Morals and Medicine ,1970-01-01 **Morals and Medicine** ,1971 *Current Catalog* National Library of Medicine (U.S.),1970 Includes subject section name section and 1968 1970 technical reports **Moral Dilemmas** Philippa Foot,2002-10-17 Moral Dilemmas is the second volume of collected essays by the eminent moral philosopher Philippa Foot It fills the gap between her famous 1978 collection Virtues and Vices now reissued and her acclaimed monograph Natural Goodness published in 2001 Moral Dilemmas presents the best of Professor Foot s work from the late 1970s to the 1990s In these essays she develops further her influential critique of the non cognitivist approaches that have dominated moral philosophy over the last fifty years She shows why it is a mistake to think of morality in terms of special psychological states expressed in special kinds of judgement and a special moral kind of language Instead she portrays thoughts about the goodness of human will and action as a particular case of the evaluation of other operations of human beings and indeed of all living things Among other topics she discusses the nature of moral judgement practical rationality and the conflict of virtue with desire and self interest Moral Dilemmas alongside Professor Foot s other two books completes the summation of her distinctive and lasting contribution to twentieth century moral philosophy **Social and Psychological Aspects of Applied Human Genetics** James R. Sorenson,1972 About 1400 references to books and journal articles primarily concerned with social and psychological issues of applied human genetics in general and genetic counseling in particular Excludes literature dealing with ethical or proscriptive areas Also covers foreign language titles Citations mostly from 1960 s through 1972 Classified arrangement No index *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1974 First multi year cumulation covers six years 1965 70 The Moral Responsibility of the Physician Peter Angelos,1995 *The National union catalog, 1968-1972* ,1973 **The National Union Catalogs, 1963-** ,1964 The British Library General Catalogue of Printed Books to 1975 British Library,1977 **National Union Catalog** ,1973 Library of Congress Catalogs Library of Congress,1976 *Bioethics* AnnMarie D. Mitchell,1983 The Journal of Medical Education ,1971 **Ethics, Society and Politics: Themes from the Philosophy of Peter Winch** Michael Campbell,Lynette Reid,2020-06-17 This volume is a reappraisal of the work of Peter Guy Winch 1926 1997 one of the most important philosophers of the 20th Century Winch faded into relative obscurity compared to his contemporaries due to a mistaken belief that there are no systematic connections between the different aspects of his work This volume corrects that presupposition and reintroduces Winch s work to a new generation of scholars By showing how ethical political and social issues are interrelated in Winch s work and by making clear the connections between these issues and themes in metaphysics and the philosophy of mind the volume demonstrates both the breadth and the unity of Winch s approach It discusses topics such as ethics political philosophy social science the philosophy of action the philosophy of mind metaphysics and the philosophy of language Despite this apparent variety of topics the contributors to the volume share Winch s conviction that

the different areas of philosophy are interdependent As a result the volume as a whole shows unity in diversity and provides an example of a manner of philosophising in which different approaches and sub disciplines are placed in dialogue with each other Peter Guy Winch is most famous for his early work on the philosophy of the social sciences His *On the Idea of a Social Science and its Relation to Philosophy* ISS generated controversy within both philosophical and social scientific circles In that work and subsequent publications Winch argued against the presupposition that social relations could be understood using the conceptual tools of the natural sciences Winch would later describe ISS as a young man s book and would come to regret the reputation it garnered him a mixture of roughly equal degrees fame and infamy Alongside his work on the philosophy of social sciences Winch was an interpreter and exegete of Wittgenstein He also published a ground breaking study of the philosophy of Simone Weil entitled *Simone Weil The Just Balance* Winch also published numerous essays on issues in ethics political philosophy and the philosophy of religion and at his death was working on a book manuscript on the problem of political authority
