up their computer" *—*

# Penguin Guide To Jazz On Cd

**Richard Cook, Brian Morton**

## **Penguin Guide To Jazz On Cd:**

**The Penguin Guide to Jazz on CD** Richard Cook, Brian Morton, 2002 In this expanded edition of the world's leading guide to recorded jazz Richard Cook and Brian Morton have reassessed each artist's entry and updated the text to incorporate thousands of additional CD releases This endlessly browsable companion has won a devoted audience among aficionados and jazz novices alike

**The Penguin Guide to Jazz Recordings** Richard Cook, Brian Morton, 2006 14 000 CDs reviewed 2 000 New discs in this edition More than 500 new artist listings The Penguin Guide to Jazz Recordings is now firmly established as the world's leading guide to recorded jazz For this eighth edition Richard Cook and Brian Morton have once again reassessed and updated each entry Whether you're looking for the best new CDs or finding out which are the essential jazz albums for downloading this book is the perfect companion It is a mine of information and a source of insightful witty trenchant criticism that is required reading for jazz aficionados and novices alike *The Penguin Guide to Jazz on CD*, 2000

**The Penguin Guide to Jazz on CD, LP, and Cassette** Richard Cook, Brian Morton, 1992 Now fully updated the critically acclaimed guide to the world of jazz on CD Where can you find a complete set of Ella Fitzgerald's many songbook recordings Who are the influences of Wynton Marsalis Harry Connick Jr and Joshua Redman What are the earliest available recordings of trumpeter Chet Baker Leading critics Richard Cook and Brian Morton answer these and myriad other questions in *The Penguin Guide to Jazz on CD* the most comprehensive critical guide to jazz recordings available

**The Penguin Guide to Jazz on CD**, 2000

**The Penguin Guide to Jazz on Compact Disc** Richard Cook, Brian Morton, 1996 The Penguin Guide to Jazz on CD is one of the most comprehensive critical guides to jazz recordings available For this revised and updated edition some 2 000 listings have been added Each entry is rated by leading critics Richard Cook and Brian Morton and includes musical and biographical details full line ups and information on recording quality

**Penguin Guide to Jazz on CD LP and Cassette** Janet Cook, Richard Cook, Brian Morton, 1994

**The Penguin Guide to Jazz on CD, LP and Cassette** Richard Cook, Brian Morton, 2000

[The Penguin Jazz Guide](#) Brian Morton, Richard Cook, 2010-11-04 The Penguin Guide to Jazz Recordings is firmly established as the world's leading guide to recorded jazz a mine of fascinating information and a source of insightful often wittily trenchant criticism This is something rather different Brian Morton who taught American history at UEA has picked out the 1000 best recordings that all jazz fans should have and shows how they tell the history of the music and with it the history of the twentieth century He has completely revised his and Richard Cook's entries and reassessed each artist's entry for this book The result is an endlessly browsable companion that will prove required reading for aficionados and jazz novices alike It's the kind of book that you'll yank off the shelf to look up a quick fact and still be reading two hours later Fortune Part jazz history part jazz Karma Sutra with Cook and Morton as the knowledgeable urbane wise and witty guides This is one of the great books of recorded jazz the other guides don't come close Irish Times

*The Penguin Guide to Jazz Recordings* Richard Cook, Brian Morton, 2008 14 000 CDS REVIEWED 2 000

NEW DISCS IN THIS EDITION MORE THAN NEW ARTIST LISTINGS The Penguin Guide to Jazz Recordings is now firmly established as the world's leading guide to recorded jazz a mine of fascinating information and a source of insightful often wittily trenchant criticism For this completely revised ninth edition Richard Cook and Brian Morton have reassessed each artist's entry and updated the text to incorporate thousands of additional CDs The result is an endlessly browsable companion that will prove required reading for aficionados and jazz novices alike Artist biographies Full line ups given Authoritative critical ratings throughout Includes the authors personal selection of the essential recordings for every collection Full index of artists

