Tomorrow Sex Will Be Good Again Katherine Angel, 2021-03-02 A provocative elegantly written analysis of female desire consent and sexuality in the age of MeToo Women are in a bind In the name of consent and empowerment they must proclaim their desires clearly and confidently Yet sex researchers suggest that women's desire is often slow to emerge And men are keen to insist that they know what women and their bodies want Meanwhile sexual violence abounds How can women in this environment possibly know what they want And why do we expect them to In this elegant searching book spanning science and popular culture pornography and literature debates on Me Too consent and feminism Katherine Angel challenges our assumptions about women's desire Why she asks should they be expected to know their desires And how do we take sexual violence seriously when not knowing what we want is key to both eroticism and personhood In today's crucial moment of renewed attention to violence and power Angel urges that we remake our thinking about sex pleasure and autonomy without any illusions about perfect self knowledge Only then will we fulfil Michel Foucault's teasing promise in 1976 that tomorrow sex will be good again

The Meaning of Wife Anne Kingston, 2006-03-21 One part *The Beauty Myth* and one part *Backlash*, a provocative exploration of who and what a wife really is. There is a wife crisis in North America, a brewing storm of conflicting forces swirling around what it means to be a wife at the beginning of the 21st Century. The word is so fraught with ambiguity that it has become a litmus test eliciting from women emotions ranging from longing to antipathy, anxiety to derision. This crisis is at the heart of Anne Kingston's *The Meaning of Wife*. Delving into the complex, troubling, and sometimes humorous contradictions, illusions, and realities of contemporary wifehood, Kingston takes the reader on a fascinating journey into the wedding industrial complex which elevates the bride to a potent consumer icon through the recent romanticization of domesticity and across the conflicted terrain of wifely sexuality. She looks at wife backlash and the new wave of neo-traditionalism that urges women to marry before their best before dates expire, explores the apotheosis of abused wives and the strange celebration of wives who kill, and muses on the fact that Oprah Winfrey and Martha Stewart, two of the world's wealthiest and most influential women, are both non-wives whose success has hinged on their understanding of wives. The result is an entertaining mix of social, sexual, historical, and economic commentary that is bound to stir debate even as it reframes our view of both women and marriage.

The Energies of Love Donna Eden, David Feinstein, 2016-01-19 The bestselling authors of *Energy Medicine* and *Energy Medicine for Women* present a complete program for using energy medicine to heal and strengthen romantic relationships. A relationship begins with the meeting of two unique energies. This union of energies, though invisible, determines the way you communicate, fight, love, and want to be loved. In this groundbreaking book, the bestselling authors of *Energy Medicine* draw on the real-life experiences of couples who have attended their popular *Energies of Love* workshops as well as their own experience as husband and wife to show how an understanding of your energy system and that of your partner can help you build a more harmonious and loving bond. We all have different ways of making sense of the world around us, but when faced with conflict, especially with those we care most about, we tend to revert to one of four Energetic Stress Styles. Visuals are extremely passionate and inspire others to care about the things they care about, but in moments of conflict, their take on the situation can overshadow what is actually occurring, undermining their ability to empathize with their partner. Kinesthetics are generous, compassionate, and accepting.

of other people but their caring nature pulls them in too many directions They try to meet others needs at the expense of their own which can cause mounting resentment Digitals are rational and principled and have a gift for quickly understanding complex situations but they can become closed to others perspectives and feelings Tonals have a gift for understanding others and their dilemmas but during moments of conflict their ability to read between the lines can morph into hearing what was never said felt or thought According to the authors the strongest relationships are those in which the two parties feel that they are partners on a shared spiritual journey By helping you better understand your own unique energy system as well as that of your partner you will be able to recognize your strengths as a couple and avoid the pitfalls The Energies of Love serves as a powerful resource for anyone who wishes to build a rich partnership while maintaining the spark that keeps a relationship exciting
