Rembrandt Supper At Emmaus:

Rembrandt Rembrandt Harmenszoon Van, 2000-09 These books invite the reader on a journey through the most famous paintings in the history of art Detailed informative stimulating portraits of the individual artists are documented alongside beautiful glossy illustrations detailed keys to the paintings

Rembrandt's Faith: Church and Temple in the Dutch Golden Age, An art historical study of Rembrandt's use of religious imagery arranged by subject matter Demonstrates the new ideas the artist brought to his interpretations of the Jerusalem Temple and the apostolate church as he explored the relationship between Jewish and Christian revelation in biblical history Provided by publisher

Rembrandt's Religious Prints Charles M. Rosenberg, 2017-09-11 A stunning catalogue of the seventy religious prints from the 2017 exhibition featuring detailed background information on each piece Rembrandt's stunning religious prints stand as evidence of the Dutch master's extraordinary skill as a technician and as a testament to his genius as a teller of tales Here several virtually unknown etchings collected by the Feddersen family and now preserved for the ages at the University of Notre Dame are made widely available in a lavishly illustrated volume Building on the contributions of earlier Rembrandt scholars noted art historian Charles M Rosenberg illuminates each of the seventy religious prints through detailed background information on the artist's career as well as the historical religious and artistic impulses informing their creation Readers will enjoy an impression of the earliest work The Circumcision 1625 26 the famous Hundred Guilder Print the enigmatic eighth state of Christ Presented to the People one of a handful of examples of the very rare final posthumous state of The Three Crosses and an impression and counterproof of The Triumph of Mordecai From the joyous epiphany of the coming of the Messiah to the anguish of the betrayal of a father Jacob by his children from choirs of angels waiting to receive the Virgin into heaven to the dog who defecates in the road by an ancient inn The Good Samaritan Rembrandt's etchings offer a window into the nature of faith aspiration and human experience ranging from the ecstatically divine to the worldly and mundane Ultimately these prints modest intimate fragile objects are great works of art which like all masterpieces reward us with fresh insights and discoveries at each new encounter Despite many reliable catalogues of Rembrandt etchings very few have focused on the religious content of these prints The outstanding range of the Feddersen Collection offers an excellent occasion for closer examination of Rembrandt's development as a printmaker but also as a spiritual devout Christian especially evident from his thoughtful return to the same subjects across his career Charles Rosenberg and his team at the Smit Museum deserve our thanks for fresh analysis of Rembrandt's religious prints combined with the latest scholarship on the artist and his etchings output Rembrandt scholars but also all lovers of the artist will want to consult this important catalogue Larry Silver author with Shelley Perlove of Rembrandt's Faith Church and Temple in the Dutch Golden Age Rembrandt's etchings of religious themes capture the emotional heart of their subjects through a uniquely inventive approach to both technique and content The seventy prints gathered by Jack and Alfrieda Feddersen span the full range of Rembrandt's production and offer an

