

Secularism Revivalism in Turkey

A HERMENEUTIC RECONSIDERATION

ANDREW DAVISON

Secularism And Revivalism In Turkey

D. Jung

Secularism And Revivalism In Turkey:

Secularism and Revivalism in Turkey Andrew Davison, 1998-01-01 In this new interpretation of the modernisation secularization of Turkey Andrew Davison demonstrates the usefulness of hermeneutics in political analysis illuminating the complex relations between religion politics in post Ottoman Turkey

Secularism and Revivalism in Turkey, 1998 In this new interpretation of the modernization and secularization of Turkey Andrew Davison demonstrates the usefulness of hermeneutics in political analysis A hermeneutic approach he argues illuminates the complex relations between religion and politics in post Ottoman Turkey and more broadly between politics and matters of culture tradition national identity and conscience in the modern world Led by Mustafa Kemal Atatürk a modernist Turkish elite in the 1920s wrested political power from an empire in which Islam had exercised great political social and cultural power Atatürk instituted policies designed to end Islamic power by secularizing politics and the state Through the lens of hermeneutics this book examines the ideas and policies of the secularizers and those who contested the process Davison reinterprets the founding principles and practices of a modern secular Turkey and closely reexamines the crucial ideas of the Turkish nationalist thinker Ziya Gökalp who laid the conceptual groundwork for Turkey's Westernization experience The application of hermeneutics the author finds remedies the methodological shortcomings of Western political analysts and provides a better understanding of the processes of secularization in Turkey as well as elsewhere in the modern world Publisher's description

The JDP and Making the Post-Kemalist Secularism in Turkey Pinar Kandemir, 2022-07-21 This book is an analytical study of secularism in contemporary Turkey by tracing its historical trajectory within the context of political transformation in a country that experienced a social and cultural rupture in its formative years Its principal focus is on the policies and practices of the current ruling party the Justice and Development Party JDP which has influenced the process of change evolution and transformation with regard to secularism and state policies toward religion Following its foundation in 2001 the JDP developed a unique approach to conceptualising the relationship between state and religion In contrast to other mainstream parties and political positions both in the past and present it offers an alternative vision and model to that of inherited Kemalist secularism as formulated by Mustafa Kemal Atatürk the founder of modern Turkey and refined by his close associates in the formative period of the Republic The project draws its findings from in depth interviews with members of political parties civil society activists and religious leaders

Secularism and State Religion in Modern Turkey Emir Kaya, 2017-05-30 The Diyanet the official face of Islam in Turkey is the Presidency of Religious Affairs a governmental department established in 1924 after the break up of the Ottoman Empire and the abolition of Caliphate In this book Emir Kaya offers an in depth multidisciplinary analysis of this vital institution Focusing on the role of the Diyanet in society Kaya explores the balance the institution has to strike between the Muslim traditions of the Turkish population and the secular creed of the Turkish state By examining the various laws that either bolstered or hindered the Diyanet's budgets and

activities Kaya highlights the institutional mindsets of the Diyanet membership He also evaluates its successes and failures as a state department that must consistently operate within the context of the religiosity of Turkish society By situating all of this within the two competing but often complimentary concepts of religion and secularism Kaya offers a book that is important for those researching the interplay of Islam and the state in Turkey and beyond *Democracy, Islam, & Secularism in Turkey* Ahmet Kuru, Alfred Stepan, 2012-02-14 While Turkey has grown as a world power promoting the image of a progressive and stable nation several policy choices have strained its relationship with the East and the West Providing social historical and religious context for Turkey's singular behavior the essays in *Democracy Islam and Secularism in Turkey* examine issues relevant to Turkish debates and global concerns from the state's position on religion and diversity to its involvement in the European Union Written by experts in a range of disciplines the chapters explore the Ottoman toleration of diversity during its classical period the erosion of ethno religious diversity in modern pre democratic times Kemalism and its role in modernization and nation building the changing political strategies of the military and the effect of possible EU membership on domestic reforms They also conduct a cross Continental comparison of multiple secularisms as well as political parties considering the Justice and Development Party in Turkey in relation to Christian Democratic parties in Europe The contributors tackle central research questions such as what is the legacy of the Ottoman Empire's ethno religious plurality and how can Turkey's assertive secularism be softened to allow greater space for religious actors They address the military's guardian role in Turkey's secularism the implications of recent constitutional amendments for democratization and the consequences and benefits of Islamic activism's presence within a democratic system No other collection confronts Turkey's contemporary evolution so vividly and thoroughly or offers such expert analysis of its crucial social and political systems

