Secrets Of Western Tantra:

Secrets of Western Tantra Christopher S. Hyatt, 1989 So many books on Tantra are obscure obtuse and of little real use especially for the Western Practitioner But finally SECRETS OF WESTERN TANTRA is a book which provides a direct honest pragmatic no holds barred approach to the most powerful methods for personal growth and spiritual attainment Sex is one of the most powerful forces on the planet and until it is transformed the people and the planet will remain asleep *Tantra* Hugh B. Urban, 2012 Bhadriraju Krishnamurti 1928 is Professor and Head of the department of Linguistics at Osmania University Hyderabad He received a B A Hons Degree 1948 in Telugu language and literature at Andhra University Waltair and an M A 1955 and Ph D 1957 in linguistics from the university of Pennsylvania U S A Hidden Intercourse Wouter J. Hanegraaff, Jeffrey Kripal, 2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries *Secrecy* Hugh B. Urban, 2021-01-12 The powers of political secrecy and social spectacle have been taken to surreal extremes recently Witness the twin terrors of a president who refuses to disclose dealings with foreign powers while the private data of ordinary citizens is stolen and marketed in order to manipulate consumer preferences and voting outcomes We have become accustomed to thinking about secrecy in political terms and personal privacy terms In this bracing new work Hugh Urban wants us to focus these same powers of observation on the role of secrecy in religion With *Secrecy* Urban investigates several revealing instances of the power of secrecy in religion including nineteenth century Scottish Rite Freemasonry the sexual magic of a Russian born Parisian mystic the white supremacist Br der Schweigen or Silent Brotherhood movement of the 1980s the Five Percenters and the Church of Scientology An electrifying read *Secrecy* is the culmination of decades of Urban s reflections on a vexed ever present subject **Allow Me to Introduce** Lon Milo DuQuette, 2020-02-01 DuQuette s enthusiastic recommendations and heartfelt analyses will inspire any reader interested in the occult Publishers Weekly A guided tour to the occult and esoteric worlds from a beloved author and scholar For over 30 years Lon Milo DuQuette has written incisively about the tarot magick Qabalah and divination and provided introductory material for the most renowned authors on these topics such as Aleister Crowley Israel Regardie John Dee Frater Achad Rodney Orpheus H P Lovecraft Phyllis Seckler John Michael Greer Susan Montag Donald Michael Kraig and many others

Considered as a whole this collection of writings provides an invaluable introduction to many aspects and personalities of the occult and esoteric worlds by one of the foremost authorities on such arcane subjects Collected here are Lon s best writings each crafted with an eye toward the importance and immortality of the work with his studied insight and scholarship along with his renowned sense of humor

Tarot and the Path of Initiation Henry Ho,2013-11-18 This book came into being from the authors exasperation at the ignorance of many users of the Thoth tarot deck They prefer to go by their intuition rather than study Crowleys companion book to the deck The Book of Thoth Its too dense they cry Im not interested in these philosophies I just want to read Tarot The above sentence is the greatest insult to Aleister Crowley the creator of the Thoth deck For the decks purpose was to convey the higher mysteries to the diviner Crowley intended for the deck never to be sold separately from the Book of Thoth And so heart full of elitist snobbery and sense of obligation to Crowley the author of this book set out to spoon feed this dense material to the masses without watering down its contents In the spirit of Crowley who sought to enlighten the world the author has added his own contribution to Crowleys legacy out of duty It was due to Crowleys belief in freedom of information during an era of politics and secrecy that the author was able to get his own hands on the gem of all spiritual writing the Book of Thoth

The Journey Across Forever Wayne Saalman,2023-06-30 A Magical Mystery Ride through the Prism of History in a Search for the Answers to Humanity s Highest Dreams The Journey Across Forever is a powerful collection of writings detailing the author s metaphysical insights and paranormal experiences over the decades as he traveled the world in a quest for truth and enlightenment Topics under discussion include the profound mysteries of consciousness precognition karma reincarnation the Phenomenon UAPs the Dreamtime of the Aborigines Hermeticism alchemy and the secret knowledge shamanism psychotropics and the three forms of magic Saalman reveals what the physicist the mystic and all seekers of truth have in common and explains why climate change the power of social media the threat of apocalyptic politics and the nefarious appeal of the dark web are a spiritual challenge for each of us Above all The Journey Across Forever deeply explores why it is crucial that we heed the words here and now of those who have had a near death experience if we genuinely believe in the reality of spiritual immortality and wish to make our way to higher dimensions upon our own exit from this planet In the meantime the author argues a Brave New Aquarian Age of promise is ours for the making if we really want it and are prepared to do what it takes to secure it