The ^ABiographical Encyclopedia of Jazz the late Leonard Feather, Ira Gitler, 2007-04-01 Do you want to know when Duke Ellington was king of The Cotton Club Have you ever wondered how old Miles Davis was when he got his first trumpet From birth dates to gig dates and from recordings to television specials Leonard Feather and Ira Gitler have left no stone unturned in their quest for accurate detailed information on the careers of 3 300 jazz musicians from around the world We learn that Duke Ellington worked his magic at The Cotton Club from 1927 to 1931 and that on Miles Davis's thirteenth birthday his father gave him his first trumpet Jazz is fast moving and this edition clearly and concisely maps out an often dizzying web of professional associations We find for instance that when Miles Davis was a St Louis teenager he encountered Charlie Parker and Dizzy Gillespie for the first time This meeting proved fateful and by 1945 a nineteen year old Davis had left Juilliard to play with Parker on 52nd Street Knowledge of these professional alliances along with the countless others chronicled in this book are central to tracing the development of significant jazz movements such as the cool jazz that became one of Miles Davis's hallmarks Arranged alphabetically according to last name each entry of this book chronologically lists the highlights of every jazz musician's career Highly accessible and vigorously researched The Biographical Encyclopedia of Jazz is quite simply the most comprehensive jazz encyclopedia available

**Gathering of the Tribe: Ritual** Mark Goodall, 2023-07-29 The writer musician and curator Tot Taylor observed that the word ritual is already present in the word spiritual This combination of material practice and the transcendent can be found within the strange combination of records discussed in this volume With music one can transpose imagination visions and dreams into sacred rites Heavy conscious creation the theme of this series embodies the realisation of occult and esoteric ideas through artistic expression in this case sonic arts Elements of ritual immerse the listener in the experience of a magical rite it may aid the listener in spiritual enlightenment in some way but might also simply provide entertainment and an engaging listening experience Ritual is a form of living action and while LP records are encountered as objects mostly on the aural plane an innovative and surprising use of sound can conjure up all manner of images places and emotions About the series GATHERING OF THE TRIBE is an on going series about the mysterious power of sound and tone with each book devoted to reviewing records that reveal divine and cosmic laws voyages to other worlds or use sound as a tool for transformation While highly selective the series offers a practical guide to the ultimate occult record collection Rare album sleeves complement

each review      *Miles Davis' Bitches Brew* George Grella,2015-10-22 It was 1969 and Miles Davis prince of cool was on the edge of being left behind by a dynamic generation of young musicians an important handful of whom had been in his band Rock music was flying off in every direction just as America itself seemed about to split at its seams Following the circumscribed grooves and ambiance of *In A Silent Way* coming off a tour with a burning new quintet called The Lost Band with Wayne Shorter Chick Corea Dave Holland and Jack DeJohnette he went into the studio with musicians like frighteningly talented guitarist John McLaughlin and soulful Austrian keyboardist Joe Zawinul Working with his essential producer Teo Macero Miles set a cauldron of ideas loose while the tapes rolled At the end there was the newly minted Prince of Darkness a completely new way forward for jazz and rock and the endless brilliance and depth of *Bitches Brew* *Bitches Brew* is still one of the most astonishing albums ever made in either jazz or rock Seeming to fuse the two it actually does something entirely more revolutionary and open ended blending the most avant garde aspects of Western music with deep grooves the album rejects both jazz and rock for an entirely different idea of how music can be made      **Sonny Rollins** Richard Palmer,2004-01-01 One of the world s great tenor saxophonists Sonny Rollins has always been committed to the fundamental truths of jazz especially swing He has managed to be consistently experimental and forward looking and he has recorded at least a dozen essential albums Here Richard Palmer charts Rollins s career in full      **The Making of Kind of Blue** Eric Nisenson,2013-09-10 A masterpiece in its own right this work comprehensively covers Miles Davis s 1959 landmark album *Kind of Blue* valuable and discerning Publishers Weekly From the moment it was recorded more than forty years ago Miles Davis s *Kind of Blue* was hailed as a jazz classic To this day it remains the bestselling jazz album of all time embraced by fans of all musical genres The album represented a true watershed moment in jazz history and helped to usher in the first great jazz revolution since bebop *The Making of Kind of Blue* is an exhaustively researched examination of how this masterpiece was born Recorded with pianist Bill Evans tenor saxophonist John Coltrane composer theorist George Russell and Miles himself the album represented a fortuitous conflation of some of the real giants of the jazz world at a time when they were at the top of their musical game The end result was a recording that would forever change the face of American music Through extensive interviews and access to rare recordings Nisenson pieced together the whole story of this miraculous session laying bare the genius of Miles Davis other musicians and the heart of jazz itself Astute and entertaining Booklist Worth reading just for the stories of how one of the greatest albums of all time came into being but it offers so much more a low key but superb education in the way jazz is made and how it comes to mean the things it does Dave Marsh Playboy pop critic and editor of *Rock and Rap Confidential*      *Music of the 1980s* Thomas Harrison,2011-06-16 Beyond coverage of mainstream 80s music such as hair band hard rock pop new wave and rap this compilation of essential musical artists also covers genres like classical jazz outlaw country and music theater Popular music in the United States during the 1980s is well known for imports from abroad such as A ha Def Leppard Falco and Men at Work as well as homegrown American rock acts such as

