Eventscapes Graham Brown, 2019-08-06 *Eventscapes Transforming Place Space and Experiences* directly examines the interrelation between events simultaneous dependence on and transformation of the places in which they are held This event environment nexus is analysed through a variety of international case studies including different kinds of well known sporting and cultural events such as Vivid Sydney the Vancouver 2010 Winter Olympics and the Tour Down Under international cycle race among others Chapters focusing on visual design explore the opportunities at different spatial scales to develop an event look and the ways in which an event experience can be enhanced through connecting and engaging with the local culture and community As well as the planning and management of events the book draws on event experience dramaturgically examining the roles played by authors actors and the audience and emphasises the participation of multiple groups in the co creation of event experiences This will be invaluable reading for those studying events and the environment Adopting a multidisciplinary approach it also draws on geography urban and cultural studies image studies architecture and design environmental psychology and event management and will be of use to a broad academic audience **Tourism and**

Geographies of Inequality Fabian Frenzel, Ko Koens, 2016-02-08 Slum tourism is a controversial pastime on the rise globally This volume provides a collection of studies that shed light on the phenomenon from historical geographical sociological political and anthropological perspectives Based on unique and in depth research from across the globe the collection forms an indispensable resource for Scholars and Students of tourism and the geographies of inequality Connecting slum tourism to debates over the ethics and aesthetics of travel volunteering second homes and cross border mobilities the case studies provide ample ground for an understanding of slum tourism as transversal terrain in which the questions of global equity came to the fore This book was published as a special issue of *Tourism Geographies* **Mall City**

Stefan Al, 2016-07-01 Hong Kong is the twenty first century paradigmatic capital of consumerism Of all places it has the densest and tallest concentration of malls reaching tens of stories Hong Kong's malls are also the most visited sandwiched between subways and skyscrapers These mall complexes have become cities in and of themselves accommodating tens of thousands of people who live work and play within a single structure Mall City features Hong Kong as a unique rendering of an advanced consumer society Retail space has come a long way since the nineteenth century covered passages of Paris which once awed the bourgeoisie with glass roofs and gaslights It has morphed from the arcade to the department store and from the mall into the mall city where expresscalators crisscross mesmerizing atriums Highlighting the effects of this development in Hong Kong this book raises questions about architecture city planning culture and urban life At the nexus of density humidity topography and prosperity Hong Kong has spawned more malls per square mile than any place on earth This fantastic book decodes and graphically depicts an environment both apart and ubiquitous a convulsive form of public space in a liquid territory where intensely contested politics commerce and sociability weirdly merge in a city like no other Michael Sorkin distinguished professor of architecture of the City University of New York Hong Kong may be packed with the most shopping malls per square kilometer in the world but Mall City is packed with the most drawings information and fascinating mall facts The book dissects categorizes and displays all kinds of intriguing data on the city state's shopping complexes and culture Its richly layered analysis perfectly matches Hong Kong's multi story machines for consumption Clifford Pearson director of USC American Academy in China Stefan Al has again produced a book that provides a sharp lens on radically new urban forms that are emerging in China While his previous books Villages in the City and Factory Towns of South China introduced the site of production and housing for the migrant labor of the Pearl River Delta here we enter the phantasmagoria of the enormous interconnected free trade shopping zone of the Hong Kong Special Administrative Region Mall City dissects the basic unit of this climate controlled consumer landscape the mall This beautifully illustrated book is a must read for those who wish to understand the future of public space in high density cities Brian McGrath professor of urban design and dean of constructed environments Parsons School of Design

City Tourism Robert Maitland, Brent W. Ritchie, 2009 Capital city status attracts and drives tourism by enhancing a city's appeal to the tourist and its international standing With a focus on city tourism themes this book examines subjects including the identity of a city in a tourism context and practical matters such as promoting the city as a product By examining tourist activities in national capitals the book addresses issues in capital city development as tourist destinations with a broad international approach and case studies on major tourist cities

Tourism Geography Stephen Williams, 2014-09-16 Tourism Geography develops a critical understanding of how different geographies of tourism are created and maintained Drawing on both historical and contemporary perspectives the discussion connects tourism to key geographical concepts relating to globalization mobility new geographies of production and consumption and post industrial change The new edition has been fully updated to have

an international focus with global case studies and broader based content Digital Technologies of the Self Yasmine Abbas, Fred Dervin, 2009-10-02 Inspired by the technologies of the self theorized by Michel Foucault in the early 1980s this volume investigates how contemporary individuals fashion their identity identities using digital technologies such as ambient intelligent devices social networking platforms and online communities Facebook CouchSurfing and craigslist online gaming SilkRoad Online Oblivion and World of Warcraft podcasts etc With high speed internet access ubiquitous computing and generous storage capacity the opportunities for staging and transforming the self selves have become nearly limitless This book explores how technologies contribute to the expression co construction and enactment of identities It examines these issues from various perspectives as it brings together insights from different disciplines design discourse analysis philosophy and sociology *The Ethics of Mobilities* Tore Sager, 2016-03-23 With this book the international academic discourse on mobility is taken a step further through the intertwined perspectives of different social sciences engineering and the humanities The Ethics of Mobilities departs from the recent interest in social surveillance raised by the use of technology for the surveillance and control of mobility as well as for transport It widens this theme to encompass a broad scale of issues ranging from freedom and escape to social exclusion and control thus raising important questions of ethics identity and religion questions that are dealt with by a diverse yet structured range of chapters arranged around the themes of ethics and religion and freedom and control Through their variety and diversity of perspectives the chapters of this book offer a substantial interdisciplinary contribution to the socially and environmentally relevant discussion about what a technically and economically accelerating mobility does to life and how it might be transformed to sustain a more life enhancing future Ethics of Mobilities will excite not only international interest but will also appeal to scholars across a wide range of disciplines in fields as diverse as theology and engineering The Routledge Handbook of Tourism Geographies Julie Wilson, Dieter K. Müller, 2024-10-24 The Routledge Handbook of Tourism Geographies 2nd Edition offers a comprehensive re evaluation of the recent developments conceptual theoretical and empirical debates and critical issues in this field of study Reflecting on and building from its original aim of rethinking geographical approaches to tourism the volume explores contemporary tourism contexts and concepts as marked by the present era of polycrises setting out renewed and reoriented perspectives on tourism geographies into the mid 2020s Across its diverse range of contributions the Handbook navigates the complexities of tourism as a shifting construct situating tourism geographies within the socio spatial economic and environmental implications of tourism leisure and mobilities in the new contexts of global change ecological transition and digital transformation The volume aims to provide a nuanced and detailed analysis of established and emerging discourses and debates within tourism geographies underscoring the field s inherent criticality and ideal positioning for understanding and catalysing complex global and local scenarios in contemporary tourism leisure and mobilities Written by leading scholars in the tourism geographies field this text is an invaluable resource for students researchers and scholars working in the areas

of tourism geography and related disciplines encouraging dialogue across areas of study **The Wiley Blackwell**
