A hot tempered earl in the wrong place and wrong time. An escape that sends sparks flying and turns into an attraction that neither can deny. A lady desperate to escape. Miss Evalyn Swanson is desperate to escape her stepfather and his nefarious plan to hawk her off to his vicious business partner. With time running out, she spies salvation at a house party in Lincolnshire. Salvation in the form of one hulking brooding Scotsman that is conveniently traveling north. North where she can disappear for good. A hot tempered earl in the wrong place and wrong time. With his sister just married to his bitter enemy Lachlan Ruddington, Earl of Dunhaven, is in no mood to entertain the whimsical notions of a chit straight from the ballroom. Even if she's an enchanting sprite, he has no time for anything other than quick dallies with the opposite sex. He has an estate to run. A senile grandfather to battle. And a few more enemies he needs to mete out justice to. An escape, not quite according to plan. Try as he might, Lachlan discovers the draw of Evalyn undeniable, though he'll refuse it for as long as he can. Propriety demands it. His heart that he never thought to lose to an English lass demands it. The danger that lurks around her demands it. But if they can survive, they may just discover the truest love could be the love neither one of them ever anticipated. Join the adventure today. Do we listen to each other? Do we ask the right questions? Do we speak about each other with respect or disdain? The stories that we convey on screens or what author Carl Plantinga calls screen stories are one powerful and pervasive means by which we communicate with each other. *Screen Stories: Emotion and the Ethics of Engagement* argues that film and media studies needs to move toward an approach to ethics that is more appropriate for mass consumer culture and the lives of its citizens. Primarily concerned with the relationship between media and viewers, this book considers ethical criticism and the emotional power of screen stories that makes such criticism necessary. The content we consume from television shows and movies to advertisements can significantly affect our welfare on a personal and societal level and thus this content is subject to praise and celebration or questioning and even condemnation. The types of screen stories that circulate contribute to the cultural ecology of a time and place through shared attention; they influence what individuals think and feel. Plantinga develops a theory of the power of screen stories to affect both individuals and cultures, asserting that we can better respond ethically to

such media if we understand the sources of its influence on us **The Last Boleyn** Karen Harper, 2006-02-28 She survived her own innocence and the treachery of Europe's royal courts The Last Boleyn is the story of the rise and fall of the Boleyns one of England's most powerful families through the eyes of the eldest daughter Mary Although her sister Anne the queen her brother George executed alongside Anne and her father Thomas are most remembered by history Mary was the Boleyn who set into motion the chain of events that brought about the family's meteoric rise to power as well as the one who managed to escape their equally remarkable fall Sent away to France at an extraordinarily young age Mary is quickly plunged into the dangerous world of court politics where everything is beautiful but deceptive and everyone she meets is watching and quietly manipulating the events and people around them As she grows into a woman Mary must navigate both the dangerous waters ruled by two kings and the powerful will of her own family in order to find a place for herself and the love she so deeply desires **The Power Broker** Robert A. Caro, 2024-09-16 PULITZER PRIZE WINNER A modern

American classic this huge and galvanizing biography of Robert Moses reveals not only the saga of one man's incredible accumulation of power but the story of his shaping and misshaping of twentieth century New York One of the Modern Library's hundred greatest books of the twentieth century Robert Caro's monumental book makes public what few outsiders knew that Robert Moses was the single most powerful man of his time in the City and in the State of New York And in telling the Moses story Caro both opens up to an unprecedented degree the way in which politics really happens the way things really get done in America's City Halls and Statehouses and brings to light a bonanza of vital information about such national figures as Alfred E Smith and Franklin D Roosevelt and the genesis of their blood feud about Fiorello La Guardia John V Lindsay and Nelson Rockefeller But The Power Broker is first and foremost a brilliant multidimensional portrait of a man an extraordinary man who denied power within the normal framework of the democratic process stepped outside that framework to grasp power sufficient to shape a great city and to hold sway over the very texture of millions of lives We see how Moses began the handsome intellectual young heir to the world of Our Crowd an idealist How rebuffed by the entrenched political establishment he fought for the power to accomplish his ideals How he first created a miraculous flowering of parks and parkways playlands and beaches and then ultimately brought down on the city the smog choked aridity of our urban landscape the endless miles of never sufficient highway the hopeless sprawl of Long Island the massive failures of public housing and countless other barriers to humane living How inevitably the accumulation of power became an end in itself Moses built an empire and lived like an emperor He was held in fear his dossiers could disgorge the dark secret of anyone who opposed him He was he claimed above politics above deals and through decade after decade the newspapers and the public believed Meanwhile he was developing his public authorities into a fourth branch of government known as Triborough a government whose records were closed to the public whose policies and plans were decided not by voters or elected officials but solely by Moses an immense economic force directing pressure on labor unions on banks on all the city's

