One Hundred Million Hearts A Novel:

One Hundred Million Hearts Kerri Sakamoto, 2010-07-30 During the Second World War the Japanese government stirred the people to support its war effort with the image of One hundred million hearts beating as one human bullet to defeat the enemy Kerri Sakamoto winner of the Commonwealth Writers Prize and the Japan Canada Literary Award for her first novel *The Electrical Field* draws on this wartime propaganda in her second novel as she casts light on a fascinating figure from wartime Japan the kamikaze pilot These devout young men offered their lives to fly planes into enemy artillery both human sacrifice and deadly weapon A cherry blossom painted on the sides of the bomber symbolized the beauty and ephemerality of nature Coming back alive from a sacred mission was shameful failure To succeed meant transformation into an eternal flower reincarnation as the plane exploded like a fiery blossom in the sky In *One Hundred Million Hearts* Miyo is a young Canadian woman who has been cared for all her life by her uncommunicative but devoted Japanese Canadian father Her mother died soon after her birth and a disfigurement prevented the left side of her body from developing the same way as the right causing her to be reliant on her father's help One day commuting to work by subway when he can no longer drive her around she is accidentally caught in the train doors and rescued by a man who quickly professes his love for her The joy of this nurturing and joyful relationship removes her from the almost claustrophobic shelter of home but as she grows distant from her father his strength begins to fade until one day she receives the terrible news of his death It is only then that she discovers his secret past The woman he always called his girlfriend was in fact his wife they had a daughter in Japan but gave her up for adoption Now the daughter Hana is an artist in Tokyo Amazed that she has a half sister Miyo travels there to meet her Hana is bitter about being abandoned by her father and has thrown herself into her work with almost destructive intensity Through Hana Miyo learns more of their father's hidden past Though born in Canada he was sent to university in Japan in 1943 Japan was losing the war and the army began conscripting even students He volunteered as a kamikaze pilot yet he survived Hana's obsession with their father's wartime history takes the shape of huge paintings of flowers adorned with the faces of kamikaze pilots and the red threads that one thousand schoolgirls sewed onto the white sash of every pilot that made this suicidal mission If only he had not hoarded his secrets thinks Miyo as she struggles to understand modern Japan and her father's past Why did he not fulfill his ultimate sacrifice but live to care for her The reader is drawn into the daily struggles of each of the characters and their rich interior lives through a lyrical portrait of Japanese life that has been compared to David Guterson's *Snow Falling on Cedars* and Arthur Golden's *Memoirs of a Geisha* The *Montreal Gazette* said Kerri Sakamoto has created in Miyo a marvelously complex compelling character who is transformed to a woman who runs and dances and loves not in innocence but in full terrifying knowledge

The Cambridge Companion to the Literature of World War II Marina MacKay, 2009-01-22 An overview

of writing about the war from a global perspective aimed at students of modern literature The Dialectics of Diaspora: Memory, Location and Gender Mar Gallego Durán, 2011-11-28 Aquest llibre reflecteix l'evolució en el camp dels estudis diaspòrics. Els articles han estat agrupats en dues seccions. La primera té com objectiu les experiències dels africans diaspòrics, la segona secció amplia el radi de recerca i se centra en les representacions literàries de la diàspora dels asiàtics americans portorriquenys i als anglo europeus. De la mateixa manera, un aspecte no menys interessant d'aquest llibre són les múltiples maneres en les que s'han tornat a teoritzar les idees de Paul Gilroy i a aplicar-se a una infinitat d'escrits. De fet, els articles testimonien la diàspora com una experiència que potencialment pot com així succeir afectar a tot el món, pel que la diàspora es converteix en una representació metonímica de la pròpia experiència.

My Wedding Dress Susan Whelehan, Anne Laurel Carter, 2010-07-23 In the tradition of beloved anthologies of women's essay writing this collection offers twenty six true stories from well known writers and fresh new literary voices writing about a touchstone garment in a woman's life: the wedding dress. These are intimate stories about relationships not just those between men and women but between women and their mothers, friends and children. And of course with their wedding attire a relationship that is sometimes simple, sometimes complex but always fascinating in what it tells us about individual lives and aspirations. Some of the tales are humorous: the bride whose skin turns fuchsia on her wedding night or the woman whose shopping savvy aunt takes her to New York's garment district. Some are romantic: the woman who puts on her dress eight years after her wedding only to be caught by her husband when he comes home early from work or the quickie immigration wedding that turned into the real thing. Some are devastating: the bride who loses her mother to illness only days before her wedding or the woman whose mother tells of being kidnapped by her future husband. And some are revealing: the woman who wears her first wedding dress for her initiation ceremony into a convent and her second to marry her beloved; the dress that waited patiently in a shop window and then hidden in a box on a closet shelf; the same sex wedding at age eighty; the thrift shop wedding dress that gets used for everything but a wedding. All are honest, personal and profoundly moving. Something Old looks at how traditions like honouring one's ancestors affected wedding dress choices from a grandmother's gift to a father's old leather jacket but also at how such traditions can play a role in ways you least expect. The pieces in Something New focus on dreams for the future, whether that means breaking away from the expectations of one's family or choosing creating a wedding dress and a future on your own. In Something Borrowed writers tell of all the reasons behind borrowing or trying to borrow dresses for whatever reason and Something Blue Or Peach Or Striped Or Floral looks at exactly that: the non traditional choices women have made and why. These stories run the gamut of experiences connected to the iconic dress and day. If we work away at the seams, even the simplest of wedding outfits reveals all manner of memories and meanings. And whether you've ever worn a wedding dress or not, the stories in this collection will have you looking with new eyes on your own life and exploring what the words wedding dress mean to you.
