

Sectes Et Df Mocratie

Susan Palmer

Sectes Et Df Mocratie:

The New Heretics of France Susan Palmer, 2011-09-30 Since the Age of Enlightenment France has upheld clear constitutional guidelines that protect human rights and religious freedom Today however intolerant attitudes and discriminatory practices towards unconventional faiths have become acceptable and even institutionalized in public life Susan Palmer offers an insightful examination of France s most stigmatized new religions or sectes and the public management of religious and philosophical minorities by the state The New Heretics of France tracks the mounting government sponsored anti cult movement in the wake of the shocking mass suicides of the Solar Temple in 1994 an event that ushered France s most visible religious minorities onto a blacklist of 172 sectes commissioned by the National Assembly Drawing on extensive interviews and field research Palmer describes the controversial histories of well known international New Religious Movements including the Church of Scientology Raelian Movement and Unificationism as well as esoteric local groups Palmer also reveals the partisanship of Catholic priests journalists village mayors and the passive public who support La R publique s efforts to control minority faiths all in the name of Liberty Equality and Fraternity Through historical and sociological theory Palmer analyzes France s war on sectes as a strategic response to social pressures arising from globalization and immigration Her study addresses the impact of these social pressures on traditional cultures and national character as well as important issues of religious freedom and public tolerance *La Démocratie* Étienne VACHEROT, 1860

Regulating Religion James T. Richardson, 2012-12-06 Regulating Religion Case Studies from Around the Globe presents through the inclusion of contributions by international scholars a global examination of how a number of contemporary societies are regulating religious groups It focuses on legal efforts to exert social control over such groups especially through court cases but also with selected major legislative attempts to regulate them As such this analysis falls within the broad area of the sociology of social control and more specifically legal social control a topic of great interest when studying how contemporary societies attempt to maintain social order The factual details about social and legal developments in societies where religion has been defined as problematic include Western and Eastern Europe Asia Oceania and the Americas This book will be of interest to researchers and students in the sociology of religion the sociology of law social policy and religious studies as well as policy makers , Democracy and Human Rights in Multicultural Societies Matthias Koenig, Paul F. A. Guchteneire, 2007-01-01 By unanimous adoption of the Universal Declaration of Cultural Diversity the UNESCO Member States accepted a new ethical approach to respect diversity as a guiding principle for democratic societies While support for the Declaration remains strong there is a general awareness that the democratic management of multicultural societies needs rethinking and further development This publication examines the political governance of cultural diversity specifically how public policy making has dealt with the claims for cultural recognition that have increasingly been expressed by ethno national movements language groups religious minorities indigenous peoples and migrant communities Its principle aim is to

understand explain and assess public policy responses to ethnic linguistic and religious diversity Adopting interdisciplinary perspectives of comparative social sciences the contributors address the conditions forms and consequences of democratic and human rights based governance of multi ethnic multi lingual and multi faith societies Publisher s description **New Religions and Globalization** Armin Geertz, Margit Warburg, 2008-08-01 Globalization is a predominant theme in contemporary educational and political circles Research on globalization has become a political priority because the world has become a single place as Roland Robertson formulated it where events in any particular part of the world can and often do have political economical and military consequences for the rest of the world Discourse on globalization however has generally ignored the cultural consequences Recent waves of violence that seem to be religiously fueled if not motivated among immigrants and refugees in Europe and their home regions in the Middle East have demonstrated that we can only ignore culture values and religion at our own peril Globalization and new religions is the theme of this book It is argued here that studying new religions in a globalization perspective offers theoretical and methodological advantages both for the general study of religion and the general study of globalization Religions are often cosmopolitan and universal in their overall message yet they may at the same time be utterly immersed in local interactions This is often clearly expressed among minority religions The contrast of the local and the global is accentuated by globalization and in particular many new religions have followed suit This book draws together a selection of top quality papers given at a conference held in Aarhus in 2002 under the auspices of the Research Network on New Religions RENNER The papers which have been edited and updated represent the work of leading scholars in the history of religions sociology of religion psychology of religion and other disciplines They address questions that are vital for everyone in the modern world whether approached as a reflection of world economy and power dynamics new possibilities of communication and cultural exchange in the light of mass media and technology increased cultural plurality in the wake of migration or as a combination of any of these globalization challenges the academic study of religion to renewed theoretical and methodological reflection **Chercheurs de Dieux Dans L'espace Public** Eileen Barker, Université Laval. Groupe de recherches en sciences de la religion, 2001 Originale insolite renaissance l action religieuse mergente bouscule les habitudes branle les certitudes construit ici maintenant l autre monde Peut on courir le risque Voil que la question se pose et se r sout en rumeurs publiques poursuites judiciaires et tensions scolaires lesquelles mettent nu des m canismes in dits d institutionnalisation de l exp rience religieuse en modernit groupes tactiques d intervention cellules gouvernementales de crise commissions parlementaires cercles technocratiques pr curseurs d une ing nierie pluraliste Sur fond de traditions religieuses nationales ou r publicaines avec la perspective de la menace sectaire s esquisse sous nos yeux un religieux correct acceptable Comment est il possible aujourd hui d inscrire l exceptionnel l originel le merveilleux le transcendant religieux dans le quotidienne Et dans quelle mesure paradoxalement les gestionnaires de dieux ne repoussent ils pas toujours plus loin la fronti re religieuse By their nature emerging religions

