Albert Philson Brubaker

Revolution From The Heart:

Revolution of the Heart Haiyan Lee, 2006-12-07 This book is an engagingly written critical genealogy of the idea of love in modern Chinese literature thought and popular culture It examines a wide range of texts including literary historical philosophical anthropological and popular cultural genres from the late imperial period to the beginning of the socialist era It traces the process by which love became an all pervasive subject of representation and discourse as well as a common language in which modern notions of self gender family sexuality and nation were imagined and contested Winner of the Association for Asian Studies 2009 Joseph Levenson Book Prize for the best English language academic book on post 1900 China

Revolution of the Heart Albert Hammond, 2005

Times Change: a History of the Network of Sacred Heart Schools Susan Putman Maxwell RSCJ, 2017-08-04 Times Change is an apt description of the developments in schools of the Society of the Sacred Heart and other Catholic schools throughout the world in the era since the Second Vatican Council of the Catholic Church In this book the author who has played a significant role in these developments offers her memoir of the turbulence and the triumphs of this piece of educational history She traces the development of the vision statement of Sacred Heart education against the background of the educational philosophy of the society

The Seeking Heart Ian Mobsby, 2025-01-28 In the contemporary church the word mission has become synonymous with pace expansion and results Yet such an approach can often leave those with responsibilities in mission or ministry feeling exhausted and overwhelmed Not only that but mission which focuses on the rapid and the growing fails to recognise the rich resources the more contemplative Christian traditions can offer our post secular society and especially those who would call themselves spiritual but not religious

Awakening The Universal Heart Serge Beddington-Behrens, 2013-09-11 A guide to improving your quality of life and changing the world for the better I invite you to come on a journey with me into one of the most important yet often most neglected dimension of yourself your heart I want to help you discover as I have slowly been discovering that our hearts not only hold the key to our being able to live a fuller and more meaningful life but also to our being able to play a part in helping heal our planet The change needed is a shift out of our primarily head focus into becoming increasingly heart centered where we are connected to our hearts and are potentially capable of moving mountains We are only going to be good activists if we have plenty of heart in our lives if we are big hearted with a well activated Heart A culture of Heart is vital if we are to heal the many wounds and splits that exist between different classes religions tribes and nations The book has been written from a place of great hope and joy based on knowledge that our world is changing and that the planetary heart is at last awakening Praise for Awakening the Universal Heart If you want to open and develop your heart to create a better world for everyone then read this passionate and inspiring book William Bloom author educator and activist We need practical visionaries to show us the way towards a culture of love and of the heart Serge is one such visionary David Lorimer Programme Director of the Scientific and Medical Network

A Practical Treatise on the Diseases of the Heart and

Great Vessels Walter Hayle Walshe,1873 [A Handbook of Medical Diagnosis](#) James Cornelius Wilson,1911 **Songs from My Heart** Daisaku Ikeda,2014-10-01 For many years Daisaku Ikeda has used poetry to express his innermost observations and sensations He has given poetic voice to feelings that have emerged from real life and from the activities of an internationally known champion of peace and education and the leader of a worldwide lay Buddhist movement With a vigour and simplicity that derive from a style rooted in classical rather than colloquial traditions his poems celebrate the themes of youth and of progress and the mysteries of the natural world whether a wind that sighs with its melancholy chant to the traveller or a great sky with its transcendent beauty and stillness or a moon that shines with the light of the silver monarch These are poignant meditations above all on time transience and the eternal rendered visible through a palette of diverse poetic colour and framed within a universe where all people are called to strive for a better world Such a world is characterized not by division but by peace and love In that sense these are verses expressive of the author s deepest hopes and sentiments not merely poems but keenly felt songs from his heart **The Undivided Heart** Zachary Alan Starr,2025-07-31 The Undivided Heart presents a history of legal and moral thought in Jewish civilization from the earliest times until 200 CE It discusses Israelite wisdom literature biblical law collections the prophets works of the Hellenic Jewish Diaspora the apocrypha apocalypses the Dead Sea Scrolls and the Mishnah and it compares the moral teaching of the Pharisees tannaim the Essenes and Jesus of Nazareth Among the book s important insights is that ancient Israel experienced a fundamental moral change from people esteeming qualities and conduct having competitive value to people esteeming qualities and conduct having cooperative value These newly esteemed qualities and conduct were moreover not originally justified as being commanded by God but as promoting the nation s well being Another important insight concerns Jeremiah s belief that human beings would not be righteous until given a single heart Although Jeremiah is typically understood as envisioning the end of free will this book argues that Jeremiah was actually envisioning the integration of human desires and emotions and that a single heart is better translated an undivided heart The notion of an undivided and a divided heart was used throughout the Second Temple period to explain respectively moral rectitude and moral failure *A Compend of human physiology* Albert Philson Brubaker,1893
