Sub-versions of the Archive Carlos Riobó, 2010-12-29 Sub Versions of the Archive Manuel Puig s and Severo Sarduy s Alternative Identities analyzes recent theories of the archive to examine how Manuel Puig and Severo Sarduy reformulate the Latin American literary tradition This study focuses on eclectic theories of the archive as both repository and danger drawing from an array of sources both within and outside the Hispanic literary tradition from Borges Foucault Arrom Derrida Gonz lez Echevarra and Guillory to digital media and biotechnology This book also applies theories of cultural contamination Maria Lugones and symbolic capital Pierre Bourdieu to the novels of Puig and Sarduy to explore the representation of marginal

cultures within a body of literature that previously altered or elided these subaltern cultures from the tradition Through close readings and critical theoretical applications this book demonstrates how archival fiction continues to be one of the most popular strategies among Latin American novelists and most importantly how they have successfully managed to find new ways to inscribe their alternative fictions within this tradition Puig's and Sarduy's novels reproduce discourses popular culture and the mass media that lack prestige within the traditional archive These discourses mirror realities of marginal groups gay people children the poor the illiterate women and racial minorities Their cultural variants sub versions of hegemonic masterstories are endowed with truth bearing power for them but were previously left out of the archive as legitimate novelistic models To date this is the only study of contemporary Latin American fiction that puts current theories of the archive especially that of Roberto Gonz lez Echevarra to practice in such a systematic way Riob's analysis of how Puig and Sarduy reformulate the Latin American canon is both a necessary complement of Gonz lez Echevarra's work and an intelligent answer to the first of his projected masterstories Riob's multidisciplinary approach

Ancient Maya Arthur Demarest, 2004-12-09 In this new archaeological study Arthur Demarest brings the lost pre Columbian civilization of the Maya to life In applying a holistic perspective to the most recent evidence from archaeology paleoecology and epigraphy this theoretical interpretation emphasises both the brilliant rain forest adaptations of the ancient Maya and the Native American spirituality that permeated all aspects of their daily life Demarest draws on his own discoveries and the findings of colleagues to reconstruct the complex lifeways and volatile political history of the Classic Maya states of the first to eighth centuries He provides a new explanation of the long standing mystery of the ninth century abandonment of most of the great rain forest cities Finally he draws lessons from the history of the Classic Maya cities for contemporary society and for the ongoing struggles and resurgence of the modern Maya peoples who are now re emerging from six centuries of oppression

Hollywood's Lost Backlot Steven Bingen, 2018-12-01 Hollywood is a transitory place Stars and studios rise and fall Genres and careers wax and wane Movies and movie moguls and movie makers and movie palaces are acclaimed and patronized and loved and beloved and then forgotten And yet And yet one place in Southern California built in the 1920s by allegedly murdered producer Thomas Ince acquired by Cecil B DeMille now occupied by Amazon.com has been the home for hundreds of the most iconic and legendary films and television shows in the world for a remarkable and star studded fifty years This bizarre magical place was the location for Tara in *Gone with the Wind* the home of King Kong and Superman of Tarzan and Batman of the Green Hornet of Elliot Ness of Barney Fife of Tarzan of Rebecca of Citizen Kane of Hogan's Heroes and Gomer Pyle of *Lassie* of *A Star is Born* and *Star Trek* and at least twice of Jesus Christ For decades every conceivable star in Hollywood from Clark Gable to Warren Beatty worked and loved and gave indelible performances on the site And yet today it is completely forgotten Pretty much anyone alive today from college professors to longshoremen have probably heard of Paramount and of

MGM of Warner Bros and of Universal and of Disney and Fox and Columbia but the place where many of these studio s beloved classics were minted is today as mysterious and unknowable as the sphinx Hollywood s Lost Backlot 40 Acres of Glamour and Mystery will for the first time ever unwind the colorful and convoluted threads that make for the tale of one of the most influential and photographed places in the world A place which most have visited at least on screen and which has contributed significantly and unexpectedly to the world s popular culture and yet which few people today paradoxically have ever heard of
