Pit Pony:

Britain's Industrial Revolution in 100 Objects John Broom,2023-02-22 The period of Britain's Industrial Revolution was perhaps the most transformative era in the nation's history. Between about 1750 and 1914 life and work, home and school, church and community changed irreversibly for Britain's rapidly expanding population. Lives were transformed, some for the better but many endured abysmal domestic and workplace conditions. Eventually improvements were made to Britain's social fabric which led to the prospect of richer and more fulfilled lives for working men, women and even children. Focusing on 100 objects that either directly influenced or arose from these changes, John Broom offers a distinctive insight into this fascinating age. With plentiful illustrations and suggestions for visits to hundreds of places of historical interest, this book makes an ideal companion for a journey into Britain's industrial past. **Fangs of Gold** Andy Johnston,2005-01-01 **No**

Way But Gentleness Richard Hines,2016-03-10 There is no way but gentleness to redeem a Hawke. Edmund Bert, 1619. Born and raised in the South Yorkshire mining village of Hoyland Common, Richard Hines remembers sliding down heaps of coal dust, listening out for the colliery siren at the end of shifts and praying for his father's safe return. It seemed all too likely that he would follow in his father's footsteps and end up working in the pits, especially when to his mother's horror and his own, he failed the 11, so that unlike his older brother Barry, who had passed the exam to grammar school and who seemed to be heading for great things, Richard was left without hope of academic achievement. Crushed by this and persecuted by the cruelty of his teachers, Richard spent his time in the fields and meadows just beyond the colliery slag heap. One morning walking in the grounds of a ruined medieval manor, he came across a nest of kestrels. Instantly captivated, he sought out ancient falconry texts from the local library and pored over the strange and beautiful language there. With just these books, some ingenuity and his profound respect for the hawk's indomitable wildness, Richard learned to man or train his kestrel, Kes, and in the process grew into the man he would become. Richard and his experiences with kestrels inspired Barry's classic novel *A Kestrel for a Knave*. When production began on what would become Ken Loach's iconic film *Kes*, Richard found himself training the kestrels that would soar on screen and into cinematic history. *No Way But Gentleness* is a superb moving memoir of one remarkable boy's love for a forgotten culture and his attempt to find salvation in the natural world.

In My Nature James Owen Thomas,2025-02-27 An exploration of colourful collages influenced by autism and the natural world by award-winning environmental artist James Owen Thomas. Foreword by Monty Don. James creates bold, engaging collages and montages from old lottery scratchcards and other used materials. His autism has an influence throughout his creative process, from gathering materials to sorting them by colour, visual theme and texture, before hole-punching, tearing or cutting them up for collaging. It even affects the subjects he depicts. These are primarily peaceful, calming woodland settings and animals but also branch out into architecture, portraiture and the surreal. This beautifully illustrated examination of his work shows how his art and love for nature have helped him cope with autism from an early age, going on to explain the

inspiration behind many of his pieces and the various techniques he uses An emotive biographical section describes the many challenges of his autism and how he has worked through them and with them to become a successful artist and environmental campaigner More Foul Deeds & Suspicious Deaths in & Around Barnsley Geoffrey Howse,2009-07-30 In his second book in the Foul Deeds series relating to Barnsley and its neighborhood Geoffrey Howse continues to uncover aspects of the areas darker and more sinister past Many districts not covered in the first volume are included here Read about the shooting of Lord Wharnccliffe s head gamekeeper at Pilley in 1867 the capture of the killers and the sensational trial also about the murder of William Swann in Wombwell by his wife Emily and John Gallagher both hanged in 1903 Other features included the case of a Polish resident Wilhelm Lubina executed at Leeds in 1953 for murdering Charlotte Bell in Barnsley A rich and compelling miscellany of local misdemeanor from Victorian and Edwardian times are recounted too robbery at Thurlstone violent assault at Worsbrough and Hoyland Swaine highway robbery at Gawber theft at Hoyland and Elsecar attempted wife murder at Thurgoland poaching at Cudworth There is also the unusual case of manslaughter against Maria Cooper killed with others in a fireworks explosion in Barnsley An absorbing read and source of reference for anyone interested in local social and criminal history *A Dictionary of Mining, Mineral, and Related Terms* United States. Bibby,2024-04-01 The outstanding qualities of the Galloway horse landrace are referenced in literary sources from the late sixteenth century onwards Brief but eloquent and revealing allusions appear in the work of William Shakespeare Thomas Dekker Ben Jonson and other writers with connections to the Tudor Stuart Caroline and Carolean courts The Galloway nag was sufficiently influential for its name to become a generic widely applied to small horses of a certain type speedy enduring and reliable This is still the case in the north of England and Australia where the terms Gallowa and Galloway continue to be used today The Galloway contributed to a surprising number of modern horse breeds including the Thoroughbred yet few people are aware of its influence Miriam A Bibby shows how and why its contribution has been overwritten by other narratives In doing so she also reveals previously unexplored sources that indicate the complex role played by the imagined Galloway in Anglo Scottish relations Collectively these represent a unique new genre of commentary that she identifies as Galloway Nag Satire This is the first major study devoted to the history of the Galloway horse **The Parliamentary Debates (official Report).** Great Britain. city has within its rich history a sinister and darker side Take a journey to discover cases of petty crime riots burglary robbery assault suicide unlawful killing manslaughter and murder as well as a host of quirky and quizzical crimes from the early Victorian period to modern times One sensational case covered is that of Sheffield born Charles Peace considered by some criminologists to be England's most notorious murderer He was hanged at Leeds on February 25 1879 for the killing of Arthur Dyson at Darnall in 1876 Peace's criminality seemed to know no bounds Several other sensational and forgotten murders are featured and a range of cases mentioned refer to many former landmarks in and around old Sheffield from public houses and hotels to factories shops and steelworks This book is sure to be an absorbing read for anyone interested in our local social history

The Pitmen's Requiem Peter Crookston, 2014-01-05 Peter Crookston's book offers a beautifully written journalist's account of a Durham mining village and the Great Northern Coalfield woven around the life of Robert Saint the composer of *Gresford* a brass band composition commemorating an earlier mining disaster in which 256 workers died Crookston brings his formidable observational qualities and writing skills as a journalist to produce a gripping narrative with utterly compelling characters and a heart rending culmination in the demise of the mining industry under assault by Thatcher The story is told in a gentle unpretentious way frequently giving voice to the characters themselves many of whom the author knew personally or got to know in preparing the book Apart from capturing a critical moment in a disappearing world the book offers a vantage point from which to reflect on our own culture and what we have lost in post industrial Britain the loss of community which did so much to sustain and nurture those miners in their desperate plights This is as

much a history of culture and place as much as it is biography a book that is at once an elegy and a tribute

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
