The Secret Doorway Paul Hutchins,2008-11 A pictorial drama of the creation of Heaven and Earth based upon the awe inspiring photo images from the Hubble and Spitzer space telescopes Author Paul Hutchins uncovers a grand drama on a

universal scale that has been playing out since the invention of the telescope He poses the question is this grand drama merely in response to an ancient invitation recorded in the Book of Isaiah It states in Isaiah 40 26 Look up into the heavens Who created all the stars Through the use of his imagination and the invention of the telescope man has discovered a once secret doorway to a world beyond imagination He has now in this age of cutting edge technology developed flying space telescopes in his quest to know how did we get here What he has found has astounded him Hutchins farther poses the question if it took over 400 years of man s imagination from when the telescope was invented and countless other inventions including the Hubble and Spitzer space telescopes to merely take photo images of the universe then who s imagination is responsible for the reality those photo images represent As we peer through this doorway to the heavens and look upon these heavenly cosmic bodies we find ourselves awed by their grandeur The pressing question becomes too large to ignore Who is responsible for all these things Could it be that we are now peering into the mind of a supreme architect with an imagination far beyond that of mere mortals Could we be peering into the mind of imagination supreme Could it be that we have been brought to this point in history unbeknownst to ourselves and given this technology by the one who extended that ancient invitation recorded by Isaiah 2700 years ago 101 Secrets a Good Dad Knows Walter Browder,Sue Ellin
