Rapatz, 2020-03-23 Convents and Novices in Early Modern English Dramatic Works attends to the religious social and material changes in England during the century following the Reformation specifically examining how the English came to terms with the meanings of convents and novices even after they disappeared from the physical and social landscape In five chapters it traces convents and novices across a range of dramatic texts that refuse easy generic classification problem plays such as Shakespeare's Measure for Measure Marlowe's comic tragedy The Jew of Malta Margaret Cavendish's closet dramas The Convent of Pleasure and The Religious Aphra Behn's Restoration comedy The Rover and seventeenth century dialogues that include both a Catholic treatise promoting women's entrance into European convents and a proto pornographic expos of such convents Convents novices and problem plays emerge as parallel sites of ambiguity that reflect the social political and religious uncertainties England faced after the Reformation **Women and Mystical Experience in the Middle Ages** Frances Beer, 1992 Original and thought provoking study of three medieval women mystics based on writings and biographical material A wholly feminine voice within Catholicism they express the inexpressible better than any amount of rational thinking about God THE TIMES The three women who are the subject of this fascinating study left a rich legacy of medieval spirituality Frances Beer explores their writings and draws on available historical evidence to bring the experience of all three women closer to a 20th century audience She sees Hildegard's perception of her Creator as informed by the heroic ideal while Mechthild's erotic experience seems to show the influence of the minnesingers Julian's experience of tender intimacy with her Lord demonstrates an egalitarian confidence in the ability of the individual soul to progress towards oneness with the divine Their individual natures are also further revealed through the author's examination of their resolution of a number of theological problems In contrast the works of two medieval men writing for women are also explored FRANCES BEER is Associate Professor of English at York University Toronto **The Use of the Bible in the Ancrene Riwe** Ruth Elizabeth Falk, 1965 The Fear of Beggars Kelly S. Johnson, 2007-05-29 Why asks Kelly Johnson does Christian ethics so rarely tackle the real life question of whether to give to beggars Examining both classical economics and Christian stewardship ethics as reactions to medieval debates about the role of mendicants in the church and in wider society Johnson reveals modern anxiety about dependence and humility as well as the importance of

Christian attempts to rethink property relations in ways that integrate those qualities She studies the rhetoric and thought of Christian thinkers beggar saints and economists from throughout history placing greatest emphasis on the life and work of Peter Maurin a cofounder of the Catholic Worker movement Challenging and thought provoking *The Fear of Beggars* will move Christian economic ethics into a richer more involved discussion **Anchoritic Spirituality** Anne Savage,Nicholas Watson,1991 Sometime in the first quarter of the 13th century a number of works were written for anchoresses women who lived as religious recluses in cells adjoining churches The most influential is *Ancrene Wisse* A Guide for Anchoresses which discusses in great detail the daily life of the anchoress both outer and inner This work gives a detailed sense of a powerful and multi faceted spirituality different from that of other mystics **The Nun's Rule** James Morton,2006 Excerpt from *The Nun's Rule* Being the *Ancren Riwle* Modernised Another ms my of the same work in Latin Vitellins E VII Was burned in the fatal conflagration which In October 1731 destroyed or damaged a great number of the valuable mss Of the Cottonian Library A copy of the same work in French Vitellius F VII Was at the same time consumed in this disastrous fire About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The National Union Catalog, Pre-1956 Imprints Library of Congress,American Library Association. Committee on Resources of American Libraries. National Union Catalog Subcommittee,1969 *Signs and Symbols in Chaucer's Poetry* John P. Hermann,John J. Burke,1981 *Signs and Symbols in Chaucer's Poetry* presents the work of nine distinguished Chaucer scholars inspired by the work of D W Robertson Jr whose seminal 1969 study *Preface to Chaucer* has exerted wide influence in medieval studies and sparked new interest in the literary iconography of Middle English **The Habit** Elizabeth Kuhns,2007-12-18 Curiosity about nuns and their distinctive clothing is almost as old as Catholicism itself The habit intrigues the religious and the nonreligious alike from medieval maidens to contemporary schoolboys to feminists and other social critics The first book to explore the symbolism of this attire *The Habit* presents a visual gallery of the diverse forms of religious clothing and explains the principles and traditions that inspired them More than just an eye opening study of the symbolic significance of starched wimples dark dresses and flowing veils *The Habit* is an incisive engaging portrait of the roles nuns have and do play in the Catholic Church and in ministering to the needs of society From the clothing seen in an eleventh century monastery to the garb worn by nuns on picket lines during the 1960s habits have always been designed to convey a specific image or ideal The habits of the Benedictines and the Dominicans for example were specifically created to distinguish women who consecrated their lives to God other habits reflected the sisters desire to blend in among the people