political and economic institutions and on the press and on the Church He doled out millions of dollars worth of legal fees insurance commissions lucrative contracts on the basis of who could best pay him back in the only coin he coveted power He dominated the politics and politicians of his time without ever having been elected to any office He was in essence above our democratic system Robert Moses held power in the state for 44 years through the governorships of Smith Roosevelt Lehman Dewey Harriman and Rockefeller and in the city for 34 years through the mayoralties of La Guardia O Dwyer Impellitteri Wagner and Lindsay He personally conceived and carried through public works costing 27 billion dollars he was undoubtedly America's greatest builder This is how he built and dominated New York before finally he was stripped of his reputation by the press and his power by Nelson Rockefeller But his work and his will had been done

Mummies, grave robbing, ghouls, hopping vampires, and evil monks beset a young archaeologist in this fast-paced Indiana Jones style adventure. Saqqara, Egypt, 1888. But the expedition seems cursed: for after unearthing the mummies, all but Rom die horribly. He faithfully returns to America with his disturbing cargo, continuing by train to Los Angeles, home of his reclusive sponsor. When the train is hijacked by murderous bandits in the Arizona desert who steal the mummies and flee over the border, Rom, with his benefactor's rebellious daughter, an orphaned Chinese busboy, and a cold-blooded gunslinger, must ride into Mexico to bring the malevolent mummies back. If only mummies were their biggest problem. *File Under Fantasy: War of No Pity* Christopher Herbert, 2021-07-13. On May 11, 1857, Hindu and Muslim sepoys massacred British residents and native Christians in Delhi, setting off both the whirlwind of similar violence that engulfed Bengal in the following months and an answering wave of rhetorical violence in Britain, where the uprising against British rule in India was often portrayed as a clash of civilization and barbarity demanding merciless retribution. Although by twentieth-century standards the number of victims was small, the Victorian public saw the Indian Mutiny of 1857-59 as an epochal event. In this provocative book, Christopher Herbert seeks to discover why. He offers a view of this episode and of Victorian imperialist culture more generally, sharply at odds with the standard formulations of postcolonial scholarship. Drawing on a wealth of largely overlooked and often mesmerizing nineteenth-century texts, including memoirs, histories, letters, works of journalism, and novels, *War of No Pity* shows that the startling ferocity of the conflict in India provoked a crisis of national conscience and a series of searing, if often painfully ambivalent, condemnations of British actions in India, both prior to and during the war. Bringing to light the dissident, disillusioned, antipatriotic strain of Victorian mutiny writing, Herbert locates in it key forerunners of modern-day antiwar literature and the modern critique of racism. *Collier's Cyclopaedia of Commercial and Social Information and Treasury of Useful and Entertaining Knowledge* Nugent Robinson, 1883. **Collier's Cyclopaedia of Commercial and Social Information and Treasury of Useful and Entertaining Knowledge on Art, Science, Pastimes, Belles-lettres, and Many Other Subjects of Interest in the American Home Circle**, 1882. *Shadows in the Cotswolds* Rebecca Tope, 2013-03-23.