explore unfamiliar territory and probe uncharted regions of human creativity For these same reasons religious transactions that venture beyond the boundaries of traditional religious frontiers often rouse suspicion anxiety or even fear among the general population As new religious movements seek to carve out their own niche in society public controversy and opposing beliefs can spark bitter debates and can even lead to calls for state intervention How then do new or borderline religious groups negotiate or mediate the building of public space What impact can the media have on new religions How does the law withstand the creative destruction of religious innovation In this provocative collection of essays twelve experienced specialists break new ground in the sociological study of religion Publi en fran ais

Muslims in the Enlarged Europe
Brigitte Marechal, Stefano Allievi, Felice Dassetto, Jørgen Nielsen, 2003-09-01 This volume describes the main characteristics of contemporary European Islam Following an outline of the historical background and some statistics related to the presence of Islam in Europe the process of growth the development of Islam is analysed through religious instruction in educational systems organisational structures and the forms of political participation by Muslims In addition to a description of the relationship between European states and Islam in judicial terms the different types of the inclusion integration of Islam in European society is studied by looking at the media the relations between religions economic and international dimensions and the manner in which views have changed following the events of September 11 Based on extensive bibliographical research field studies and specific contributions of scholars this book provides a rare and useful overall review for a wide public Muslims in the Enlarged Europe has been selected by Choice as Outstanding Academic Title 2005

Facilitating Freedom of Religion or Belief: A Deskbook W. Cole Durham, Tore Sam Lindholm, Bahia Tahzib-Lie, NA Oslo Coalition on Freedom of Religion or Belief, NA Norway, NA Norsk senter for menneskerettigheter, NA Brigham Young University, 2013-12-11 As the world enters the 21st Century the challenges in implementing freedom of religion or belief grow more complex and more acute How can the internationally recognized norms regarding freedom of religion or belief be meaningful for all women and men majorities and minorities established religions and new religious movements parents and children How can tolerance mutual respect and understanding be globally expanded How does freedom of religion or belief relate to other human rights Launched by the Oslo Coalition on Freedom of Religion or Belief this deskbook anthology is designed as a single volume resource for all who are concerned with facilitating improved global compliance with international standards in this vital area The varied and diverse topics addressed by over fifty global experts in the field provide a rich weave of many threads The book addresses historical and philosophical background on religious human rights applicable international norms and the international procedural mechanisms for safeguarding these norms It surveys central areas of controversy including registration of religious and belief organizations emerging debates on religion and gender parental and children s rights new religious movements proselytism and conscientious objection Other chapters describe practical approaches to promoting tolerance and understanding through education inter religious dialogue joint religious

efforts addressing shared social problems and conflict resolution initiatives The volume also provides practical information regarding networking and other background issues that can help translate understanding of the applicable norms and procedures into action Appendices provide texts of major international instruments on freedom of religion or belief
