Revolutionary Road:

Revolutionary Road Richard Yates, 2000-04-25 NATIONAL BOOK AWARD FINALIST Frank and April Wheeler are a bright beautiful talented couple in the 1950s whose perfect suburban life is about to crumble in this moving and absorbing story The Atlantic Monthly from one of the most acclaimed writers of the twentieth century The Great Gatsby of my time one of the best books by a member of my generation Kurt Vonnegut acclaimed author of Slaughterhouse Five Perhaps Frank and April Wheeler married too young and started a family too early Maybe Frank's job is dull And April never saw herself as a housewife Yet they have always lived on the assumption that greatness is only just around the corner But now that certainty is about to unravel With heartbreaking compassion and remorseless clarity Richard Yates shows how Frank and April mortgage their spiritual birthright betraying not only each other but their best selves In his introduction to this edition novelist Richard Ford pays homage to the lasting influence and enduring power of *Revolutionary Road* *Focus On: 100 Most Popular American Romantic Drama Films* Wikipedia contributors, *Tragic Novels, René Girard and the American Dream* Carly Osborn, 2020-05-14 This book draws on the philosopher Ren Girard to argue that three twentieth century American novels Jeffrey Eugenides's *The Virgin Suicides* Rick Moody's *The Ice Storm* and Richard Yates's *Revolutionary Road* are tragedies Until now Girardian literary analysis has generally focused on representations of human desire in texts and neglected both other emotions and the place of tragedy Carly Osborn addresses these omissions by using Girardian theory to present evidence that novels can indeed be tragedies The book advances the scholarship of tragedy that has run from Aristotle to Nietzsche to Terry Eagleton proposing a new way to read modern novels through ancient traditions In addition this is the first work to examine the place of women as victims or in Girardian terms scapegoats in twentieth century fiction specifically by considering the representation of women's bodies and ambivalence about their identities In deploying a rich and vivid array of tragic tropes *The Virgin Suicides* *The Ice Storm* and *Revolutionary Road* participate in a deep rooted American tragic tradition *Tragic Novels the American Dream and Ren Girard* will be of interest to those working at the intersection of philosophy and literature as well as Girard specialists **Selections from China Mainland Magazines**, 1962 *Making Sense of Popular Culture* Eduardo de Gregorio-Godeo, Ángel Mateos-Aparicio Martin-Albo, 2017-05-11 The study of popular culture has come of age and is now an area of central concern for the well established domain of cultural studies In a context where research in popular culture has become closely intertwined with current debates within cultural studies this volume provides a selection of recent insights into the study of the popular from cultural studies perspectives Dealing with issues concerning representation cultural production and consumption or identity construction this anthology includes chapters analysing a range of genres from film television fiction drama and print media to painting in various contexts through a number of cultural studies oriented theoretical and methodological orientations The contributions here specifically focus on a wide variety of issues ranging from the ideological construction of identities in print media to the

narratives of the postmodern condition in film and fiction through investigations into youth the dialogue between the canon and the popular in Shakespeare and the so called topographies of the popular in spatial and visual representation In exploring the interface between cultural studies and popular culture through a number of significant case studies this volume will be of interest not only within the fields of cultural studies but also within media and communication studies film studies and gender studies among others
