People Wanting Children Concerning The War To Establish Domestic Tranquility And Other Lost Causes:

People Wanting Children Gerald Kaminski,1998 **Have We Lost Our Common Sense?** Bob Terrell,2010-09-30 We as a people of a proud and historic nation watched our economy become badly fractured from 2001 through 2009 The lust for big power and wealth has caused some leaders in government business and religion to demonstrate greater ambition in achieving their own personal success than the success and prosperity of the very people they are responsible for leading and protecting Our political system has lost the ability and desire to have bi partisan teamwork in making the quality of life better for everyone as well as future generations My goal is for us to seek and find solutions to problems not just whine and gripe among ourselves for self gain I am a small town boy from Kentucky who was fortunate enough to attend college on a basketball scholarship and my college education might not have even been possible without athletics Three years as a young Marine Corps Officer gave me an opportunity to see life from another vantage point Forty years as an Executive in the Automotive Industry an opportunity to live in eleven different states and one territory and raising family of five gave me additional perspectives on life This book has been born from the memories and actual experiences I have enjoyed from relationships and friendships with many interesting personalities from Baseball Great Roberto Clemente to former Governor George Nigh of Oklahoma along with many top executives in industry I have seen the Good the Bad and even the Ugly of life Fortunately I have seen so many good and kind people that the bad and the ugly have been overcome I hope you enjoy reading Have We Lost Our Common Sense as much as I have enjoyed writing it **American Book Publishing Record**,1998 **Congressional Record** United States. Congress,2000 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 The Lost Cause and the Great War Robert E. Hunt,2025 The Lost Cause and the Great War examines the evolving political vision of several middle Tennessee Progressive reformers who had to react to the tumultuous changes caused by America s involvement in World War I the New Era and the Jazz Age the Great Depression and the nation s rise to global military power The book s main character Luke Lea was a prominent statewide politician who gained fame when as an officer in the American army in 1918 he tried to capture Kaiser Wilhelm II and make him a prisoner of the armistice process Lea and the other participants in this account matter because they were trying to balance three distinct narratives and loyalties First they were Progressive reformers Prohibitionists originally devoted to creating a nation of productive and public spirited workers professionals and businessmen They embraced a narrative of national progress as they defined the idea Then when events forced the Wilson administration to intervene in the First World War these Tennesseans had to weave their vision of reform into a war effort that demanded sacrificial patriotism Finally they had to balance this new all Americanism with an

elaborate narrative of the Lost Cause that they had been cultivating for years Lea and the other characters were thus forced to integrate three distinct narratives of reform nationalism and sectional defiance The book argues that Lea and others harmonized these narratives effectively until the emerging Civil Rights movement began to destabilize the national commitment to racial segregation in the late 1940s As the book details this harmonizing required considerable work Lea and other actors had to confront a series of challenges over three decades The book examines these confrontations in detailed discussions of Tennessee s 1928 presidential campaign the state American Legion s response to the federal government s slashing of veteran s benefits in 1933 and the effort of some Americans to redefine the country s place in the world around the United Nations resolution on Human Rights This study cautions historians of the twentieth century South to take a nuanced approach to the region s unquestioned devotion to the Lost Cause Lea and the other characters examined here had no difficulty weaving nationalism and sectionalism into a common narrative More important these middle Tennesseans were like many Americans before 1945 in that they measured national power in terms of internal political coherence and economic equity The willingness to inflict mass destruction and engineer regime change belonged to a later age