they served The brown Carmelite habit was rarely seen outside the monastery wall while the Flying Nun turned the white winged cornette of the Daughters of Charity into a universally recognized icon And when many religious abandoned habits in the 1960s and 70s it stirred a debate that continues today Drawing on archival research and personal interviews with nuns all over the United States Elizabeth Kuhns examines some of the gender and identity issues behind the controversy and brings to light the paradoxes the habit represents For some it epitomizes oppression and obsolescence for others it embodies the ultimate beauty and dignity of the vocation Complete with extraordinary photographs including images of the nineteenth century nuns silk bonnets to the simple gray dresses of the Sisters of Social Service this evocative narrative explores the timeless symbolism of the habit and traces its evolution as a visual reflection of the changes in society *Chicken Soup for the Cat & Dog Lover's Soul* Jack Canfield, Mark Victor Hansen, 2012-09-25 *Chicken Soup for the Pet Lover's Soul* spoke directly to the hearts of all readers whose lives have ever been changed by the love of a pet Now the coauthors bring readers this volume honoring the unique and enduring love that people share with their cats and dogs English Spirituality Martin Thornton, 2012-05-01 Endorsements The republication of this definitive text is long overdue and a must for all those who are concerned for the maintenance of a sound optimistic spirituality Alan Jones Skillfully uses Bible and history to good advantage in this long look at English Spirituality's roots The Christian Century I know of no other book that rivals Thornton's work as a clear and well written compilation of so much valuable material Review of Books Religion Will provide both Protestant and Catholic readers with an exceptionally readable and thorough treatment of a shared tradition *Spiritual Life* Author Biography Martin Thornton was one of the leading lights in Anglican theology and spirituality Of his numerous books *English Spirituality* and *Spiritual Direction* have helped shape the course of ascetical theology Before his death in June 1986 Thornton served for ten years as Chancellor of Truro Cathedral *A Joyful Heart* was his last book Female Monastic Life in Early Tudor England Barry Collett, 2016-12-05 This gendered translation of the Benedictine Rule for women in 1517 is also a handbook for women on exercising authority management skills and the art of good governance including monastic property and relations with the outside world Barry Collett here provides a modern facsimile edition of Fox's translation written in the tumbling phrases of passionate prose that make Fox stand out as a literary figure of the English Renaissance Collett also provides an extensive introduction that argues that Fox's experience as an administrator and senior political adviser with special responsibility for foreign affairs mainly with Scotland and France the political situation in 1516 and social concerns Fox shared with Thomas More all provide keys to understanding this translation of the rule Richard Fox was king's secretary Lord Privy Seal and Bishop of Winchester and founder of Corpus Christi College in Oxford He was an administrator who reflected much on the proper exercise of authority and responsibility at all levels especially through negotiated co operation He strongly supported monastic reforms and when a group of abbesses requested a translation for sisters unable to understand Latin this was his response It provides a unique window into the world of female spirituality just a few months

before Luther's reformation began. The exercise of God-given authority by women is described in the same possibly stronger terms as for men. Fox expressed no reservations about the exercise of authority by women. His indifference to sexual distinctions arose paradoxically from his preoccupation with the skilful use of God-given functioning of authority in a hierarchical society.

Medieval Pets Kathleen Walker-Meikle, 2012. Animals in the middle ages have often been discussed but usually only as a source of food as beasts of burden or as aids for hunters. This book takes a completely different angle showing that they were also beloved domestic companions to their human owners. It offers a full survey of pets and pet keeping: how they were acquired, kept, fed, exercised and displayed; it looks at the problems pets could cause and finally how they were mourned. It also examines the representation of pets and their owners in art and literature. The many charming illustrations offer further evidence for the bonds between humans and their pets then as now. Dr Kathleen Walker-Meikle is a Wellcome Trust Fellow at the University of York working on animals and medieval medicine.
