Bernard Norling

Nazi Impact On A German Village

David Crew

Nazi Impact On A German Village:

The Nazi Impact on a German Village Walter Rinderle, Bernard Norling, 2014-07-11 Many scholars have tried to assess Adolf Hitler's influence on the German people usually focusing on university towns and industrial communities most of them predominately Protestant or religiously mixed This work by Walter Rinderle and Bernard Norling however deals with the impact of the Nazis on Oberschopfheim a small rural overwhelmingly Catholic village in Baden Wuerttemberg in southwestern Germany This incisively written book raises fundamental questions about the nature of the Third Reich The authors portray the Nazi regime as considerably less totalitarian than is commonly assumed hardly an exemplar of the efficiency for which Germany is known and neither revered nor condemned by most of its inhabitants The authors suggest that Oberschopfheim merely accepted Nazi rule with the same resignation with which so many ordinary people have regarded their governments throughout history Based on village and county records and on the direct testimony of Oberschopfheimers this book will interest anyone concerned with contemporary Germany as a growing economic power and will appeal to the descendants of German immigrants to the United States because of its depiction of several generations of life in a German village

The Nazi Impact on a German Village Walter Rinderle, Bernard Norling, 2021-05-11 A vivid sensitive portrait of a small tradition bound community coming to terms with modernity under the most adverse of conditions Observer Review Many scholars have tried to assess Adolf Hitler's influence on the German people usually focusing on university towns and industrial communities most of them predominately Protestant or religiously mixed This work by Walter Rinderle and Bernard Norling however deals with the impact of the Nazis on Oberschopfheim a small rural overwhelmingly Catholic village in Baden Wuerttemberg in southwestern Germany This incisively written book raises fundamental questions about the nature of the Third Reich The authors portray the Nazi regime as considerably less totalitarian than is commonly assumed hardly an exemplar of the efficiency for which Germany is known and neither revered nor condemned by most of its inhabitants The authors suggest that Oberschopfheim merely accepted Nazi rule with the same resignation with which so many ordinary people have regarded their governments throughout history Based on village and county records and on the direct testimony of Oberschopfheimers this book will interest anyone concerned with contemporary Germany as a growing economic power and will appeal to the descendants of German immigrants to the United States because of its depiction of several generations of life in a German village An excellent study Describes in rich detail the political economic and social structures of a village in southwestern Germany from the turn of the century to the present Publishers Weekly A lively informative treatise that puts a human face on history South Bend Tribune This very readable story emphasizes continuities within change in German historical development during the twentieth century American Historical Review

The Nazi Impact on a German Village Walter Rinderle, 1993

Fertility, Wealth, and Politics in Three Southwest German Villages, 1650-1900 Ernest Benz, 1999-12-01 The book traces the precocious diffusion of family limitation in Grafenhausen

bei Lahr Kappel am Rhein and Rust using thousands of reconstituted family histories in local genealogies Ortssippenbücher as well as economic and political data from municipal and provincial archives Graphs tables and maps document the fertility transition on the densely populated Rhine plain A new measure of the percentage of couples practising family limitation is applied The account highlights the roles of women as landholders under traditional partible inheritance and as workers in the cigar factories of the late 1800s Both circumstances increased fertility even as contraception spread along the networks of solidarity forged by economic and political independence

Posters, Propaganda, and Persuasion in Election

Campaigns Around the World and Through History Steven A. Seidman, 2008 How effective are election campaign posters Providing a unique political history this book traces the impact that these posters as well as broadsides banners and billboards have had around the world over the last two centuries It focuses on the use of this campaign material in the United States as well as in France Great Britain Germany South Africa Japan Mexico and many other countries The book examines how posters evolved and discusses their changing role in the twentieth century and thereafter how technology education legislation artistic movements advertising and political systems effected changes in election posters and other campaign media and how they were employed around the world This comprehensive and original overview of this campaign material includes the first extensive review of the research literature on the topic Posters Propaganda and Persuasion will be useful to scholars and students interested in communications politics history advertising and marketing art history and graphic design

Hitler's Home Front Jill Stephenson, 2006-12-31 This is a groundbreaking new study of an overlooked area of Second World War History *Nazism and German Society, 1933-1945* David Crew, 2013-05-13 The image of the Third Reich as a monolithic state presiding over the brainwashed fanatical masses retains a tenacious grip on the general public's imagination However a growing body of research on the social history of the Nazi years has revealed the variety and complexity of the relationships between the Nazi regime and the German people This volume makes this new research accessible to undergraduate and graduate students alike *The World War Two Reader* Gordon Martel, 2004 This comprehensive reader provides an overview of research in the study of the Second World War and includes chapters by some of the best known and most innovative scholars working today It gives attention to the fighting of the war throughout the world

