Sexual Symbolism A History Of Phallic Wo:

Sexual Symbolism Richard Payne Knight, Thomas Wright, 2006-01-01 Comprising two works this is a pioneering volume on a taboo subject Characterized by a systematic approach it has served as a foundation for subsequent studies *Sexual Symbolism* ,1966 *Pornography and Sexual Representation* Joseph W. Slade, 2001 A three volume reference guide to the available literature concerning pornography and sexual representation in America **Primitive Symbolism, as Illustrated in Phallic Worship** Hodder Michael Westropp, 1885 *Encyclopedia of Sacred Places* Norbert C. Brockman, 2011-09-13 Now thoroughly revised and updated this encyclopedia documents the diversity of shrines temples holy places and pilgrimage sites sacred to the world's major religious traditions and illustrates their elemental place in human culture As interest increases in the role of world religions in history and international affairs the new edition of *Encyclopedia of Sacred Places* which arrives 15 years after the publication of the original edition provides new and updated information on site specific religious practice and spiritually significant locations around the globe While many of the entries describe specific places like the Erawan Shrine and the Rock of Cashel others examine types of sacred sites pilgrimages and practices With articles that describe both the places and their associated traditions and history this reference book reveals the enormous diversity and cultural significance of religious practice worldwide For students and teachers of classes ranging from high school geography to university level courses in religious studies geography anthropology and sociology this book provides essential reference on places of great significance to the world's various faith traditions **The Other Mary Shelley** Audrey Fisch, Anne K. Mellor, Esther H. Schor, 1993-07-08 Although *Frankenstein* is now widely taught in classes on Romanticism little attention has been paid to the considerable corpus of Mary Shelley's other works Indeed the excitement of the last decade at feminist approaches to *Frankenstein* has ironically obscured the persona of its author This collection of essays written by a preeminent group of Romantic scholars sketches a portrait of the other Mary Shelley the writer and intellectual who recognized the turbulent interplay among issues of family gender and society and whose writings resonate strongly in the setting of contemporary politics culture and feminism By analyzing a previously neglected body of novels novellas reviews travel writing essays letters biographies and tales and by emphasizing Mary Shelley's shrewd assessment of Romanticism the essays in this volume offer a ground breaking evaluation of one of the foremost cultural critics of the nineteenth century Sheela-na-gigs Barbara Freitag, 2005-08-15 A study of the mysterious stone carvings of naked females exposing their genitals on medieval churches all over the British Isles Veils, Nudity, and Tattoos Thorsten Botz-Bornstein, 2015-08-27 At first sight tattoos nudity and veils do not seem to have much in common except for the fact that all three have become more frequent more visible and more dominant in connection with aesthetic presentations of women over the past thirty years No longer restricted to biker and sailor culture tattoos have been sanctioned by the mainstream of liberal societies Nudity has become more visible than ever on European beaches or on the internet The increased use of the

veil by women in Muslim and non Muslim countries has developed in parallel with the aforementioned phenomena and is just as striking Through the means of conceptual analysis Veils Nudity and Tattoos The New Feminine Aesthetics reveals that these three phenomena can be both private and public humiliating and empowering and backward and progressive This unorthodox approach is traced by the three s similar social and psychological patterns and by doing so Veils Nudity and Tattoos hopes to sketch the image of a woman who is not only sexually emancipated and confident but also more and more aware of her cultural heritage

Sexualities in History Kim M. Phillips, Barry Reay, 2013-10-18 Over the past twenty years historians have overturned nearly everything we once took for granted about human sexuality Gender sexual orientation deviance and even the biology of sex have been unmasked for what they are historically specific culturally contested and above all unstable constructions

The Corvette in Literature and Culture Jerry W. Passon, 2011-11-08 As the original American sports car the Chevrolet Corvette has come to represent power freedom and sexuality for more than half a century Yet it also hints at personal identity and style suggesting how effectively values and meaning are communicated through an object Using various critical perspectives this close analysis of this highly recognizable automobile finds diverse aspects of American culture revealed Topics covered include the Corvette in literature its ties to masculine identity including homosexuality as well as female sexuality and the Corvette as artistic object among others

Sexual Subversions Elizabeth Grosz,2020-09-02 Sexual Subversions introduces the works of three well known if not well read French feminists Julia Kristeva Luce Irigaray and Micele Le Doeuff It provides a map of an area where there are few detailed discussion of the achievements of these difficult yet immensely rewarding writers In doing so this overview raises issues of general relevance to feminist research it participates in debates around the nature of feminist theory the relations feminist intellectuals have to male dominated knowledges and the strategies appropriate for developing non patriarchal autonomous or woman centred knowledges No book in French feminists would be complete without including the contributions of Kristeva and Irigaray The inclusion of Le Deouff s work which brings a different perspective to bear on the question of sexual difference provides a counterbalance to literary appropriations of French feminism by Anglo American readerships Kristeva Irigaray and Le Deouff are the focal points of this study precisely because each highlights the differences of the others revealing the frameworks to which the others are committed Nevertheless while these writers do not present a common political or theoretical position or form a school each addresses the question of women s autonomy from male definition affirms the sexual specificity of women seeks out a femininity women can use to question the patriarchal norms and ideals of femininity and rejects the preordained positions patriarchy allots to women
