Penas Arriba:

A Further Range Anthony Hedley Clarke,1999 The Spanish literature discussed in this volume falls into two main categories the work of Galician novelist short story writer and critic Emilia Pardo Bazan and the wider context of prose fiction and criticism during the period 1870 to 1935 *Masculine Figures* Nicholas Wolters,2023-01-25 Based on years of archival research in Madrid and Barcelona this interdisciplinary study offers a fresh approach to understanding how men visualized themselves and their place in a nation that struggled to modernize after nearly a century of civil war colonial entanglement and imperial loss *Masculine Figures* is the first study to provide a comprehensive overview of competing models of masculinity in nineteenth century Spain and it is particularly novel in its treatment of Catalan texts and previously unstudied evidence e g department store catalogs commercial advertisements fashion plates and men s tailoring journals Fictional masculinity performs a symbolic role in representing and negotiating the contradictions male novelists often encountered in their attempts to professionalize not only as writers but also as businessmen professors lawyers and politicians Through specific and recurring figures like the student the priest the businessman and the heir male novelists portray and represent an increasingly middle class world at odds with the values and virtues it inherited from an imperial Spanish past and those it imported from more industrialized nations like England and France The visual culture of the time and place marks the material turn in middle class masculinity and sets the stage for discussions of race and sexuality Las Mejores Novelas Contemporáneas: 1895-1899 Joaquín de Entrambasaguas,1957 *Contemporary Spanish Literature* Aubrey Fitz Gerald Bell,1925 *Jose Maria de Pereda. Con Don G. de Quiñones vezino de la dicha ciudad* Diego NUÑEZ DE CASTRILLO (and GUTIERREZ DEL MAZO ()),1625 *Al Rey Nro. Sor. por la provincia de la Compañía de Jesus de la nueva España. Hubiera querido nacer en un país donde el soberano y el pueblo no pudiesen tener más que un solo y común interés a fin de que todos los movimientos de la máquina no tendiesen más que al bien común lo que no pudiendo lograrse a menos que el pueblo y el soberano sean una misma persona se sigue que habría querido nacer bajo un gobierno democrático sabiamente atemperado. Habría querido vivir y morir libre es decir de tal manera que nadie pudiese sacudir el honorable yugo. Ese yugo saludable y suave que las cabezas más altivas llevan más dócilmente en tanto no están hechas para llevar ningún otro. Hubiera querido que nadie en el Estado hubiese podido ponerse por encima de la ley y que nadie desde fuera hubiese podido imponer una que el Estado estuviese obligado a reconocer. Pues cualquiera que fuese la constitución de un gobierno si se hallase un solo hombre que no estuviese sometido a la ley todos los otros estarían necesariamente a merced de él y si hubiese un jefe nacional y otro jefe extranjero cualquier partición de autoridad que pudiesen hacer sería imposible que ni uno ni otro fuesen obedecidos y que el Estado estuviese bien gobernado.