Nazi Germany

Jane Caplan, 2008-04-24 An authoritative and up to date history of Nazi Germany with each chapter written by an internationally acknowledged expert in the field covering everything from the ideological origins of Nazism through the history of politics and society in the Third Reich to the aftermath of National Socialism in postwar German history and memory *Women in Nazi Germany* Jill Stephenson, 2014-05-12 From images of jubilant mothers offering the Nazi salute to Eva Braun and Magda Goebbels women in Hitler's Germany and their role as supporters and guarantors of the Third Reich continue to exert a particular fascination This account moves away from the stereotypes to provide a more complete picture of how they experienced Nazism in peacetime and at war What was the status and role of women in pre Nazi Germany and

how did different groups of women respond to the Nazi project in practice Jill Stephenson looks at the social cultural and economic organisation of women s lives under Nazism and assesses opposing claims that German women were either victims or villains of National Socialism *Hitler and Nazism* Richard Geary,2002-01-04 Hitler and Nazism is an essential introduction to a notorious figure and crucial theme in modern European history Focusing on the key themes of Nazi domestic policy this book draws together the results of recent research into a concise analysis of the nature of Nazi rule and its impact on German society This book continues to explore how Nazism took hold in Germany the issues of Hitler s beliefs and their role in the Third Reich the factors that brought the party to power and the structure and nature of both government and society in the Third Reich It also develops further its analysis of the important issues of modernisation gender racial hygiene and the origins and implementation of the Holocaust **The Social Misconstruction of Reality** Richard F. Hamilton,1996-01-01 Hamilton finds that despite critiques by historians some scholars continue to believe Max Weber s claim that a strong linkage between Protestantism and worldly success led to the rise of the capitalist West Similarly many academics still argue the discredited view that the German lower middle class voted overwhelmingly for the Nazis

Germany Joseph A. Biesinger,2006 A wealth of information is presented in this guide in a variety of formats including a concise narrative history a chronology and A to Z entries to provide readers with a greater understanding of German history from the Renaissance to the present day **Hitler and Nazi Germany** Jackson J. Spielvogel,2016-09-16 This text is based on current research findings and is written for students and general readers who want a deeper understanding of this period in German history It provides a balanced approach in examining Hitler s role in the history of the Third Reich and includes coverage of the economic social and political forces that made the rise and growth of Nazism possible the institutional cultural and social life of the Third Reich the Second World War and the Holocaust **Strangers in the Wild Place** Adam R. Seipp,2013-03-07 A history of the post World War II refugee camp located in Wildflecken Germany In 1936 the Nazi state created a massive military training site near Wildflecken a tiny community in rural Bavaria During the war this base housed an industrial facility that drew forced laborers from all over conquered Europe At war s end the base became Europe s largest Displaced Persons camp housing thousands of Polish refugees and German civilians fleeing Eastern Europe As the Cold War intensified the US Army occupied the base removed the remaining refugees and stayed until 1994 Strangers in the Wild Place tells the story of these tumultuous years through the eyes of these very different groups who were forced to find ways to live together and form a functional society out of the ruins of Hitler s Reich This well researched and well documented book will contribute to the growing literature of the refugee crisis throughout postwar Europe and the variety of populations gathered on Allied occupied German territory and thereby forcefully challenge the myth that the conspicuous and anxiety provoking presence of non Germans is a new problem for Germany It demonstrates clearly that it was the presence of foreign east European DPs as well as American occupiers that served to push the integration of ethnic German

