A Smoother Transition Johnson,Ph. D. Dianne E. Barber,2009

Parents do you want to help your child through the peaks and valleys of adolescence By understanding what your teen is experiencing you can better communicate and help them make wise choices as they attempt to establish their independence As teens progress into adulthood there seems to be a shift in where the brain routes judgment calls Mixed with the abuse of alcohol or illegal drugs or risky behavior in general it becomes more difficult for the young adult mind to fully understand the consequences of some choices they make This book helps teenagers refocus their energy and make a smoother transition throughout adolescence into early adulthood

Teenagers are left feeling unheard and misunderstood and parents are left feeling bewildered by the changes in their child at adolescence and their sudden lack of effectiveness as parents The parent has become unavailable the teen responds in kind and a negative often destructive cycle of communication begins Well the truth of the matter is you can physically be right next to someone and still not really be available to them If you need them to be something they re not if you are harsh criticizing and judging if your anxiety is center stage then you are not truly available The available parent of a teenager is open to discussion offering advice and problem solving but not insisting on it He allows his child to make some mistakes setting limits primarily where health and safety are concerned He never lectures he is available but not controlling The available parent is self aware and keeps his own emotions in check when dealing with his teen He is unconditionally loving and accepting and open to new and different ways of thinking As such he is neither cruel nor dismissive ever The available parent is fun and funny and can bring levity to the most stressful situation All of that is to say there are no conditions to his availability it is absolute The available parent fosters an extraordinary teenager We have a tendency today to over parent micro manage and under appreciate our adolescents Imagine for a moment shifting the dynamic in your relationship If you can get there as a parent you can begin to enjoy a healthy satisfying exciting new kind of relationship with your teenager a relationship with a foundation not of fear but of radical optimism Dr John Duffy s The Available Parent is a revolutionary approach to taking care of teens and tweens And we can all breathe easier as a thirteenth birthday approaches Your Teenager Is Not Crazy Jerusha Clark,Dr. Jeramy Clark,2016-03-29 As God allows us to understand the mystery and marvel of brain science we have the exciting opportunity to reexamine our assumptions about human behavior Perhaps nowhere does this impact our lives more profoundly than when we think about raising children especially teenagers Where parents often see a sweet boy or girl who has morphed into an incomprehensible bundle of hormones and angst what we really ought to be seeing is an amazing young adult whose brain is under heavy construction And changing the way we see our teens will revolutionize our relationships with them Organized by what we hear teens say things like I m bored You just don t understand Why are you freaking out I hate my life or Hold on I just have to send this this book helps parents develop
