Mapping The Cultural Space Of Journalism How Journalists Distinguish News From Entertainment:

Mapping the Cultural Space of Journalism Samuel P. Winch, 1997-04-30 Addressing the controversial issues of the blurring boundaries between news and entertainment and the movement toward sensationalism in broadcast journalism this study examines these distinctions how boundaries are constructed and by whom how they are enforced or broken and why Rather than reflecting essential attributes by which news can be distinguished from other kinds of communication boundary setting is viewed as a social construction determined and changed by journalists wishing to assert their jurisdiction and authority and the prestige of the profession Four instances of boundary work rhetoric are examined in depth 1 the development of roles and rules of television journalism during the early years of television 2 attempts at Congressional and FTC regulation broadcasting codes defining bona fide news 3 responses to a 1992 journalistic scandal over a Dateline NBC story on exploding GM pickup trucks and 4 reporting sex scandals during recent political campaigns such as the allegations of Gennifer Flowers of her involvement with Bill Clinton In these and other cases journalists developed strategies to minimize harm to the profession

Journalistic Authority Matt Carlson, 2017-05-23 When we encounter a news story why do we accept its version of events Why do we even recognize it as news A complicated set of cultural structural and technological relationships inform this interaction and Journalistic Authority provides a relational theory for explaining how journalists attain authority The book argues that authority is not a thing to be possessed or lost but a relationship arising in the connections between those laying claim to being an authority and those who assent to it Matt Carlson examines the practices journalists use to legitimate their work professional orientation development of specific news forms and the personal narratives they circulate to support a privileged social place He then considers journalists relationships with the audiences sources technologies and critics that shape journalistic authority in the contemporary media environment Carlson argues that journalistic authority is always the product of complex and variable relationships

Journalistic Authority weaves together journalists relationships with their audiences sources technologies and critics to present a new model for understanding journalism while advocating for practices we need in an age of fake news and shifting norms

Boundaries of Journalism Matt Carlson, Seth C. Lewis, 2015-03-05 The concept of boundaries has become a central theme in the study of journalism In recent years the decline of legacy news organizations and the rise of new interactive media tools have thrust such questions as what is journalism and who is a journalist into the limelight Struggles over journalism are often struggles over boundaries These symbolic contests for control over definition also mark a material struggle over resources In short boundaries have consequences Yet there is a lack of conceptual cohesiveness in what scholars mean by the term boundaries or in how we should think about specific boundaries of journalism This book addresses boundaries head on by bringing together a global array of authors asking similar questions about boundaries and journalism from a diverse range of perspectives methodologies and theoretical backgrounds *Boundaries of Journalism* assembles the most current research on this topic in one place thus providing a touchstone for

future research within communication media and journalism studies on journalism and its boundaries

Journalism Political Communications Processes and Routines of Journalism Radio and Television Technology Cultural Boundaries of Science Thomas F. Gieryn, 2022-03-29 Why is science so credible Usual answers center on scientists' objective methods or their powerful instruments In his new book Thomas Gieryn argues that a better explanation for the cultural authority of science lies downstream when scientific claims leave laboratories and enter courtrooms boardrooms and living rooms On such occasions we use maps to decide who to believe cultural maps demarcating science from pseudoscience ideology faith or nonsense Gieryn looks at episodes of boundary work Was phrenology good science How about cold fusion Is social science really scientific Is organic farming After centuries of disputes like these Gieryn finds no stable criteria that absolutely distinguish science from non science Science remains a pliable cultural space flexibly reshaped to claim credibility for some beliefs while denying it to others In a timely epilogue Gieryn finds this same controversy at the heart of the raging science wars

Translation and News Making in Contemporary Arabic Television Ali Darwish, 2010

Journalism as Practice Sandra Borden, 2013-10-28 Technological innovation and conglomeration in communication industries has been accelerating the commodification of the news into just another product The emphasis on the bottom line has resulted in newsroom budget cuts and other business strategies that seriously endanger good journalism Meanwhile the growing influence of the Internet and partisan commentary has led even journalists themselves to question their role In *Journalism as Practice* Sandra L Borden shows that applying philosopher Alasdair MacIntyre's ideas of a practice to journalism can help us to understand what is at stake for society and for those in the newsrooms who have made journalism their vocation She argues that developing and promoting the kind of robust group identity implied by the idea of a practice can help journalism better withstand the moral challenges posed by commodification Throughout the book examines key U S journalism ethics cases since 2000 Some of these cases such as Dan Rather's Memogate scandal are explored in detail in *Practically Speaking* sections that discuss relevant cases at length This book is essential reading for students and practicing journalists interested in preserving the ethical role of journalism in promoting the public good

