

The background of the cover is a photograph of a border security fence. It features several strands of barbed wire at the top, supported by a dark metal post on the left. Below the barbed wire is a chain-link fence. The scene is set against a bright, overexposed sky.

Securing Borders Detention And Deportation In Canada

C. L. Ostberg, Matthew E. Wetstein

Securing Borders Detention And Deportation In Canada:

Securing Borders Anna Pratt, 2005 Anna Pratt takes a close look at the laws policies and practices of detention and deportation in Canada since the Second World War She demonstrates that although the desire to fortify the border against risky outsiders has long been prominent in Canadian immigration penalty the degree to which concerns about security crime and fraud have come to govern the process is unprecedented *Securing Borders* traces the connections between seemingly disparate concerns detention deportation liberalism law discretion welfare criminal justice refugees security and risk to consider them in relation to the changing modes of Canadian governance *Policy Change, Courts, and the Canadian Constitution* Emmett Macfarlane, 2018-01-01 *Policy Change Courts and the Canadian Constitution* aims to further our understanding of judicial policy impact and the role of the courts in shaping policy change Bringing together a group of political scientists and legal scholars this volume delves into a diverse set of policy areas including health care issues the regulation of elections criminal justice policy minority language education citizenship refugee policy human rights legislation and Indigenous policy While much of the public law and judicial politics literatures focus on the impact of the constitution and the judicial role scholarship on courts that makes policy change its central lens of analysis is surprisingly rare Multidisciplinary in its approach to examining policy issues this book focuses on specific cases or policy issues through a wide ranging set of approaches including the use of interview data policy analysis historical and interpretive analysis and jurisprudential analysis **Canadian Liberalism and the Politics of Border Control, 1867-1967** Christopher G. Anderson, 2012-11-17 Since 9 11 Canada s reputation as an inclusive country that takes in immigrants and refugees has been clouded by restrictive immigration policies increased interdiction and the detention of asylum seekers Moreover public debate over the arrival of non citizens especially those seeking entry through unofficial channels is now often framed within a security discourse that is used to justify a more restrictive approach These developments are not surprising in the current context but as Anderson illustrates they are also nothing new Canadian Liberalism and the Politics of Border Control sheds light on the long and complex history of Canada s efforts to control its borders Framing pivotal moments within a long standing but often overlooked debate over the rights of non citizens Anderson demonstrates that today s more restrictive approach reflects traditions deeply embedded within liberal democracies His insights into Canadian immigration and refugee history offer valuable lessons for understanding the nature of contemporary liberal democratic control policies

Immigration Detention Amy Nethery, Stephanie J Silverman, 2015-04-24 Before the turn of the century few states used immigration detention Today nearly every state around the world has adopted immigration detention policy in some form States practice detention as a means to address both the accelerating numbers of people crossing their borders and the populations residing in their states without authorisation This edited volume examines the contemporary diffusion of immigration detention policy throughout the world and the impact of this expansion on the prospects of protection for people

seeking asylum It includes contributions by immigration detention experts working in Australasia the Americas Europe Africa and the Middle East It is the first to set out a systematic comparison of immigration detention policy across these regions and to examine how immigration detention has become a ubiquitous part of border and immigration control strategies globally In so doing the volume presents a global perspective on the diversity of immigration detention policies and practices how these circumstances developed and the human impact of states exchanging individuals rights to liberty for the collective assurance of border and immigration control This text will be of key interest to scholars students and practitioners of immigration migration public administration comparative policy studies comparative politics and international political economy

Detaining the Immigrant Other Rich Furman,Douglas Epps,Greg Lamphear,2016-03-16 The purpose of this edited book is to explore immigration detention through a global and transnational lens In addition to exploring the nature of immigration detention the global aims of the book will be met in two ways it will explore immigration detention in countries that have often been overlooked in the literature and certainly are not found in the scholarship emerging from within the United States and the volume will include chapters that are comparative in nature and deal with larger macro issues about immigration detention in general

Law and Religious Pluralism in Canada Richard J. Moon,2009-05-01 Law and Religious Pluralism in Canada seeks to elucidate the complex and often uneasy relationship between law and religion in democracies committed both to equal citizenship and religious pluralism Leading socio legal scholars consider the role of religious values in public decision making government support for religious practices and the restriction and accommodation by government of minority religious practices They examine such current issues as the legal recognition of sharia arbitration the re definition of civil marriage and the accommodation of religious practice in the public sphere

Immigrant and Migrant Workers Organizing in Canada and the United States Jorge Frozzini,Alexandra Law,2017-11-08 Across Canada and the United States immigrant workers face important obstacles at work and in the broader society whether their immigration status is temporary permanent or nonexistent Hyper precarious workers of all status groups and their allies in unions and worker centers are organizing to improve their conditions In this book Jorge Frozzini and Alexandra Law two longtime volunteers with a Canadian worker center draw on their own experience in depth interviews and academic work from the fields of law communication studies and social movement theory to produce a tactically focused theoretically informed introduction to immigrant worker organizing in a neoliberal era Frozzini and Law describe the phenomenon of employment precarity in the context of U S and Canadian labor history explaining how union certification and collective bargaining function under the law Without directing activists toward any single best strategy they cover tactical and ethical questions raised when organizers offer casework as a recruitment and research tool The royalties from this book will go to the Immigrant Workers Centre Montreal

Attitudinal Decision Making in the Supreme Court of Canada C. L. Ostberg,Matthew E. Wetstein,2011-11-01 This book provides a comprehensive exploration of ideological patterns of judicial

behaviour in the Supreme Court of Canada Relying on an expansive database of Canadian Supreme Court rulings between 1984 and 2003 the authors present the most systematic discussion of the attitudinal model of decision making ever conducted outside the setting of the US Supreme Court The groundbreaking discussion of the viability of this model as a unifying theory of judicial behaviour in high courts around the world will be essential reading for a wide range of legal scholars and court watchers

Globalisation and Migration Ronaldo Munck, 2013-09-13 This book critically examines the new issues and new politics regarding migration in the era of globalisation from a majority world perspective It examines the current shifts in the global political economy and the effects it has for example in relation to rural displacement When and how does this lead to national and or transnational migration We need to examine the ways in which migration is cut across and impacts on the generation of racism and xenophobia in the west The issue of remittances by migrants to the developing nations needs careful study as does the controversial issue of brain drain versus brain gain through migration The growing importance of trafficking for forced labour has now been taken up by various international bodies but is it the new normality or simply an unfortunate side effect of globalisation to be overcome through legislation Migration is becoming increasingly gendered in its composition and flows but also in the receiving countries where men and women do very different jobs We can predict the increasing racialization and gendering of migration but how will the state and society respond to these shifts This book was published as a special issue of Third World Quarterly

Ways of Belonging Francesca Meloni, 2023-10-13 Ways of Belonging examines the experiences of undocumented young people who are excluded from K 12 education in Canada Through rich ethnographic descriptions this book vividly shows how ambivalence and invisibility shape both the lives of young people and institutional attitudes toward them
