## **Musical Delights:**

Musical Stimulacra Ivan Delazari, 2020-12-29 The title coinage of this book *stimulacra* refers to the fundamental capacity of literary narrative to stimulate our minds and senses by simulating things through words Musical *stimulacra* are passages of fiction that readers are empowered to transpose into mental simulations of music The book theorizes how fiction can generate musical experience explains what constitutes that experience and explores the musical dimensions of three American novels William T Vollmann's *Europe Central* 2005 William H Gass's *Middle C* 2013 and Richard Powers's *Orfeo* 2014 Musical *Stimulacra* approaches fiction's music from a readerly perspective Instead of looking at how novels forever fail to compensate for music's physical structural and affective properties the book concentrates on what literary narrative can do musically Negotiating common grounds for cognitive audionarratology and intermediality studies Musical *Stimulacra* builds its case on the assumption that among other things fiction urges us to listen to musical words and worlds **Antoine Busnoys** Paula Marie Higgins, 1999 This volume brings together twenty original essays by distinguished scholars of late medieval music on the life works and cultural context of the composer Antoine Busnoys c 1430-1492 musician to Charles the Bold Duke of Burgundy and one of the most celebrated composers of the fifteenth century The essays present the results of much new research on music ceremony and ritual in the late Middle Ages intertextual contextual and hermeneutic approaches to the music of Busnoys and his contemporaries methods for assessing issues of authorship and anonymity readings of theorists on compositional procedures and the performance of fifteenth century music and assessments of Busnoys's legacy to the musical culture of the late Middle Ages Particularly noteworthy are the studies providing new light on the origins of *L'homme armé* mass tradition unpublished documents on Busnoys's activity in churches in Poitiers and Brussels previously unidentified liturgical sources for his plainchant *cantus firmi* and studies and complete editions of several anonymous works newly attributed to Busnoys These widely ranging essays offer a wealth of novel approaches to the study of musical culture in the late Middle Ages that is of interest not only to medievalists but to students of all fields of music historical inquiry "The" Quarterly Musical Magazine and Review, 1827 **Academy, with which are Incorporated Literature and the English Review**, 1912 **Academy; a Weekly Review of Literature, Learning, Science and Art**, 1912 The Poetical gazette the official organ of the Poetry society and a review of poetical affairs nos 4-7 issued as supplements to the *Academy* v 79 Oct 15 Nov 5 Dec 3 and 31 1910 **The Academy and Literature**, 1912 Balinese Discourses on Music and Modernization Brita Heimarck Renee, 2013-08-21 While many Western scholars have discussed the technical aspects of Balinese music or the traditional contexts for performance little has been written in Western languages about Balinese discourses on their music This dissertation seeks to understand the experience of music in Bali according to Balinese voices through an analysis of oral and written dialogues on music mainly by musicians and *dalangs* shadow play puppeteers from the village of Sukawati scholars teachers administrators and students from the Indonesian College of the

Arts STSI in the City of Denpasar The study examines the influence of modernization on the traditional arts and their role in society A concentration on Balinese discourses enables individual performers and scholars to represent themselves to a greater extent than previously seen in ethnomusicological scholarship making this study more of a critical discussion among equals than a Western interpretation of others This approach permits a rare view into contemporary Balinese conceptions and practices of music The Three Apostles of Russian Music Gregor Tassie,2021-11-11 The Three Apostles of Russian Music looks at three figures in the Soviet avant garde who led modernist music in the 1920s Mosolov Popov and Roslavets were popular composers who are now unfortunately forgotten These remarkable musicians produced compositions like the sensational machine music Foundry by Mosolov The first symphony by Popov attracted musicians in Europe and America but was banned after the premiere while Roslavets discovered serialism before Schoenberg opening up a new trend in modernism This book is the first study in English of the work lives and legacies of these apostles of the Russian avant garde