Rethinking Journalism Again Chris Peters, Marcel Broersma, 2016-09-13 It's easy to make a rhetorical case for the value of journalism Because it is a necessary precondition for democracy it speaks to the people and for the people it informs citizens and enables them to make rational decisions it functions as their watchdog on government and other powers that be But does rehashing such familiar rationales bring journalism studies forward Does it contribute to ongoing discussions surrounding journalism's viability going forth For all their seeming self-evidence this book considers what bearing these old platitudes have in the new digital era It asks whether such hopeful talk really reflects the concrete roles journalism now performs for people in their everyday lives In essence it poses questions that strike at the core of the idea of journalism itself Is there a singular journalism that has one well-defined role in society Is its public mandate as strong as we think The internationally renowned scholars comprising the collection address these recurring concerns that have long defined the profession and which journalism faces even more

acutely today By discussing what journalism was is and possibly will be this book highlights key contemporary areas of debate and tackles on going anxieties about its future **Social Semiotics of Arabic Satellite Television** Ali

Darwish,2009 Arabic satellite television is a phenomenon that has swept the Arab world in less than two decades and is said to have dramatically changed the Arab region It has created a world of contrasts and contradictions between tradition and liberalism and a polarization of views and opinions all vying for dominance and control This book examines the social semiotics of Arabic satellite television and studies the multimodal representations of Arab social and cultural values and their implied meanings in a communication medium that heavily relies on imported western models **Censored 2015** Mickey

Huff,Andy Lee Roth,Project Censored,2014-10-07 Every year since 1976 Project Censored our nation s oldest news monitoring group a university wide project at Sonoma State University founded by Carl Jensen directed for many years by Peter Phillips and now under the leadership of Mickey Huff has produced a Top 25 list of underreported news stories and a book Censored dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self censorship A perennial favorite of booksellers teachers and readers everywhere Censored is one of the strongest life signs of our current collective desire to get the news we citizens need despite what Big Media tells us

Censored 2008 Peter Phillips,Andrew Roth,Project Censored,2011-01-04 The yearly volumes of Censored in continuous publication since 1976 and since 1995 available through Seven Stories Press is dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self censorship The top stories are listed democratically in order of importance according to students faculty and a national panel of judges Each of the top stories is presented at length alongside updates from the investigative reporters who broke the stories **What IS News?** Donnalyn

Pompper,Lindsay Hoffman,2021-06-07 This volume explores contemporary understandings of news values and the fake news phenomena and collects together important new theory building research that sheds light on implications of compromised news products and the ways it shapes perceptions News does not happen in a vacuum and journalism is a practice with a definable milieu which manufactures a product shaped by a complex and subjective collection organization and dissemination of information The social import of revisiting Herbert Gans what is news ethnographic query in 1979 played out in earnest in 2020 Americans watched news coverage of the COVID 19 pandemic offer politicized health information complete with conflicting reports of disagreeing experts conspiracy theories vaccination resistance and racist language targeting China and people of Asian descent This collection expands on mass communication theory frameworks built since the 1970s to enable us to better operationalize and understand mass media s role in defining shaping and amplifying news The chapters in this book were originally published as a special issue of Mass Communication and Society **Voyeur Nation** Clay

Calvert,2009-04-21 From 24 hour a day girl cam sites on the World Wide Web to trash talk television shows like Jerry Springer and reality television programs like Cops we ve become a world of voyeurs We like to watch others as their intimate

moments private facts secrets and dirty laundry are revealed Voyeur Nation traces the evolution and forces driving what the author calls the voyeurism value Calvert argues that although spectatorship and sensationalism are far from new phenomena today a confluence of factors legal social political and technological pushes voyeurism to the forefront of our image based world The First Amendment increasingly is called on to safeguard our right via new technologies and recording devices to peer into the innermost details of others lives without fear of legal repercussion But Calvert argues that the voyeurism value contradicts the value of discourse in democracy and First Amendment theory since voyeurism by its very nature involves merely watching without interacting or participating It privileges watching and viewing media images over participating and interacting in democracy
