Love and Politics Carol Anne Douglas,1990 **Love and Politics** Carol Anne Douglas,1988-02-01 *Women Making Meaning* Lana F. Rakow,2015-10-23 Originally published in 1992 This book captures the dynamic confluence of feminist and communication scholarship by setting out some of the provocative questions that mark this intersection Several of the essays in the book are theoretical in nature and consider the changing complexion of the field in view of this cross fertilization other contributors tackle those individual forms of communication that pose certain challenges for women such as verbal harassment and pornography The final section of the book more ethnographic in nature presents a number of case studies written primarily by women of colour which recount the various ways that communication forms such as television journalism and spoken discourse construct and perpetuate racist and sexist stereotypes **The Ashgate Research Companion to Feminist Legal Theory** Vanessa E. Munro,2016-04-01 As a distinct scholarly contribution to law feminist legal theory is now well over three decades old Those three decades have seen consolidation and renewal of its central concerns as well as remarkable growth dynamism and change This Companion celebrates the strength of feminist legal thought which is manifested in this dynamic combination of stability and change as well as in the diversity of perspectives and methodologies and the extensive range of subject matters which are now included within its ambit Bringing together contributors from across a range of jurisdictions and legal traditions the book provides a concise but critical review of existing theory in relation to the core issues or concepts that have animated and continue to animate feminism It provides an authoritative and scholarly review of contemporary feminist legal thought and seeks to contribute to the ongoing development of some of its new approaches perspectives and subject matters The Companion is divided into three parts dealing with Theory Concepts and Issues The first part addresses theoretical questions which are of significance to law but which also connect to feminist theory at the broadest and most interdisciplinary level The second part also draws on general feminist theory but with a more specific focus on debates about equality and difference race culture religion and sexuality The Issues section considers in detail more specific areas of substantive legal controversy **Radically Speaking** Diane Bell,Renate Klein,1996 The contributors to *Radically Speaking* show that a radical feminist analysis cuts across class race sexuality region religion and across the generations It is essential reading for Women s Studies sociology cultural studies and anyone interested in processes of social change The collection reveals the global reach of radical feminism and analyze the causes and solutions to patriarchal oppression Seventy writers discuss their ideas and practice of contemporary feminism **Women and Romance** Susan Ostrov Weisser,2001-07 Weisser English Adelphi U writes that her anthology is for anyone who is interested in understanding the conflicted but powerful female urge to experience the pleasure and endure the pain of romantic love In particular she explores the collision of pervasive media images of romance with feminist values of independence and self assertion Several dozen historic and contemporary works of criticism personal essays and letters by feminist and anti

feminist thinkers consider changing images of romantic love and whether romance fundamentally weakens or empowers women Contributors include Jean Jacques Rousseau Charlotte Bronte Karen Horney Simone de Beauvoir Rita Mae Brown bell hooks Vivian Gornick and Carolyn Heilbrun c Book News Inc Power in Struggle Davina Cooper,1995-07 Those seeking social change confront the centrality of power on a daily basis What precisely is power and how does it manifest itself And how are radical and progressive strategies shaped by the ways in which we conceptualize it Drawing on feminist poststructuralist and Marxist theory Davina Cooper develops an innovative framework for understanding power relations in forms as diverse as reproductive technology queer activism municipal politics and the regulation of lesbian reproduction Power in Struggle explores the relationship between power sexuality and the state and ultimately provides a radical rethinking of these concepts and their interactions Sexual politics Cooper posits must recognize the sexualization of everyday life and should not be exclusively the concern of a young educated elite nor should sex be shuttered as a private affair Concluding with an important and original discussion of how an ethics of empowerment can inform political strategy Power in Struggle is a must read for activists scholars and lawyers interested in understanding the role of power in the state

