Secuestro virtual Alfredo Ernesto Abarca,2004 **The Drowning Ground** James Marrison,2015-08-25 Out here in the quaint ceaseless calm of an English village it is hard to imagine a life beyond From the outside everything seems to make sense Everything has its place My friends are open and unsuspecting There is none of the natural suspicion of the Argentinian For me it s unbelievable in a way For two decades after being forced to leave his native Argentina Detective Chief Inspector Guillermo Downes has sought tranquility in the orderly life of the English Cotswolds But violence can strike just as suddenly in the countryside as it can in Buenos Aires When the body of wealthy landowner Frank Hurst is found with a pitchfork through his neck it brings back disturbing memories of former mysteries Hurst s wife drowned in their swimming pool an official accident though many villagers have their doubts And what about the two young girls who were abducted years before with some possible links to Hurst that were never proven It s something truly terrible to make someone disappear Downes tells his partner Because the family never know you see Years ago he had promised the vanished girls mothers to find their daughters and as the ripples from Hurst s death spread through the village there is fresh hope that he might finally make good on that promise no matter what it costs the community or himself With the kind of insights into life in a seemingly peaceful village that made Broadchurch so powerful James Marrison s *The Drowning Ground* introduces a terrific new voice in crime fiction *Secuestros: prevención, reconocimiento y reacción* Yovan Galico Wernicky,2019-04-02 La posibilidad de cualquier v ctima potencial de SECUESTRO de FRUSTRAR uno es muy alta esto debido a que es uno de los cr menes que m s log stica requieren por ello es que una vez que se empieza a planear un atentado en nuestra contra podemos detectarlo en sus fases m s tempranas y desviar el peligro hacia otro lado lo nico que necesitamos saber es que buscar cuales actos son los que disparan las luces rojas de alarma Y eso es precisamente de lo que vamos a hablar en este libro en un lenguaje sin tecnicismos escrito de profesional al usuario com n con el fin de que sea realmente f cil comprender que necesitamos hacer y c mo hacerlo **Deported to Death** Jeremy Slack,2019-07-30 What happens to migrants after they are deported from the United States and dropped off at the Mexican border often hundreds if not thousands of miles from their hometowns In this eye opening work Jeremy Slack foregrounds the voices and experiences of Mexican deportees who frequently become targets of extreme forms of violence including migrant massacres upon their return to Mexico Navigating the complex world of the border Slack investigates how the high profile drug war has led to more than two hundred thousand deaths in Mexico and how many deportees stranded and vulnerable in unfamiliar cities have become fodder for drug cartel struggles Like no other book before it *Deported to Death* reshapes debates on the long term impact of border enforcement and illustrates the complex decisions migrants must make about whether to attempt the return to an often dangerous life in Mexico or face increasingly harsh punishment in the United States **Secuestro. Vision, Technology, and Subjectivity in Mexican Cyberpunk Literature Stephen C. Tobin, 2023-07-06 Vision Technology and Subjectivity in Mexican Cyberpunk Literature interrogates an array of cyberpunk and post cyberpunk science fiction novels and short stories from Mexico whose themes engage directly with visual technologies and the subjectivities they help produce all published during and influenced by the country s neoliberal era This book argues that television computers and smartphones

and the literary narratives that treat them all correspond to separate yet overlapping scopic regimes within the country today. Amidst the shifts occurring in the country's field of vision during this period, the authors of these cyberpunk and post-cyberpunk narratives imagine how these devices contribute to producing specular subjects or subjects who are constituted in large measure by their use and interaction with visual technologies. In doing so, they repeatedly recur to the posthuman figure of the cyborg in order to articulate these changes. Stephen C. Tobin therefore contends that the literary cyborg becomes a discursive site for working through the problematics of sight in Mexico during the globalized era. In all these specular fictions represent an exceptional tendency within literary expression, especially within the cyberpunk genre that grapples with themes and issues regarding the nature of vision being increasingly mediated by technology.