School Music ,1925 Music Trades ,1921 **Music in Ancient Judaism and Early Christianity** John Arthur Smith,2016-04-29 In Music in Ancient Judaism and Early Christianity John Arthur Smith presents the first full length study of music among the ancient Israelites the ancient Jews and the early Christians in the Mediterranean lands during the period from 1000 BCE to 400 CE He considers the physical religious and social setting of the music and how the music was performed The extent to which early Christian music may have retained elements of the musical tradition of Judaism is also considered After reviewing the subject s historical setting and describing the main sources the author discusses music at the Jerusalem Temple and in a variety of spheres of Jewish life away from it His subsequent discussion of early Christian music covers music in private devotion monasticism the Eucharist and gnostic literature He concludes with an examination of the question of the relationship between Jewish and early Christian music and a consideration of the musical environments that are likely to have influenced the formation of the earliest Christian chant The scant remains of notated music from the period are discussed and placed in their respective contexts The numerous sources that are the foundation of the book are evaluated objectively and critically in the light of modern scholarship Due attention is given to where their limitations lie and to what they cannot tell us as well as to what they can The book serves as a reliable introduction as well as being an invaluable guide through one of the most complex periods of music history *Preaching and Music* Catherine E. Williams,2025-03-31 In the current conversation around what makes preaching compelling Williams voice is distinct compelling sermons allow music to do its share of the preaching as only music can Whether through musically book ending the sermon drawing on popular music for illustrations or turning a hymn into a series of mini sermons this volume explores several accessible ways to enrich sermon preparation and delivery by partnering sermon and song Williams is a worthy guide with degrees in both church music and homiletics and with sensitivity drawn from her pastoral background With insightful clarity and practiced wisdom she engages both preachers and musicians in each chapter This book is a rich resource for the homiletician s syllabus the

Richard Aldrich, 1904      Music, 1896      Music William Smythe Babcock Mathews, 1894      *Music and Musicians on the London Stage, 1695-1705* Kathryn Lowerre, 2017-07-05 From 1695 to 1705 rival London theater companies based at Drury Lane and Lincoln's Inn Fields each mounted more than a hundred new productions while reviving stock plays by authors such as Shakespeare and Dryden All included music Kathryn Lowerre charts the interactions of the two companies from a musical perspective emphasizing each company's new productions and their respective musical assets including performers composers and musical materials Lowerre also provides rich analysis of the relationship of music to genres including comedy dramatique opera and musical tragedy and explores the migration of music from theater to theater performer to performer and from stage to street and back again As Lowerre persuasively demonstrates during this period all theater was musical theater      *Dwight's journal of music* John S Dwight, 2022-07-30 Reprint of the original first published in 1871      *Dwight's Journal of Music*, 1870      **While the Music Played** Nathaniel Lande, 2020-05-12 We were the dreamers of dreams the singers of songs We were the music makers We would not hear nor play nor love without each other This is a prelude to our experience an overture to who we were and how we arrived on the shores of friendship Beginning in 1939 prewar Prague While the Music Played focuses on the story of young Max Mueller a curious bright romantic a budding musician piano tuner and nascent journalist Max is on the cusp of adolescence when the Nazi influence invades Prague's tolerant spirit with alarming speed as he struggles to understand the changing world around him When his father noted German conductor Viktor Mueller is conscripted into the German army and finds himself increasingly promoting the Nazi message Viktor's best friend noted Czech composer Hans Krása protests the occupation in every way he can As everyone Max loves is compromised by intolerable conditions he becomes increasingly isolated and is forced to find his own way With each step Max's journey grows more conflicted Music is the one constant connecting him to both the lost childhood he cherishes and the man he still hopes to become But will it be enough to sustain him against the relentless Nazi threat With a seamless blend of historical and fictional characters told from multiple points of view and sweeping across the capitals of Prague London and Berlin as World War II ravages Europe this meticulously researched book is unique with its diverse and interweaving narratives threaded with news accounts and encompassing some of the most triumphant and devastating moments of the war from the opera houses of Berlin to the music halls of London and the making of the famous children's opera *Brundibár* While the Music Played is a lyrical absorbing and heartbreaking story of love and courage from the widely revered and bestselling author Nathaniel Lande      *Music and Modernism, c. 1849-1950* Charlotte de Mille, 2011-01-18 Music and Modernism is a collection of essays which re-evaluates the significant connections between the disciplines of music fine art and architecture in the period covering the emergence and flowering of modernism c 1849 1950 Combining established scholars in the field with those at the start of their careers this book presents an exceptional cross section of European and American modernism

through a series of detailed case studies Avoiding a simplistic engagement with cross or inter disciplinarity the focus of attention centres on themes that became key to modernist artists and critics association perception representation subjectivity writing and language Accordingly this book re thinks modernism itself in the light of both the fine arts and music to advocate a multiplicity of modernisms from which it is necessary for scholars to construct their own narratives
