Rubian Mind Since Stalins Death:

To Be or Not to Be in the Party Yuri Glazov, 2012-12-06 In March of 1985 Mikhail Gorbachev came to power in the Soviet Union Initially one could discern serious changes in the policy and statements of this new young and obviously efficient leader only with great difficulty While abroad Gorbachev had said that anti Stalinism was a form of anti Communism The newspapers were filled with words lauding the sacred traditions of the 1930 s At the same time the campaign against drunkenness corruption and sloppiness launched by Yuri Andropov was given a new impetus and the highest Party support In April 1986 the Chernobyl tragedy took place The first reaction of the Soviet authorities was the usual one The Soviet public was not properly informed about the disaster and its unprecedented peril Millions of jubilant Soviet citizens crowded the squares and streets of Kiev and Minsk during the May Day festivities We can only guess what the reaction of the Kremlin authorities would have been had not Swedish scientists traced and announced to the world the threatening level of radioactivity Would the terms glasnost and perestrojka have spread through the world press with such intensity and alacrity A popular Soviet author wrote a year later in the Soviet media Chernobyl appeared to be not only a national event a disaster shared by each of us but also a dividing line between two eras of time

and how her fight for human rights informed her own intellectual spiritual and emotional development This story of the birth of the human rights movement is also a sweeping history of dissent and triumph in the Soviet Union and Eastern Europe Elegantly written full of passion humor and political wisdom it is exciting history as well as a moving entertaining inspiring story of a woman s life

The personality cult of Stalin in Soviet posters, 1929-1953 Anita Pisch,2016-12-16 From 1929 until 1953 Iosif Stalin s image became a central symbol in Soviet propaganda Touched up images of an omniscient Stalin appeared everywhere emblazoned across buildings and lining the streets carried in parades and woven into carpets and saturating the media of socialist realist painting statuary monumental architecture friezes banners and posters From the beginning of the Soviet regime posters were seen as a vitally important medium for communicating with the population of the vast territories of the USSR Stalin s image became a symbol of Bolshevik values and the personification of a revolutionary new type of society The persona created for Stalin in propaganda posters reflects how the state saw itself or at the very least how it wished to appear in the eyes of the people The Stalin who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich Dzhugashvili whose humble origins criminal past penchant for violent solutions and unprepossessing appearance made him an unlikely recipient of uncritical charismatic adulation The Bolsheviks needed a wise nurturing and authoritative figure to embody their revolutionary vision and to legitimate their hold on power This leader would come to embody the sacred and archetypal qualities of the wise Teacher the Father of the nation the great Warrior and military strategist and the Saviour of first the Russian land and then the whole world This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters Drawing on the archives of libraries and museums throughout Russia hundreds of previously unpublished posters are examined with more than 130 reproduced in full colour The personality cult of Stalin in Soviet posters 1929 1953 is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines

Stalin's Gold Barrie Penrose,1982 *The Positive Hero in Russian Literature* Rufus W.
