Losing Patience:

Personnel Information Bulletin United States. Veterans Administration, 1952 *Creating Values in Life* Ashok Gulla, 2010-04-27 Unfortunately very few people these days talk about real values in life What we stand for in life and are we living up to these values are worth pondering Are our aspirations in tune with the real purpose of life It is the values that remind us often what to aspire in life Most people value life and its achievements from the perspective of wealth and richness but do not recognize trust honesty and contentment as forward looking attributes that help in overall satisfaction Giving importance to external growth leaving behind inner development often leads to unbalance in life devoid of overall satisfaction Much of the troubles in this world are that true values of life have narrowed down skewed ignored and misunderstood This book deliberates different aspects of life in terms of personal moral spiritual family and social values and how these can enrich life and fill its purpose A wide range of topics include How to live an easier life Thoughts on simplifying life Virtues of Integrity Mistakes we generally make Control on impulsive mind Being Successful in life Benefits from silence Communication with inner self Creating love for others How to think positive How moral values get reinforced Belief in natural justice What is spirituality Understanding self How to find God What does death mean to us Good family values Being part of whole universe Universal brotherhood Towards developing good values Attempt has been made to describe large issues that are outcome of misdirected value system and how best a person can move ahead in life by focusing on core values The idea of writing this book is to facilitate readers to pause and think about what they aspire and are these aspirations in tandem with broad purpose in life Bush's War Jim A. Kuypers, 2006-10-10 Immediately after the attacks of September 11 2001 Americans looked to President Bush for words of leadership In his most formal reply of the day he said Today our fellow citizens our way of life our very freedom came under attack in a series of deliberate and deadly terrorist acts The victims were in airplanes or in their offices secretaries businessmen and women military and federal workers moms and dads friends and neighbors Thousands of lives were suddenly ended by evil despicable acts of terror The stark tone of Bush's speech suggested the promise of more words to come from the president and it is these words that Bush's War addresses While many books have offered a take on the attacks of 9 11 and their impact upon American society one area has been comparatively ignored presidential justifications for war in the age of terrorism Specifically what did President Bush say to justify American military actions in the post 9 11 world And how did the public hear what he said especially as it was filtered through the news media The eloquent and thoughtful Bush's War shows how public perception of what the president says is shaped by media bias Jim A Kuypers compares Bush's statements with press coverage arguing that the nature of American public knowledge concerning our role in the world has been changed not by 9 11 but by the subsequent argumentative back and forth between Bush and the press *People's Hit* Umang Jain, 2024-08-09 People's Hit isn't a book it's a revelation a mirror held up to our collective soul Umang Jain the audacious young author invites you to peel back the layers one

uncomfortable truth at a time Here's what awaits you within these pages In the labyrinth of existence we stumble upon our own shadows Peopleshit dissects the struggles we share the gnawing ache of unmet expectations the silent battles fought behind closed doors and the relentless pursuit of meaning Umang's prose is both scalpel and balm cutting through pretense to reveal the raw pulsating core of our humanity

Carroll, 2012-05-03. Crystallizing Chaos is a wryly comic tale of balancing academia with action and replacing footnotes with a sense of fun. A high brow college student Daniel Coventry hopes to be a writer. He encounters the forgotten but immensely gifted pulp novelist Stephen Chidley who wrote action oriented novels by the dozens in a month apiece while living his adventures. He is also inspired by the novelist's granddaughter Dora who resides in Stephen's home near Daniel's dorm. Through Daniel they become entangled with his best professor Cynthia Schuler, an outspoken feminist and scholar. Cynthia also wrangles with her chauvinist unfaithful husband and has fallen for her favorite student after many rounds of lovemaking in her office. Each of them confronts the fear of failure. Daniel is afraid of flunking if he can't complete a novel for his graduation. Stephen is afraid that he abused his fabulous storytelling talents as a pulp writer who came close to greatness only in a single memorable novel. Dora is afraid of any loss of independence. Cynthia is afraid of failing Daniel and of losing him to Dora. Step by comic misstep they confront their differences and the chasm that divides the ivory tower from popular culture. With a month remaining they decide that only one solution will enable Daniel to begin his book and race to finish it in time for graduation. Let him crystallize the chaos of their year long battle in a way that blends the best of academia and action.
