The Little Old Lady Killer Susana Vargas Cervantes, 2019-08-20 The surprising true story of Mexico s hunt arrest and conviction of its first female serial killer For three years amid widespread public outrage police in Mexico City struggled to uncover the identity of the killer responsible for the ghastly deaths of forty elderly women many of whom had been strangled in their homes with a stethoscope by someone posing as a government nurse When Juana Barraza Samperio a female professional wrestler known as la Dama del Silencio the Lady of Silence was arrested and eventually sentenced to 759 years in prison for her crimes as the Mataviejitas the little old lady killer her case disrupted traditional narratives about gender criminality and victimhood in the popular and criminological imagination Marshaling ten years of research and one of the only interviews that Juana Barraza Samperio has given while in prison Susana Vargas Cervantes deconstructs this uniquely provocative story She focuses in particular on the complex gendered aspects of the case asking Who is a killer Barraza with her manly features and strength her career as a masked wrestler in lucha libre and her violent crimes is presented here as a study in gender deviance a disruption of what scholars call mexicanidad or the masculine notion of what it means to be Mexican Cervantes also challenges our conception of victimhood specifically who counts as a victim The Little Old Lady Killer presents a fascinating analysis of what serial killing often considered killing for the pleasure of killing represents to us

Receive Our Memories José Orozco, 2017 Receive our Memories is a rare study of an epistolary relationship for individuals whose migration from Mexico has been looked at en masse but not from such a personal and human angle The heart of the book consists of eighty translated and edited versions of letters from Luz Moreno a poor uneducated Mexican sharecropper to his daughter a recent migr to California in the 1950s

These are contextualized and framed in light of immigration and labor history the histories of Mexico and the United States in this period and family history Although Moreno s letters include many of the affective concerns and quotidian subject matter that are the heart and soul of most immigrant correspondence they also reveal his deep attachment to a wider world that he has never seen They include extensive discussions on the political events of his day the Cold War the Korean War the atomic bomb the conflict between Truman and MacArthur ruminations on culture and religion the role of Catholicism in the modern world the dangers of Protestantism to Mexican immigrants to the United States and extensive deliberations on the philosophical questions that would naturally preoccupy the mind of an elderly and sick man Is life worth living What is death Will I be rewarded or punished in death What does it mean to live a moral life The thoughtfulness of Moreno s meditations and quantity of letters he penned provide historians with the rare privilege of reading a part of the Mexican national narrative that as Mexican author Elena Poniatowska notes is usually written daily and daily erased *The World of Lucha Libre* Heather Levi,2008-10-24 Ethnography of Mexican professional wrestling by a female wrestler and scholar showing how the sport is linked to national affirmations and counter narratives *A World of Work* Ilana M. Gershon,2015-11-25 Ever wondered what it would be like to be a street magician in Paris A fish farmer in Norway A costume designer in Bollywood This playful and accessible look at different types of work around the world delivers a wealth of information and advice about a wide array of jobs and professions The value of this book is twofold For young people or middle aged people who are undecided about their career paths and feel constrained in their choices *A World of Work* offers an expansive vision For ethnographers this book offers an excellent example of using the practical details of everyday life to shed light on larger structural issues Each chapter in this collection of ethnographic fiction could be considered a job manual Yet not any typical job manual to do justice to the ways details about jobs are conveyed in culturally specific ways the authors adopt a range of voices and perspectives One chapter is written as though it was a letter from an older sister counseling her brother on how to be a doctor in Malawi Another is framed as a eulogy for a well loved village magistrate in Papua New Guinea who may have been killed by sorcery Beneath the novelty of the examples are some serious messages that Ilana Gershon highlights in her introduction These ethnographies reveal the connection between work and culture the impact of societal values on the conditions of employment Readers will be surprised at how much they can learn about an entire culture by being given the chance to understand just one occupation *Wild Sea* Serge Dedina,2022-03-08 Many people have lamented the pollution and outright loss of beaches along the coasts of California and Mexico but very few people have fought on behalf of beaches as hard or as successfully as Serge Dedina Whether taking on an international conglomerate or tackling a state transportation agency Dedina is truly an eco warrior In this sparkling collection of articles many written for popular magazines Dedina tells the stories as only an insider could He writes with a firm grasp of facts along with an advocate s passion and outrage Sprinkled with just the right mix of humor and surf lingo Dedina s writing is weapons grade surfer speak

for totally awesome Dedina grew up in Imperial Beach California just north of the Mexican border and he feels equally at home in Mexico and the States An expert on gray whales he eloquently describes the fight he helped to lead against the Mitsubishi Corporation whose plan to build a salt processing plant in the San Ignacio Lagoon in Baja California would have destroyed the world s last undeveloped gray whale lagoon With similar fervor Dedina describes helping to construct the unlikely coalition that succeeded in defeating a proposed toll road that would have decimated a legendary California surf spot In between he writes about the first surfers in Baja the Great Baja Land Rush of the 1990s Tijuana s punk music scene the pop culture wrestling phenomenon lucha libre the reasons why ocean pollution must be stopped and the way HBO took over his hometown Anyone interested in what s happening to our natural places or just yearning to read about someone really making a difference in the world will find this a book worth sinking their teeth into Iconic Mexico Eric Zolov,2015-08-26

Explores a new form of fiction that emerged in late twentieth century visual art across the Americas With Non literary Fiction

Esther Gabara examines how contemporary art produced across the Americas has reacted to the rising tide of neoliberal regimes focusing on the crucial role of fiction in daily politics Gabara argues that these fictions depart from familiar literary narrative structures and emerge in the new mediums and practices that have revolutionized contemporary art Each chapter details how fiction is created through visual art forms in performance and body art posters mail art found objects and installations For Gabara these fictions comprise a type of art that asks viewers to collaborate in the creation of the work and helps them to withstand the brutal restrictions imposed by dominant neoliberal regimes During repressive regimes of the 1960s and 1970s and free trade agreements of the 1990s artists and critics consistently said no to economic privatization political deregulation and reactionary social logic as they rejected inherited notions of visual literary and political representation Through close analyses of artworks and writings by leading figures of these two generations including Indigenous thinkers Gabara shows how negation allows for the creation of fiction outside textual forms of literature

Poetics of Indigenismo in Zapatista Discourse Gregory Stephens, 2019-04-01 This book contributes to a re-visioning of the literature of revolutions repositioning the writings of Subcomandante Marcos as quasi indigenous literary texts Highlights include a study of the role of Zapatista mythopoetics in re-imagining the nature of revolution and an examination of how a native subculture and cosmovision were made intelligible to an international audience Close readings of a group of stories essays and communiqués by Marcos explore the emergence of a thoroughly hybrid literary style These texts are analyzed in relation to existing genres such as Native American literature environmental literature and the literature of the Mexican revolution The book shows that while Marcos employs the iconography of Che Guevara Zapata et al and in some ways furthers the romance of revolution for an electronically networked world he has also popularized on an international stage the post Cold War aspiration to change the world without taking power Teaching Science Fiction A. Sawyer, P.

Wright, 2011-03-24 Teaching Science Fiction is the first text in thirty years to explore the pedagogic potential of that most intellectually stimulating and provocative form of popular literature science fiction Innovative and academically lively it offers valuable insights into how SF can be taught historically culturally and practically at university level *Espectacular de lucha libre* Lourdes Grobet, 2006