outstanding resource for appreciation and research This catalogue tells the fascinating story of how the collection was formed and brings a fresh analysis to each print Charles Rosenberg's extensive catalogue entries will be useful reading for anyone interested in the history of European art and one of its most talented practitioners Rembrandt van Rijn Stephanie Dickey Queen's University **Rembrandt** Gerard Baldwin Brown, 1907 Rembrandt's Whore Sylvie Matton, 2020-02-06 A sensitive innocent Hendrickje Stoffels escapes the harsh realities of her garrison home town to take up a servant's role in Rembrandt's household She soon becomes his lover and closest confidante and plays witness to the highs and lows of the great artist's life But Hendrickje is fated to discover the hypocrisy and greed of society in Amsterdam's Golden Age In sensuous prose Matton paints a powerful fictional portrait of this impassioned relationship through the eyes of a remarkable woman **The Great Painters: In Relation to the European Tradition** Edith R. Abbot, 1927 **The Great Painters' Gospel: Pictures Representing Scenes and Incidents in the Life of Our Lord Jesus Christ** Henry Turner Bailey, 1900-01-01 *A Corpus of Rembrandt Paintings VI* Ernst van de Wetering, 2014-11-11 A revised survey of Rembrandt's complete painted oeuvre The question of which 17th century paintings in Rembrandt's style were actually painted by Rembrandt himself had already become an issue during his lifetime It is an issue that is still hotly disputed among art historians today The problem arose because Rembrandt had numerous pupils who learned the art of painting by imitating their master or by assisting him with his work as a portrait painter He also left pieces unfinished to be completed by others The question is how to determine which works were from Rembrandt's own hand Can we for example define the criteria of quality that would allow us to distinguish the master's work from that of his followers Do we yet have methods of investigation that would deliver objective evidence of authenticity To what extent do research techniques used in the physical sciences help Or are we after all still dependent on the subjective expert eye of the connoisseur The book provides answers to these questions Prof Ernst van de Wetering the author of our forthcoming book which deals with these questions has been closely involved in all aspects of this research since 1968 the year the renowned Rembrandt Research Project RRP was founded In particular he played an important role in developing new criteria for authentication Van de Wetering was also witness to the way the often overly zealous tendency to doubt the authenticity of Rembrandt's paintings got out of hand In this book he re attributes to the master a substantial number of unjustly rejected Rembrandts He also was closely involved in the re discovery of a considerable number of lost or completely unknown works by Rembrandt The verdicts of earlier specialists including the majority of members of the original RRP up to 1989 were based on connoisseurship the self confidence in one's ability to recognise a specific artist's style and hand Over the years Van de Wetering has carried out seminal research into 17th century studio practice and ideas about art current in Rembrandt's time In this book he demonstrates the fallibility of traditional connoisseurship especially in the case of Rembrandt who was par excellence a searching artist The methodological implications of this critical view are discussed in an introductory chapter which relates

the history of the developments in this turbulent field of research Van de Wetering's account of his own involvement in it makes this book a lively and sometimes unexpectedly personal account The catalogue section presents a chronologically ordered survey of Rembrandt's entire painted oeuvre of 336 paintings richly illustrated and annotated For all the paintings re-attributed in this book extensive commentaries have been included that provide a multi-faceted new insight into Rembrandt's world and the world of art historical research Rembrandt's Paintings Revisited is the concluding sixth volume of A Corpus of Rembrandt Paintings Volumes I-V 1982 1986 1989 2005 2010 It can also be read as a revisionary critique of the first three Volumes published by the old RRP team up till 1989 and of Gerson's influential survey of Rembrandt's painted oeuvre of 1968-69 At the same time the book is designed as an independent overview that can be used on the basis that anyone seeking more detailed information will be referred to the five previous digital versions of the Volumes and the detailed catalogues published in the meantime by the various museums with collections of Rembrandt paintings This work of art history and art research should belong in the library of every serious art historical institute university or museum

Catalogues of Items for Auction by Messrs. Sotheby, Wilkinson & Hodge, 1850-1880, *Transfiguration* Stephen Cheeke, 2016 Transfiguration explores the work of John Ruskin Robert Browning Dante Gabriel Rossetti and Walter Pater treating in particular the ways in which they engaged with the Christian content of their subject and in Pater's case how the art of Christianity was contrasted with classical sculpture Stephen Cheeke examines two related phenomena idolatry a false substitution a sexual betrayal and the poetics of transfiguration to elevate or glorify subject matter not thought of as conventionally poetic to praise Central to the book is the question of the translation of religion into art and aesthetics a process which supposedly undergirds the advent of the museum age and makes possible the idea of a religion of art as a phenomenon of late century Aestheticism Such a phenomenon is prepared for however through the engagement with Christian painting and classical sculpture in the work of these four writers All four thought carefully about the ways in which a particular mimetic impulse of making live in artworks could be connected to religious experience This meant exploring the nature of the link between seeing and believing visualising in order to conceive to verify but also in the sense of being acted upon by the visible All four wrote about the great power of artworks to transfigure the objects of their attention In each case there emerges the possibility of a secret sexual knowledge hiding within or lying on the other side of the sensuous knowledge of aesthesis All four wondered whether this was inherently hostile to Christianity or whether it may finally be an accommodation within it