Rethinking Ethics in the Midst of Violence Linda A. Bell,1993-07-02 Selected by Choice as an Outstanding Academic Book for 1995 Moving beyond the traditional feminist ethics of care Linda A Bell places an existentialist conception of liberation at the heart of ethics and argues that only an ethics of freedom sufficiently allows for feminist critique and opposition to a status quo imbued with violence She offers a critique of Aristotelian utilitarian and Kantian ethics analyzing each approach from feminist perspectives and showing how each fails women and others who resist oppression *Feminist Phenomenology* Linda Fisher,Lester Embree,2013-04-17 This volume is composed chiefly of papers first presented and discussed at the Research Symposium on Feminist Phenomenology held November 18 19 1994 in Delray Beach Florida Those papers have been revised and expanded for publication in the present volume and several essays have been added We would like to thank very much all the participants in the symposium including the session chairs and others in attendance whose interest and enthusiasm contributed greatly The symposium and this volume including the name for it were conceived of by Lester Embree who also arranged sponsorship local arrangements and publication through the William F Dietrich Eminent Scholar Chair at Florida Atlantic University and the Center for Advanced Research in Phenomenology Inc The invitees were decided upon jointly Linda Fisher has been chiefly responsible for the editing and the preparation of the camera ready copy Linda Fisher Lester Embree Acknowledgments The editing and preparation of this volume has spanned several cities and two continents and I am indebted to many people from each place *Stirring It* Gabriele Griffin,Marianne Hester,Shirin Rai,Sasha Roseneil,2023-12-30 First published in 1994 Stirring It debates the challenges which confront feminism and Women s Studies in the 1990s In the face of current worldwide political and social upheavals Stirring It poses questions about women their bodies their identities and positions which need to be addressed by contemporary feminists The chapters

therefore challenge the orthodoxies and theories which are exploded by contemporary feminist practice They raise new issues for feminist debate The volume is divided into four sections Feminist Politics in Action investigates the inter relationship between politics and action with reference to issues such as the women s movement in Britain and women s position in and in relation to Ireland Disrupting Sexual Identities provides critiques of heterosexuality monogamy and conceptualization of the female body Imaging and Imagining explores the politics of women s cultural production and Women s Studies and Feminist Practice analyzes the often fraught connections between theory and practice This is a must read for scholars and researchers of Women s Studies Sociology and Gender Studies Beyond the Margins Linda A.

Bell,2012-02-01 Presenting essays rich with her own personal experiences philosopher Linda A Bell examines not only her own life but also problems arising from ways that living affects thinking She reflects on her own experience in order to challenge a variety of provocative claims including that affirmative action harms those it is designed to help that suicide while perhaps acceptable for some with fatal diseases is otherwise a manifestation of mental illness that women are to blame for male violence toward them if they don t leave the relationships that a low profile is the best path to success for women in academe that women are treated fairly in academe perhaps even better than men and that political correctness is a recent and aberrant move away from respect for freedom of speech Although drawing from experience as she creates and critiques theory Bell argues against the view that it is the bedrock of theory *Respectability and Deviance* Ruth-Ellen B. Joeres,1998 The first major study in English of 19th century German women writers this book examines their social and cultural milieu along with the layers of interpretation and representation that inform their writing The author demonstrates that these writings provide an extensive and informative look at an exciting and transformative epoch that so much shaped our own 16 photos **Looking for Love in the Legal Discourse of Marriage** Renata Grossi,2014-09-01 This book examines the in

visibility of romantic love in the legal discourse surrounding modern Australian marriage It looks at how romantic love has become a core part of modernity and a dominant part of the Western marriage discourse and considers how the ideologies of romantic love are or are not replicated in the legal meaning of marriage This examination raises two key issues If love has become central to people s understanding of marriage then it is important for the legitimacy of law that love is reflected in both the content and application of the law More fundamentally it requires us to reconsider how we understand law and to ask whether it is engaged with emotions or separate from them Along the way this book also considers the meaning of love itself in contemporary society and asks whether love is a radical force capable of breaking down conservative meanings embedded in institutions like marriage or whether it simply mirrors them This book will be of interest to everyone working on love marriage and sexuality in the disciplines of law sociology and philosophy *Rethinking Sexuality* Diane Richardson,2000-12-19 This thoughtful and accessible book provides a critical examination of the central debates attached to conceptualizing sexuality as a site of knowledge and politics These are explored in chapters on the meaning of

