incorporates metafiction parody and formal experimentation Forging the Past offers a comprehensive account of this work and the complex interventions it makes into the past Moving beyond common notions of nostalgia Daniel Marrone explores the various ways in which Seth's comics induce readers to participate in forging histories and memories Marrone discusses collecting Canadian identity New Yorker cartoons authenticity artifice and ambiguity all within the context of comics unique structure and texture Seth's comics are suffused with longing for the past but on close examination this longing is revealed to be deeply ambivalent ironic and self aware Marrone undertakes the most thorough sustained investigation of Seth's work to date while advancing a broader argument about how comics operate as a literary medium Included as an appendix is a substantial interview conducted by the author in which Seth candidly discusses his work his peers and his influences

Phantom Frew 1756 , Jeff Lemire Dale Jacobs, 2022-04-19 In a 2019 interview with the webzine DC in the 80s Jeff Lemire b 1976 discusses the comics he read as a child growing up in Essex County Ontario his early exposure to reprints of Silver Age DC material how influential Crisis on Infinite Earths and DC's Who's Who were on him as a developing comics fan his first reading of Watchmen and The Dark Knight Returns and his transition to reading the first wave of Vertigo titles when he was sixteen In other interviews he describes discovering independent comics when he moved to Toronto days of browsing comics at the Beguiling and coming to understand what was possible in the medium of comics lessons he would take to heart as he began to establish himself as a cartoonist Many cartoonists deflect from questions about their history with comics and the influences of other artists while others indulge the interviewer briefly before attempting to steer the questions in another direction But Lemire creator of Essex County Trilogy Sweet Tooth The Nobody and Trillium seems to bask in these discussions Before he was ever a comics professional he was a fan What can be traced in these interviews is the story of the movement from comics fan to comics professional In the twenty nine interviews collected in Jeff Lemire Conversations readers see Lemire come to understand the process of collaboration the balancing act involved in working for different kinds of comics publishers like DC and Marvel the responsibilities involved in representing characters outside his own culture and the possibilities that exist in the comics medium We see him embrace a variety of genres using each of them to explore the issues and themes most important to him And we see a cartoonist and writer growing in confidence a working professional coming into his own