refugees into the young Federal Republic and to reconstitute in the wake of a catastrophic war a new and highly functional Volksgemeinschaft. Atina Grossmann New York University In clear straightforward prose Seipp does yeoman's work with his extensive use of both primary and secondary sources. His treatment of the pentagonal interaction of the camp's residents, the town of Wildflecken, the US Army, the UNRRA, and the Land of Bavaria contributes to a greater understanding of just how complex the reconstruction of a country's socio-political infrastructure must necessarily be in the aftermath of a major conflict. German History Medical Jurisprudence and Rules of the Medical Profession Rudolf Ramm, 2019-11-18 The Nazi Viewpoint on the Position and Responsibilities of the Physician in the German National Socialist Society This work is translated, annotated, and introduced by Melvin Wayne Cooper. This is the first translation in English of Rudolf Ramm's textbook *rtztliche Rechts und Standeskunde Der Arzt als Gesundheitserzieher* translated and introduced by Melvin Wayne Cooper. Medical Jurisprudence and Rules of the Medical Profession has been reported to be an influential manual for medical ethics in Nazi Germany and is commonly quoted as representing the Nazi viewpoint of the position and responsibilities of the physician in the National Socialist society. It interprets the National Socialist Weltanschauung, i.e., the National Socialist Philosophical Worldview, and makes explicit how this world view was to be actuated by the true National Socialist physician. It is a good text to attempt to see the National Socialist medical world view from the perspective of its practitioners. Ramm's text could be viewed as being analogous to an Army Field Manual for the practicing National Socialist physician. It dictates the specific applications of the legal values and rules which emanate from this Weltanschauung to the developing medical students and practicing National Socialist physicians. According to some scholars, Ramm's book, which was written not only for students but also for postgraduates and which received positive reviews in German medical journals, is the most important known historical source pertaining to the instruction of Nazi medical ethics. The 1942 edition sold out within a year, and a second edition published in 1943 included an extended appendix of medical laws. Through this book, Ramm's unique text is now available for an English language audience thanks to the thorough translation and accessible introduction by Melvin Wayne Cooper. **Hitler's Priests** Kevin Spicer, 2008-04-14 Shaken by military defeat and economic depression after World War I, Germans sought to restore their nation's dignity and power. In this context, the National Socialist Party, with its promise of a revived Germany, drew supporters. Among the most zealous were a number of Catholic clergymen known as brown priests who volunteered as Nazi propagandists. In this insightful study, Spicer unearths a dark subchapter in Roman Catholic history, introduces the principal clergymen who participated in the Nazi movement, examines their motives, details their advocacy of National Socialism, and explores the consequences of their political activism. Some brown priests, particularly war veterans, advocated National Socialism because it appealed to their patriotic ardor. Others had less laudatory motives: disaffection with clerical life, conflicts with Church superiors, or ambition for personal power and fame. Whatever their individual motives, they employed their skills as orators, writers, and teachers to proclaim the message of Nazism. Especially

during the early 1930s when the Church forbade membership in the party these clergymen strove to prove that Catholicism was compatible with National Socialism thereby justifying their support of Nazi ideology Father Dr Philipp Haeuser a scholar and pastor went so far as to promote antisemitism while deifying Adolf Hitler The F hrer s antisemitism Spicer argues did not deter clergymen such as Haeuser because although the Church officially rejected the Nazis extreme racism Catholic teachings tolerated hostility toward Jews by blaming them for Christ s crucifixion While a handful of brown priests enjoyed the forbearance of their bishops others endured reprimand or even dismissal a few found new vocations with the Third Reich After the fall of the Reich the most visible brown priests faced trial for their part in the crimes of National Socialism a movement they had once so earnestly supported In addition to this intriguing history about clergymen trying to reconcile faith and politics Spicer provides a master list verified by extensive research in Church and government archives of Catholic clergy who publicly supported National Socialism *The Inter-War Crisis* Richard Overy,2014-06-11 The inter war years were at the time perceived to be years of crisis across the world The First World War the war to end all wars had solved nothing and its legacy was a world full of unresolved disputes and manifest ambiguities Overy examines the Russian Revolution and its aftermath the Wall Street Crash of 1929 and the subsequent economic crisis which struck at the very foundations of the capitalist world and seeks to explain why dictatorships came to supplant democracy in Italy Spain Germany the Baltic States and the Balkans and why the world slid into war once more in 1939 *With Intent to Destroy* Colin Martin Tatz,2003-08-14 An exciting and important study of genocide *The State of Health* Geoffrey Campbell Cocks,2012-01-12 The State of Health Illness in Nazi Germany explores and analyses the experience of illness in German society under National Socialism As is well known the Nazis mobilised medicine for purposes of racial cultivation and extermination What has been much less understood is that the experience of health and illness in the Third Reich also marked a crucial juncture in the history of the modern self and body in Germany and the West The secular and material bourgeois self was a product of the industrial and commercial society Germany had become before Hitler The peculiarly rapid pace of social change in Germany combined with a series of military political and economic disasters after 1914 created an environment of heightened sensitivity and anxiety concerning the relationship between individual and community This historical environment also aggravated concerns about health and illness of the morbid mortal and sexual body and mind in which the modern self was lodged The racist policies of the Third Reich worsened popular anxiety over illness and health And while Nazism exploited popular longings for national community the modern self of material pleasure appetite and desire too would be prop as well as problem for the Hitler regime Drawing from the rich historical literature on modern Germany and the Third Reich as well as on previously unexamined primary sources from over forty archives The State of Health documents vital continuities and discontinuities in the history of modern Germany and the West up to and beyond the Nazi years In exploring the social medical and discursive spaces of health and illness in the Third Reich Geoffrey Cocks

illuminates significant and fateful experiences in peace and war with medicine doctors and drugs work collaboration
constraint and agency self and other persecution enslavement and extermination gender and sexuality pain injury madness
and death and historical memory and amnesia
