups of Christians claimed that there was not one God but two or twelve or thirty Some believed that the world had not been created by God but by a lesser ignorant deity Certain sects maintained that Jesus was human but not divine while others said he was divine but not human In *Lost Christianities* Bart D Ehrman offers a fascinating look at these early forms of Christianity and shows how they came to be suppressed reformed or forgotten All of these groups insisted that they upheld the teachings of Jesus and his apostles and they all possessed writings that bore out their claims books reputedly produced by Jesus s own followers Modern archaeological work has recovered a number of key texts and as Ehrman shows these spectacular discoveries reveal religious diversity that says much about the ways in which history gets written by the winners Ehrman s discussion ranges from considerations of various lost scriptures including forged gospels supposedly written by Simon Peter Jesus s closest disciple and Judas Thomas Jesus s alleged twin brother to the disparate beliefs of such groups as the Jewish Christian Ebionites the anti Jewish Marcionites and various Gnostic sects Ehrman examines in depth the battles that raged between proto orthodox Christians those who eventually compiled the canonical books of the New Testament and standardized Christian belief and the groups they denounced as heretics and ultimately overcame Scrupulously researched and lucidly written *Lost Christianities* is an eye opening account of politics power and the clash of ideas among Christians in the decades before one group came to see its views prevail

Lost Christianities: The Battles for Scripture and the Faiths We Never Knew and Lost Scriptures: Books That Did Not Make It Into the New Testament BART D. EHRMAN, Bowman and Gordon Gray Professor of Religious Studies
Bart D Ehrman, 2004-09-02 This unique set combines two of Bart Ehrman's most popular works on the early Christian church
Lost Scriptures and Lost Christianities and gives readers a vivid picture of the range of beliefs that battled each other in the first centuries of the Christian era *Lost Christianities* Bart Ehrman, *Lost Christianities* Bart D. Ehrman, 2003

Found Christianities M. David Litwa, 2022-02-24 M David Litwa tells the stories of the early Christians whose religious identity was either challenged or outright denied In the second century many different groups and sects claimed to be the only Orthodox or authentic version of Christianity and Litwa shows how those groups and figures on the side of developing Christian Orthodoxy often dismissed other versions of Christianity by refusing to call them Christian However the writings and treatises against these groups contain fascinating hints of what they believed and why they called themselves Christian Litwa outlines these different groups and the controversies that surrounded them presenting readers with an overview of the vast tapestry of beliefs that made up second century Christianity By moving beyond notions of gnostic heretical and orthodox Litwa allows these lost Christianities to speak for themselves He also questions the notion of some Christian identities surviving or perishing arguing that all second century Catholic groups look very different to any form of modern Roman Catholicism Litwa shows that countless discourses ideas and practices are continually recycled and adapted throughout time in the building of Christian identities and indeed that the influence of so called lost Christianities can still be felt today

Lost Christianities Bart D. Ehrman, 2023 Lost Scriptures Bart D. Ehrman, 2005-09-15 Lost Scriptures offers an anthology of up to date and readable translations of many non canonical writings from the centuries after Christ texts that have for the most part been neglected or lost for nearly two millennia Here is an array of remarkably varied writings from early Christian groups whose visions of Jesus differ dramatically from our contemporary understanding Ehrman has included a general introduction plus brief introductions to each piece Lost Scriptures gives readers a vivid picture of the range of beliefs that battled each other in the first centuries of the Christian era It is an essential resource for anyone interested in the Bible or the early Church **Lost Christianities** Jon Leven, Teaching Company, 2002 Twenty four lectures on the history and varieties of Christian doctrines in the early church *Nexus* Yuval Noah Harari, 2025-09-16 From the 1 New York Times bestselling author of *Sapiens* comes the groundbreaking story of how information networks have made and unmade our world For the last 100 000 years we *Sapiens* have accumulated enormous power But despite all our discoveries inventions and conquests we now find ourselves in an existential crisis The world is on the verge of ecological collapse Misinformation abounds And we are rushing headlong into the age of AI a new information network that threatens to annihilate us For all that we have accomplished why are we so self destructive *Nexus* looks through the long lens of human history to consider how the flow of information has shaped us and our world Taking us from the Stone Age through the canonization of the Bible

