

Learn to love solitude, to be more alone with yourselves.

The tragedy of today's young people is that they try to unite on the basis of carrying out noisy and aggressive actions so as not to feel lonely, and this is a sad thing.

The individual must learn from childhood to be on his own, for this doesn't mean to be lonely: it means to not get bored with oneself, because a person who finds himself bored when he is alone, it seems to me, is a person in danger.

Love Solitude:

Holy Solitude Heidi Haverkamp, 2017-12-31 Our faith is full of heroes who experienced God powerfully in solitude From Hagar and the Hebrew prophets to Jesus in the wilderness to Francis of Assisi and Catherine of Siena we see how escape from the toil and temptations of daily life can open our eyes ears minds and hearts to the still small voice of God In the vast desert or a tiny room solitude frightening for some and a welcome reprieve for others is far from an antisocial self indulgence but rather is an opportunity for transformation and empowerment to serve God s people ever more deeply While most of us can t take weeks or even a few days for private retreat Holy Solitude offers readers thoughtful inspiration and practical devotional activities such as taking a solitary bus ride or baking a loaf of bread for a neighbor Daily reflections introduce readers to figures in both Scripture and Christian history whose stories of discernment and discipline are a guide for our own spiritual practices as we seek to know God more fully and follow Christ more faithfully

Love's Redeeming Work Geoffrey Rowell, Kenneth Stevenson, Rowan Williams, 2003-10-23 There

is a rich vein of writing within Anglican tradition that has helped to form the theology and spirituality of the contemporary church For many readers much of this material remains unfamiliar and is often difficult to access Love's Redeeming Work draws together the works of major writers from the sixteenth century to the present day who have contributed to this development Each selected writer is introduced with a brief biography which gives background information about the author and highlights the relationships that existed with others from the same period This will enable the reader to set the writings in their proper context enhancing understanding of the material The selections then follow In some instances these may be familiar but other examples will introduce fresh ideas for every reader Each writer's selection is concluded with a list of source texts which can encourage readers to explore in more depth those areas which intrigue and excite them Love's Redeeming Work traces a path that has enabled Anglicanism in particular and the wider church as well to develop an ever deepening awareness of the need for a spiritual depth in the Christian life informed by a better knowledge of tradition In exploring this material it is the compilers hope that readers will find new riches that will encourage and sustain their own quest for holiness

Works of Love Søren Kierkegaard, 2013-04-21 The various kinds and conditions of love are a common theme for Kierkegaard beginning with his early *Either/Or* through *The Diary of the Seducer* and Judge William's eulogy on married love to his last work on the changelessness of God's love *Works of Love* the midpoint in the series is also the monumental high point because of its penetrating illuminating analysis of the forms and sources of love Love as feeling and mood is distinguished from works of love love of the lovable from love of the unlovely preferential love from love as the royal law love as mutual egotism from triangular love and erotic love from self-giving love This work is marked by Kierkegaard's Socratic awareness of the reader both as the center of awakened understanding and as the initiator of action Written to be read aloud the book conveys a keenness of thought and an insightful poetic imagination that make such an attentive approach richly rewarding *Works of Love* not only serves as an excellent place to begin exploring the writings of Kierkegaard but also rewards many rereadings

Thomas Merton and the Noonday Demon Donald Grayston, 2015-05-19 How did Thomas Merton become Thomas Merton Starting out from any one of his earlier major life moments wealthy orphan boy big man on campus fervent Roman Catholic convert new and obedient monk we find ourselves asking how by his life's end he had grown from who he was then into a transcultural and transreligious spiritual teacher read

by millions This book takes another such starting point his attempt in the mid 1950s to move from his abbey of Gethsemani in Kentucky a place that had become in his view noisy beyond bearing to an Italian monastery Camaldoli which he idealized as a place of monastic peace The ultimate irony Camaldoli at that time bucolic and peaceful outwardly was inwardly riven by a pre Vatican II culture war whereas Gethsemani which he tried so hard to leave became when he was given his hermitage there in 1965 his place to recover Eden In walking with Merton on this journey and reading the letters he wrote and received at the time we find ourselves asking as he did with so much energy and honesty the deep questions that we may well need to answer in our own lives

Thinking Through Loneliness Diane Enns, 2022-04-21 This is the peculiar paradox of loneliness I am unseen yet I feel exposed as though my most internal suffering were on public display as though I am disclosing to the world the vulnerability it does not want to see By reflecting on the experience of loneliness through the author s own life the narratives of others and analyses from Arendt to Berardi Thinking Through Loneliness explores the ambiguities of being alone It seeks to defy the reductionist tendencies of the current loneliness experts looking beyond loneliness as a collective health crisis to consider what it tells us about our great need for one another and what happens when we fail to meet this need Our social needs vary however to investigate loneliness is to inquire into the contradictions of the human condition we are alone and together separate and attached which gives rise to the need for individuality on the one hand and for intimacy on the other To be lonely is to suffer from an unfulfilled desire to be close to others But we can also suffer from an unfulfilled desire to be separate from others Diane Enns explores how loneliness might be an inescapable dimension of human existence but also the collective symptom of social failure The lonely are not to blame for their distress

they are witnesses to the failure of our contemporary social world dramatically transformed in recent decades by digital technology and changes in how we work love socialize and live together in households neighbourhoods and cities Enns argues it is crucial to recognise the structural conditions economic political institutional technological that give rise to the isolation that produces loneliness Only then can we work to undermine these conditions preserving all that is best about human social life

Solitude's Sonata Kate, 2024-05-19 Solitude a silent stream flowing from the spring of birth to the ocean of death carves its path through the landscape of life It is a presence in itself a fullness that accompanies each individual from the beginning to the end a silent partner in the dance of life In the cradle of infancy solitude is a soft whisper a lullaby for the dreaming mind where the touch of others is a distant shore As the individual grows solitude becomes a playground of imagination where castles are built from silence and stories spun from stillness Through the tumultuous years of youth solitude is a refuge a place to retreat from the cacophony of growing pains and the clamor of finding one's place in the crowd It is in these quiet moments that the self takes shape molded by reflection and introspection In the fullness of adulthood solitude is a rare gem often buried

beneath the debris of daily life Yet it is sought after a momentary pause in the relentless march of responsibilities a breath of space where the self can expand and contract in its own rhythm As the twilight of life approaches solitude returns like an old friend its presence more profound and comforting It is a time of reckoning of looking back on the paths taken and not taken and of finding peace in the life that was lived And at the end when the curtain falls solitude is there a faithful witness to the final act It is both the last goodbye and the first greeting as the individual steps through the threshold from one mystery into another Solitude is not merely the absence of others
