Moon,2013-07-24 Throughout its human history New Zealand has been interpreted and experienced in often radically different ways Each wave of arrivals to its shores has left its own set of views of New Zealand on the country applying a new coat of mythology and understanding to the landscape usually without fully removing the one that lies beneath it Encounters is the wide ranging audacious and gripping story of New Zealand s changing national identity how it has emerged and evolved through generations In this genre busting book historian Paul Moon delves into how the many and conflicting ideas about New Zealand came into being Along the way he explores forgotten crevices of the nation s character and exposes some of the mythology of its past and present These include for example the earliest Maori myths and the mock sacredness of the All Blacks in the twenty first century the role of nostalgia in our national character both Maori and Pakeha whether the explorer Kupe existed the appeal of the Speight s Southern Man and ruminations on New Zealand art and landscape What results is an absorbing piece of scholarship an imaginative and exuberant epic that will challenge preconceptions about what it means to be a New Zealander and how our country is understood Lyrical breathtaking and provocative and illustrated with artworks throughout Encounters offers an extraordinary insight into the beginnings of our country **The Varieties of**

Temporal Experience Michael D. Jackson,2018-04-10 What does it mean to live in time between the unforeseeable and the irreversible In *The Varieties of Temporal Experience* Michael Jackson demonstrates the significance of a phenomenology of time for ethnography philosophy and history through a multifaceted consideration of the gap between our cultural representations of temporality and the bewildering multiplicity of our experience of being in time Jackson explores temporality in a subjective mode as a form of literary anthropology The first part of the book tells the story of John Joseph Pawelka whose 1910 escape from prison and subsequent disappearance became one of New Zealand s great unsolved mysteries discussing what it reveals about the interplay of popular stories hidden histories and media narratives in constructing allegories of national and moral identity In the second Jackson reflects on journeys up and down the islands of New Zealand touching on the ways that personal stories are interwoven with social and historical events Throughout this groundbreaking book Jackson juxtaposes philosophy history and ethnography in an attempt to do justice to the extraordinary variety of temporal experience at the same time exploring the ethical and existential quandaries that arise from the complexity of lived time *The Ideal Society and Its Enemies* Miles Fairburn,2013-10-01 In this challenging and provocative study of the nature of settler society in 19th century New Zealand Fairburn focuses on the lives of the common people and presents a rigorous and original description of the place and time which is radically different from those of previous historians An important book that will have a major impact on our understanding of New Zealand s past it is also a significant