Theocracy, Secularism, and Islam in Turkey Christopher Houston, 2021-08-12 In this novel and lucid work Christopher Houston clarifies a particular modern style and practice of politics that he calls anthropocracy In the name of popular sovereignty anthropocracies de legitimize the rule of God's even as they re deploy it to stabilize the rule of the representatives of the people all the while obfuscating their political conscription of the divine In distinguishing anthropocracy from varieties of other secular and laicist political arrangements as well as from theocracy this book also gives readers a brilliant solution to what it calls the Turkish puzzle the dilemma over how to best describe and analyze state religion and state society relations in the Turkish Republic This work convincingly undermines two orthodox presumptions about Turkish politics the claim that Turkish modernity should be considered an example of secularity and the accusation that the current AKP government should be interpreted as Islamic On the contrary it argues that both Kemalism and the AKP continue to institute an anthropocratic Republic

Islam and Secularism in Turkey Umut Azak, 2010-04-07 Kemal Ataturk's Republic of Turkey was set up in 1923 as a secular state sweeping political social cultural and religious reforms followed Islam was no longer the official religion of the state the Sultanate was abolished and all Turkish citizens

were declared equal without reference to religion But though in Azak s phrase secularism was the central tenet of Kemalism fear of a resurgent even fanatical Islam continued to haunt the state Azak s revisionist and original study sets out the struggle between religion and secularism but shows how Ataturk laboured for an idealised Turkish Islam the social cement of the nation stripped of superstition and obscurantism and linked to modern science and positivist philosophy Turkish Islam has retained its traditional forms in the modern state and Ataturk s Mausoleum dominates the capital and continues to inspire a popular quasi religious devotion *Political Islam and the Secular State in Turkey* Evangelia Axiarlis,2014-06-20

How safe is Turkey s liberal democracy The rise to power in 2002 of the right leaning Islamic Justice and Development Party ignited fears in the West that Turkey could no longer be relied upon to provide a buffer against the growth of Islamic fundamentalism in the Middle East Once hailed by the West as a model of secularism and moderation in the Muslim world Turkey is now seen to be under the influence of the creeping Islamisation of the JDP or AKP as it is known in Turkey Yet to what extent has this affected the lives of Turkish citizens Evangelia Axiarlis here explores the contribution of the JDP to civil liberties and basic freedoms long suppressed by secular and statist Kemalist ideology and how this has remained unexamined despite more than a decade in government In this the first detailed study of the policies and ideology of Prime Minister Recep Tayyip Erdo an s government the author examines the extent to which the JDP has worked to improve civil life in Turkey and critically addresses whether a government built on Islamic principles can champion political reform Exploring how Islam and democracy are neither monoliths nor mutually exclusive this is a timely contribution to the wider understanding of political Islam Religion, Politics, and Turkey's EU Accession D. Jung,2008-09-29 This book brings together historians political scientists social anthropologists and legal scholars from Turkey and the EU The authors address questions such as the role of religion in EU membership debates religious parties in Turkey and Europe religion and European security freedom of religion and minority rights in Turkey and the EU

Citizenship and Identity in Turkey Basak Ince,2012-04-26 Is Turkish nationalism simply a product of Kemalist propaganda from the early Turkish Republic or an inevitable consequence of a firm and developing Turkish identity How do the politics of nationalism and identity limit Turkey s progression towards a fuller more institutionalised democracy Turkish citizenship is a vital aspect of today s Republic and yet it has long been defined only through legal framework neglecting its civil political and social implications Here Basak Ince seeks to rectify this examining the identity facets of citizenship and how this relates to nationalism democracy and political participation in the modern Turkish republic By tracing the development of the citizenship from the initial founding of the Republic to the immediate post World War II period and from the military interventions of the 1960s 1970s and 1980s to the present day she offers in depth analysis of the interaction of state and society in modern Turkey which holds wider implications for the study of the Middle East

Embracing the Track of Expression: An Psychological Symphony within **Secularism And Revivalism In Turkey**

In some sort of consumed by displays and the ceaseless chatter of quick communication, the melodic beauty and mental symphony created by the published term often fade into the back ground, eclipsed by the relentless sound and distractions that permeate our lives. But, nestled within the pages of **Secularism And Revivalism In Turkey** an enchanting literary treasure overflowing with organic thoughts, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this charming masterpiece conducts visitors on an emotional trip, well unraveling the concealed melodies and profound influence resonating within each cautiously constructed phrase. Within the depths with this moving review, we can explore the book is key harmonies, analyze their enthralling writing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
