Shiva Rao, 1934 SELECTED CONSTITUTION (Comparative study of Government & Politics) Dr. Manisha Shankar Yadav, Dr. Mamta Vijay Pathrikar, 2019-04-19 Comparative Study of Politics Nature and Scope That near governmental issues is recognized from different controls which likewise utilize the relative technique through its particular topic dialect and point of view All things considered we may well ask the inquiry is there at all a different field of relative political investigation or is it a sub discipline subsumed inside the unrivaled control of Political Science The three attributes of topic dialect vocabulary and viewpoint we need remember are deficient in setting up the peculiarity of similar legislative issues inside the expansive control of Political Science for the most part since near governmental issues shares the topic and worries of Political Science i.e majority rules system constitutions political gatherings social developments and so forth **Constitutional Precedents** India. Constituent Assembly, 1947 DNA TESTING AS AN AID IN ADMINISTRATION OF CRIMINAL JUSTICE : A STUDY OF ITS LEGAL IMPLICATIONS IN INDIA Dr kuldeep kaur, 2023-04-10 The purpose of this book is to highlight the position of DNA test in Indian criminal justice system No doubt we have some legislation on DNA like the Indian Evidence Act and Constitution of India but there is no specific legislation on this part Forensic techniques are not so developed and also there is lack of forensic experts in India This advance science helps in detecting crime and criminals In countries like USA Canada Australia have very high levels of technology regarding Forensic Science Drafting the Irish Constitution, 1935-1937 Donal K. Coffey, 2018-05-04 The second of two volumes this book situates the drafting of the Irish Constitution within broader transnational constitutional currents Donal K Coffey pioneers a new method of draft sequencing in order to track early influences in the drafting process and demonstrate the importance of European influences such as the German Polish and Portuguese Constitutions to the Irish drafts He also analyses the role that religion played in the drafting process and considers the new institutions of state such as the presidency and the senate tracing the genesis of these institutions to other continental constitutions Together with volume I Constitutionalism in Ireland 1932 1938 this book argues that the 1937 Constitution is only explicable within the context of the European and international trends which inspired it **Select Constitutions of the World** Durga Das Basu, 1976 Property Rights and Social Justice Rachael Walsh, 2021-06-10 Property Rights and Social Justice analyses progressive property in action by examining the role of constitutional property rights guarantees in mediating private ownership and social justice It combines insights from property theory with enlightening doctrinal analysis of the interaction between property rights and social justice in the constitutional and broader legal context It does so through the prism of the Irish Constitution's property guarantees which uniquely in the English speaking common law world both protect property rights and requires their regulation by the State to secure social justice

Through this analysis the book grounds key debates in contemporary property theory in fresh illuminating doctrinal examples and enhances global debates about the constitutional protection of property rights It argues that primacy is perhaps inevitably afforded to political determinations about the appropriate mediation of property rights and social justice meaning that the political impact of constitutionalisation needs to be disentangled from its strict legal effects **Public Affairs**
