Rod and Lucinda Heikell, 2018-12-31 Turkish Waters and Cyprus Pilot covers the entire coast of Turkey from the Black Sea down the Aegean coast and around to the Syrian border. The coasts, ports and marinas of the island of Cyprus are also described. There are few more beautiful cities in the world that it is possible to sail into the heart of, but that is what the authors were able to do in Istanbul while researching this, the tenth edition. Their research also took them south as far as Gök and to Cyprus. Much has changed with new marinas completed and more under construction, but much has also stayed the same, namely the warmth and hospitality of the people you encounter. This new edition includes all the latest information and marina developments with new plans and photos, many of which were taken by the authors. Turkish Waters and Cyprus Pilot is considered the essential companion to sailing these waters.
