Seduction of Suicide Kevin Taylor, 2002 **Seduction of Suicide** Kevin Taylor M. D., Kevin Taylor, 2002-07 This story or history was written to correct one of the many wrongs in the recording of American History It is a fact that the victors in battle or those in power in peace write the history of past events to support their views of what should have happened versus the cold hard facts This is the story of the Stewards Cooks and Messboys who manned that branch of naval service The story of the men who fought and served under trying circumstances The story of men who served their country when to do so was to endure or to appear to accept the humiliating admission of one's own inferiority In this story can be found the heretofore unwritten chapters of one phase of the Negroes march toward freedom in America written by a man who participated in it

Passionate Women Paul Stanley Ropp, Paola Zamperini, Harriet Thelma Zurndorfer, 2001 This is a collection of original essays which focuses on the causes meanings and significance of female suicides in Ming and Qing China It is the first attempt in English language scholarship to revise earlier views of female self destruction that had been shaped by the May Fourth Movement and anti Confucian critiques of Chinese culture and to consider the matter of female suicide in the wider context of more recent scholarship on women and gender relations in late imperial China The essays also reveal the world of tensions conflicting demands and expectations and a variety of means by which both women and men made moral sense of their lives in late imperial China The volume closes with an extensive bibliography of relevant and important Chinese Japanese and Western publications related to female suicide in late imperial China *Seduction of Suicide* Kevin Taylor M. rift at the core of our being Eros is supposedly the consolation for this rift but the history of the novel documents its expression as one of frustrated desires neuroses anxieties and cosmic doom As if repeating the trauma from that original split in Plato a split that also divides philosophy from literature the novel treats eros as a site of loss and grief from the medieval romances to Goethe Emily Bront Proust Mann Woolf D H Lawrence and Nabokov The pessimism that emerges from this eros tells us something fundamental about who we are something that only the novel can say At a time when both education and leisure are increasingly ignoring the novel s imperative to sit with ambiguity complexity and contingency and as we are hurtling toward a bleak future of climate catastrophe and political instability the novel is one of the last bastions of humanity even as it is quickly being eroded
