Home on the Horizon Sally Bayley, 2010 In this study of space and place Sally Bayley examines the meaning of home in American literature and culture Moving from the nineteenth century homestead of Emily Dickinson to the present day reality of Bob Dylan Bayley investigates the relationship of the domestic frontier to the wide open spaces of the American outdoors In contemporary America she argues the experience of home is increasingly isolated leading to unsettling moments of domestic fallout At the centre of the book is the exposed and often shifting domain of the domestic threshold Emily Dickinson's doorstep Edward Hopper's doors and windows and Harper Lee's front porch Bayley tracks these historically fragile territories through contemporary literature and film including Cormac McCarthy's No Country For Old Men Lars Von

With more than 50 illustrations including many rare views this book features New York City's greatest treasures from the early decades of the 20th century. Many are famous for the controversies they inspired. Many more are well known for the celebrities who have called them home. *High Life* Matthew Gordon Lasner, 2012-01-01 The first comprehensive architectural and cultural history of condominium and cooperative housing in twentieth century America. Today one in five homeowners in American cities and suburbs lives in a multifamily home rather than a single family house. As the American dream evolves precipitated by rising real estate prices and a renewed interest in urban living many predict that condos will become the predominant form of housing in the twenty first century. In this unprecedented study Matthew Gordon Lasner explores the history of co owned multifamily housing in the United States from New York City's first co op in 1881 to contemporary condominium and townhouse complexes coast to coast. Lasner explains the complicated social economic and political factors that have increased demand for this way of living situating the trend within the larger housing market and broad shifts in residential architecture and family life. He contrasts the prevalence and popularity of condos townhouses and other privately governed communities with their ambiguous economic legal and social standing as well as their striking absence from urban and architectural history. **Janet & Jackie** Jan Pottker, 2024-07-02 An intimate look at the complex and absorbing relationship between two extraordinary women. Jay Mulvaney author of *Kennedy Weddings: A Family Album*. Often dismissed as a social climber who faded into the woodwork after she divorced Jackie's father the dashing disreputable Black Jack Bouvier and married the rich Hugh D Auchincloss Janet not only played a pivotal part in Jackie's own wedding to John F Kennedy but often served as a stand in for Jackie during the White House years and helped her cope with John and Caroline after JFK's assassination. The only book to explore this fascinating mother daughter relationship Janet Jackie is filled with stories that shed new light on the personal life of an American icon. A rich and nuanced portrait. Publishers Weekly Pottker divulges startling vignettes Washington Post **The Publishers Weekly**, 2000