Guns N Roses Huey Lewis and the News Bon Jovi and Poison But there were many other types of genres of music that never received airplay on the radio or MTV that also experienced significant evolutions or growth in that decade Music of the 1980s examines the key artists in specific genres of popular music pop hard rock heavy metal rock and country No other reference book for students has previously explored the surprisingly diverse categories of hard rock and heavy metal music with such detail and depth Additionally a chapter focuses on the prominent artists and composers of less mainstream genres for specialized audiences including music theater jazz and classical music *Sourcebook for Research in Music, Third Edition* Allen Scott, 2015-06-01 Since it was first published in 1993 the Sourcebook for Research in Music has become an invaluable resource in musical scholarship The balance between depth of content and brevity of format makes it ideal for use as a textbook for students a reference work for faculty and professional musicians and as an aid for librarians The introductory chapter includes a comprehensive list of bibliographical terms with definitions bibliographic terms in German French and Italian and the plan of the Library of Congress and the Dewey Decimal music classification systems Integrating helpful commentary to instruct the reader on the scope and usefulness of specific items this updated and expanded edition accounts for the rapid growth in new editions of standard works in fields such as ethnomusicology performance practice women in music popular music education business and music technology These enhancements to its already extensive bibliographies ensures that the Sourcebook will continue to be an indispensable reference for years to come *Resounding International Relations* M.I. Franklin, 2016-09-23 This book explores a provocative area of inquiry for critical theory and research into world politics and popular culture music Not just because political science barely engages with anything musical but also because it is clear that many opportunities for critical scholarship and reflection on global politics and economics are present in the spaces and relationships created by organized sound It is easy to focus on the textual elements of music but there is more at stake than just the words Critical reflection on the intersections between music and politics also need to take into account the visceral and non verbal elements such as counterpoint and harmony polyphony and dissonance noise rhymes rhythms performance and the visual aural dimensions to music making **The Mojo Collection** Jim Irvin, 2009-06-04 Organised chronologically and spanning seven decades The MOJO Collection presents an authoritative and engaging guide to the history of the pop album via hundreds of long playing masterpieces from the much loved to the little known From The Beatles to The Verve from Duke Ellington to King Tubby and from Peggy Lee to Sly Stone hundreds of albums are covered in detail with chart histories full track and personnel listings and further listening suggestions There s also exhaustive coverage of the soundtrack and hit collections that every home should have Like all collections there are records you listen to constantly albums you ve forgotten albums you hardly play albums you love guiltily and albums you thought you were alone in treasuring proving The MOJO Collection to be an essential purchase for those who love and live music *The Biographical Dictionary of Popular Music* Dylan Jones, 2012-10-30 The Biographical Dictionary of Popular Music is an

incredible and opinionated collection of celebrated cultural critic Dylan Jones's thoughts on more than 350 of the most important artists around the world alive and dead big and small at length and in brief This A to Z reference is the true musical heir to David Thomson's seminal *The New Biographical Dictionary of Popular Film* Jones writes entertainingly about bands that have inspired bedeviled and fascinated him over the years