Calvinism and the Arts Christopher Richard Joby, 2007 It is often thought that the French Reformer John Calvin 1509-1564 had a negative attitude towards the arts particularly visual art However in Calvinism and the Arts A Re-assessment Dr Joby argues that in Calvin's writings and in the development of the Reformed tradition more generally it is possible to discern a more positive attitude than has hitherto been recognized He makes a start by examining exactly what type of visual art Calvin rejected and what type he affirmed He goes on to consider how Calvin's epistemology and eschatology can be used to argue for the

placing of certain types of art notably histories and landscape paintings within Reformed churches and then devotes separate chapters to reflecting on how music architecture and church decoration within the Reformed tradition provide further arguments for the use of these works of art In the final section he looks at specific histories and landscapes from the Dutch Golden Age and considers how the form and content of both of these types of art provide us with further ontological and epistemological arguments which inevitably lead to the conclusion that their continued exclusion from Reformed churches is no longer tenable **Light as Experience and Imagination from Medieval to Modern Times** David S.

Herrstrom,2022-11-21 In *Light as Experience and Imagination from Medieval to Modern Times* David S Herrstrom synthesizes and interprets the experience of light as revealed in a wide range of art and literature from medieval to modern times The true subject of the book is making sense of the individual s relationship with light rather than the investigation of light s essential nature while telling the story of light seducing individuals from the Middle Ages to our modern times Consequently it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light optical science but rather with subjective reactions as reflected in art architecture and literature Instead of its evolution this book celebrates the complexity of our relation to light s character No individual experience of light being truer than any other *The Story of Jesus, a Manual for Religious Instruction in the Intermediate Grades* Florence Buck,1917 **The Century** ,1893 **Rembrandt's Holland** Larry Silver,2021-10-18 Now in paperback a beautifully illustrated introduction to the life and work of the exceptional Dutch painter Rembrandt van Rijn and the Netherlands grew up together The artist born in Leiden in 1606 lived during the tumultuous period of the Dutch Revolt and the establishment of the independent Dutch Republic He later moved to Amsterdam a cosmopolitan center of world trade and became the city s most fashionable portraitist His attempts to establish himself with the powerful court at The Hague failed however and the final decade of his life was marked by personal tragedy and financial hardship Rembrandt s Holland considers the life and work of this celebrated painter anew as it charts his career alongside the visual culture of urban Amsterdam and the new Dutch Republic In the book Larry Silver brings to light Rembrandt s problematic relationship with the ruling court at The Hague and reexamines how his art developed from large scale detailed religious imagery to more personal drawings and etchings moving self portraits and heartfelt close ups of saintly figures Ultimately this readable biography shows how both Rembrandt and the Dutch Golden Age ripened together Featuring up to date scholarship and in depth analysis of Rembrandt s major works and illustrated beautifully throughout it is essential reading for art students and anyone who enjoys the work of the Dutch Masters *Going Abroad?* Robert Luce,1898 **Art Studies in the Life of Christ** Albert Edward Bailey,1917 *Century Illustrated Monthly Magazine ...* ,1894 **The Century Illustrated Monthly Magazine** ,1894 **The Children's Book of Celebrated Pictures** Lorinda Munson Bryant,2019-12-12 In *The Children s Book of Celebrated Pictures* Lorinda Munson Bryant masterfully presents a curated selection of classic art pieces transforming renowned paintings into a

visual narrative designed for young readers This engaging volume utilizes a playful yet informative literary style combining vivid descriptions with imaginative storytelling that invites children to explore the emotional and historical significance behind celebrated artworks Set against the backdrop of an emerging interest in childhood education during the early 20th century Bryant s book serves not only as an introduction to art but also as a reflection of the broader cultural appreciation for fine arts in American society Lorinda Munson Bryant a notable figure in American children s literature drew from her extensive experience as an educator and her passion for the arts to create this unique work Her background in teaching inspired her to develop resources that fostered creativity and understanding among children bridging the gap between literature and visual art With her keen insight into child psychology Bryant aimed to nurture a generation s appreciation for beauty and expression through an accessible and engaging format This delightful book is highly recommended for parents educators and young art enthusiasts alike It not only enhances children s cultural literacy but also instills a sense of wonder and curiosity about the world of art The Children s Book of Celebrated Pictures is a timeless resource that encourages exploration and discussion making it an essential addition to any child s library