early modern witch hunts Stalinism Nazism and the resurgence of populism today Yuval Noah Harari asks us to consider the complex relationship between information and truth bureaucracy and mythology wisdom and power He explores how different societies and political systems throughout history have wielded information to achieve their goals for good and ill And he addresses the urgent choices we face as non human intelligence threatens our very existence Information is not the raw material of truth nor is it a mere weapon Nexus explores the hopeful middle ground between these extremes and in doing so rediscovers our shared humanity **The Quest for Early Church Historiography** Jeremiah Mutie,2022-09-09 The Quest for Early Church Historiography explores how early church historiography underwent a significant shift beginning with the thought of Ferdinand Christian Baur 1792 1860 a shift that eventually culminated in the current extreme historiographies of such scholars as Bart D Ehrman 1955 Through the tracing of this historiographical trajectory this work argues that rather than seeing these current historiographies as having suddenly appeared in the scholarly scene a better approach is to see them as the fruit of this long trajectory Of course as the work has sought to demonstrate this trajectory is itself full of turns and twists But the careful reader will hopefully be able to see the intrinsic connections that are demonstrably evident **The First Christian Communities, 32 - 380 CE** Joyce E. Salisbury,2023-11-24 This concise history of how the Christian Church grew between 32 and 380 focuses on the anonymous Christians who formed diverse congregations as they guided their communities through the age of the Apostles violent martyrdoms and to the establishment of the Roman Church Readers will understand why people converted to Christianity in the first three centuries and learn about the rich diversity of the early church as people interpreted the new religion in different ways This book explores how Christian interactions with the Roman empire led to violent persecutions and martyrdoms and eventually the fourth century establishment of the top down Roman Church Readers also become familiar with Christian texts during this period some became Scripture and some were rejected but all were written to make sense of the Jewish and Christian experience in the Roman Empire These written memories shaped the future of the church It also explores how early Christian lives were shaped by the religious rituals and preaching of their new and changing faith In addition maps illustrations and charts of Christian texts help tell this fascinating story **The First Christian Communities 32 380 CE** is an accessible and valuable resource suitable for students working on Christian history and Roman and Late Antique social political and religious history as well as general readers who are interested in the origins of Christianity *The Intolerance of Tolerance* D. A. Carson,2012-01-31 Carson traces the subtle but enormous shift in the way we have come to understand tolerance over recent years from defending the rights of those who hold different beliefs to affirming all beliefs as equally valid and correct He looks back at the history of this shift and discusses its implications for culture today especially its bearing on democracy discussions about good and evil and Christian truth claims from publisher description **Demythologizing Jesus of Nazareth: Was Jesus a Historical Or Mythical Person?** , *Marcion and Luke-Acts* Joseph B. Tyson,2006 An investigation

into the motives behind writing the canonical versions of Luke and Acts Building on recent scholarship that argues for a second century date for the book of Acts Marcion and Luke Acts explores the probable context for the authorship not only of Acts but also of the canonical Gospel of Luke Noted New Testament scholar Joseph B Tyson proposes that both Acts and the final version of the Gospel of Luke were published at the time when Marcion of Pontus was beginning to proclaim his version of the Christian gospel in the years 120 125 c e He suggests that although the author was subject to various influences a prominent motivation was the need to provide the church with writings that would serve in its fight against Marcionite Christianity Tyson positions the controversy with Marcion as a defining struggle over the very meaning of the Christian message and the author of Luke Acts as a major participant in that contest Suggesting that the primary emphases in Acts are best understood as responses to the Marcionite challenge Tyson looks particularly at the portrait of Paul as a devoted Pharisaic Jew He contends that this portrayal appears to have been formed by the author to counter the Marcionite understanding of Paul as rejecting both the Torah and the God of Israel Tyson also points to stories that involve Peter and the Jerusalem apostles in Acts as arguments against the Marcionite claim that Paul was the only true apostle Tyson concludes that the author of Acts made use of an earlier version of the Gospel of Luke and produced canonical Luke by adding among other things birth accounts and postresurrection narratives of Jesus

The Gnostics David Brakke, 2012-09-03 Who were the Gnostics And how did the Gnostic movement influence the development of Christianity in antiquity Is it true that the Church rejected Gnosticism This book offers an illuminating discussion of recent scholarly debates over the concept of Gnosticism and the nature of early Christian diversity Acknowledging that the category Gnosticism is flawed and must be reformed David Brakke argues for a more careful approach to gathering evidence for the ancient Christian movement known as the Gnostic school of thought He shows how Gnostic myth and ritual addressed basic human concerns about alienation and meaning offered a message of salvation in Jesus and provided a way for people to regain knowledge of God the ultimate source of their being Rather than depicting the Gnostics as heretics or as the losers in the fight to define Christianity Brakke argues that the Gnostics participated in an ongoing reinvention of Christianity in which other Christians not only rejected their ideas but also adapted and transformed them This book will challenge scholars to think in new ways but it also provides an accessible introduction to the Gnostics and their fellow early Christians

Text and Story Peter R. Rodgers, 2011-09-22 Did the Jesus of St Luke's Gospel come to heal the brokenhearted 4 18 Did Mark's Jesus call his disciples to prayer and fasting 9 29 and did he cry from the cross My God my God why have you persecuted me 15 34 Did St Paul write to the Romans that God works all things together for good for those who love him 8 28 Did the author of Hebrews declare that Jesus died apart from God 2 9 These statements are found in the manuscript tradition of the New Testament but are not included in our standard printed editions or translations Peter Rodgers argues that these and other textual variations should be reconsidered After reviewing ten important verses using the traditional areas of text critical inquiry manuscript evidence

internal criteria such as style and transcriptional probabilities Rodgers turns our attention to important but neglected narrative features indicated by quotations allusions and echoes of the Old Testament These references to the story told in the Scriptures of Israel shed new light on the passages considered offering fresh material and greater perspective for making judgments about the original text

Revival of the Gnostic Heresy J. Morris, 2008-11-24 In this rigorous and provocative study Joe E Morris argues that the basic tenets and practices of Fundamentalism are those of ancient Christian Gnosticism Drawing on extensive research and careful analysis Morris aligns the two religious phenomena point by point tenet by tenet Along the way he provides insights into the key hermeneutic of Fundamentalism inerrancy of Scripture highlighting the multiple problems with the positions of literal and inerrant interpretation their impracticality and unfeasibility and their contradiction with their own conservative doctrine namely the Incarnation of Jesus Christ This groundbreaking book dramatically recasts our understanding of the history of Christianity and gives important context to modern day religious debates

Popular Science, 2006-02 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better
