Musical Notes By Honore Daumier Prints From The Collection Of Egon And Belle Gartenberg

JL Elias

Musical Notes By Honore Daumier Prints From The Collection Of Egon And Belle Gartenberg:

Musical Notes by Honoré Daumier Joyce Henri Robinson, Honoré Daumier, Palmer Museum of Art (Pennsylvania State University), 1998-01-01 A painter sculptor and printmaker Honor Daumier 1808 1879 was one of the most prolific and important artists of nineteenth century France He played a leading role in shaping the new realism brought to the portrayal of everyday life but he is now best known for the thousands of caricatures he published in magazines and newspapers such as *Le Charivari* a daily with satirical articles and a wide circulation *Musical Notes* by Honor Daumier which accompanied an exhibition of prints from the Collection of Egon and Belle Gartenberg focuses on Daumier s vivid records of the musical life of Paris Although not himself a musician Daumier had a keen interest in the amateur practice of the art as well as in grand opera and the celebrated performers and composers of his day Hector Berlioz Franz Liszt Gioacchino Rossini and Niccol Paganini are among the greats lampooned in the lithographs in *Musical Notes* by Honor Daumier Other prints offer satirical glimpses into the music making of everyday Parisians from squawking clarinets to flirtatious piano teachers and straining tenors In these lithographs as in most of the prints Daumier produced during his long career he discloses the foibles and follies of a society facing rapid changes in its cultural norms

Acts of Possession Leah Dilworth, 2003 The success of internet auction sites like eBay and the cult status of public television s *Antiques Roadshow* attest to the continued popularity of collecting in American culture *Acts of Possession* investigates the ways cultural meanings of collections have evolved and yet remained surprisingly unchanged throughout American history Drawing upon the body of theoretical work on collecting and focusing on individual as opposed to museum collections the contributors investigate how what and why Americans have collected and explore the inherent meanings behind systems of organization and display Essays consider the meanings of Thomas Jefferson s Indian Hall at Monticello the pedagogical theories behind nineteenth century children s curiosity cabinets collections of Native American artifacts and the ability of the owners of doll houses to construct meaning within the context of traditional ideals of domesticity The authors also consider some darker aspects of collecting hoarding fetishism and compulsive behavior scrutinizing collections of racist memorabilia and fascist propaganda The final essay posits the serial killer as a collector an investigation into the dangerous objectification of humans themselves By bringing fresh interdisciplinary critical perspectives to bear on these questions Dilworth and her coauthors weave a fascinating cultural history of collecting in America