heterosexuality sexual citizenship and the associated notions of sexual rights and obligations queer theory and its relationship with feminisms both new and old Also included is discussion of responses to the HIV AIDS epidemic and the implications for understandings of gender and sexuality **Social Postmodernism** Linda Nicholson, Steven Seidman, 1995-09-14 Social Postmodernism defends a postmodern perspective anchored in the politics of the new social movements The volume preserves the focus on the politics of the body race gender and sexuality as elaborated in postmodern approaches But these essays push postmodern analysis in a particular direction toward a social postmodernism which integrates the micro social concerns of the new social movements with an institutional and cultural analysis in the service of a transformative political vision Gender and Colonialism Geraldine Moane, 2010-12-14 Drawing on the writings of diverse authors including Jean Baker Miller Bell Hooks Mary Daly Frantz Fanon Paulo Freire and Ignacio Martin Baro as well as on women s experiences this book aims to develop a liberation psychology which would aid in transforming the damaging psychological patterns associated with oppression and taking action to bring about social change The book makes systematic links between social conditions and psychological patterns and identifies processes such as building strengths cultivating creativity and developing solidarity *Feminism, Defeated* Kate M. Phelan, 2025-06-09 Feminism has been defeated Once a politics feminism is now a philosophy an epistemology a method Once for women it is now for everyone Once in pursuit of liberation it now seeks only inclusion In *Feminism Defeated* Kate Phelan traces the depoliticization and ultimately the defeat of feminism She recovers the second wave view of men and women as sex classes enemies political kinds a view more radical than the contemporary view of men and women as social constructs She also describes how poststructuralism displaced this view and replaced it with another In this view the sex gender binary constructs men and women and excludes the gender nonconforming As this view replaced the second wave one the injustice of men s oppression of women was replaced by that of exclusion and the goal of women s liberation was replaced by that of inclusion Thus did feminism become the trans inclusionary movement as which we now know it and Phelan shows that this shift was not the progression of feminism it was the betrayal of it In this highly original and persuasive study she argues that the recent emergence of a new gender critical feminism presents a moment of opportunity to reclaim feminism s political project **The Oxford Handbook of Gender and Politics** Georgina Waylen, 2013-04-04 The Oxford Handbook of Gender and Politics brings to political science an accessible and comprehensive overview of the key contributions of gender scholars to the study of politics and it shows how these contributions produce a richer understanding of politics and societies Not The Marrying Kind N. Barker, 2012-02-22 Not the Marrying Kind is a new and comprehensive exploration of the contemporary same sex marriage debates in several jurisdictions including Australia Canada South Africa the United Kingdom and the United States It departs from much of the existing scholarship on same sex marriage which argues either for or against marriage for same sex couples Instead this book begins from a critical analysis of the institution of marriage itself as well as separate forms of relationship recognition

such as civil partnership PaCS domestic partnership and asks whether and how feminist critiques of marriage might be applied specifically to same sex marriage In doing this the author combines the theories of second wave feminism with insights from contemporary queer theory *Latina Performance* Alicia Arrizón,1999 *Latina Performance* is a densely theorized treatment of rich materials MultiCultural Review Arriz n s important book revolves around the complex issues of identity formation and power relations for US women performers of Latin American descent Choice *Latina Performance* examines the Latina subject whose work as dramatist actress theorist and or critic further defines the field of theater and performance in the United States Alicia Arriz n looks at the cultural politics that flows from the intersection of gender ethnicity race class and sexuality
