**Deliverance to the Captives** Ryan C. McIlhenny, 2020-04-08 George Bourne was one of the early American republic s first immediate abolitionists an influential figure who paved the way for the campaign against slavery in the antebellum period His approach to reform was shaped by a conservative Protestant outlook that became increasingly hostile to Catholicism In To Preach Deliverance to the Captives Ryan C McIlhenny examines the interplay of Bourne's pioneering efforts in abolitionism and his intensely anti Catholic views McIlhenny portrays Bourne as both a radical and a conservative a reformer who desired to get back to the roots of Christianity for the purpose of completely dismantling slavery Bourne's commentary on a variety of controversial topics slavery race and citizenship the role of women Christianity and republicanism the importance of the Bible and the place of the church in civil society put him at the center of many debates He remains a complex figure a polymath situated within the political social and cultural possibilities of an early republic that he was eager to play a part in shaping Bourne's religious radicalism gave rise to his hope for an emerging post revolutionary republic that would focus mainly on its religious foundations The strength of the American nation in Bourne's mind rested not only on institutions indicative of a republican form of government but also on a pure Christianity exemplified best in historical Protestantism To Bourne the future of the fledgling nation depended not only on principles and institutions but also on the activism of Protestant leaders like himself The Unknown God Mathew P. John, 2020-03-01 We live in the age of religious pluralism where all religions are considered the same and different paths lead to the same spiritual destination It is important for Christians to learn how to affirm Jesus Christ as the only way to God while also paying due respect to people of other faiths and worldviews In The Unknown God A Journey with Jesus from East to West Mathew P John explores the redemptive revelations lurking in the darkness outside the boundaries of Christian tradition In this spiritual journey through six major world religions readers encounter a variety of symbols that point to the Jesus of the Bible From Hindu avatars and Buddhist bodhisattvas to Sikh gurus and Muslim prophets and the Jewish messiah consider how different religions attempt to answer the deep longing for a savior ingrained in the collective conscience of humanity An Introduction to the Old Testament Tremper Longman III,2009-05-26 An upper level introduction to the Old Testament that offers students a thorough understanding of three key issues historical background literary analysis and theological message This second edition of An Introduction to the Old Testament integrates recent developments in Old Testament scholarship It has many distinctive features that set it apart from other introductions to the Old Testament It's committed to a theologically evangelical perspective Emphasizes special introduction the study of individual books Interacts in an irenic spirit with the historical critical method Features points of research history and representative scholars rather than an exhaustive treatment of past scholarship Deals with the meaning of each book not in isolation but in a canonical context Probes the meaning of each book in the setting of its culture Including callouts charts and graphs An Introduction to the Old Testament is written with an eye to understanding the nature of Old Testament historiography Perfect for seminary students professors

and Bible teachers and ministry leaders as well as anyone looking for an in depth and balanced approach to Old Testament Did Moses Speak Attic? Lester L. Grabbe, 2001-03-01 Is the Bible a Hellenistic book The essays in this volume respond to that challenging question formulated by Niels Peter Lemche and offer everything from qualified agreement to vociferous opposition In so doing they debate and illuminate the many features of Jewish writing in the Second Temple period including not only the scriptures themselves and their own history but the non canonized literature of the late Second Temple period As with all the volumes in this pioneering series the editor Lester Grabbe introduces and reflects upon the discussion and its implications for one of the most controversial topics in current biblical studies Atonement and the Logic of Resurrection in Hebrews 9:27-28 William W. Henry, 2024-09-05 The general believer waiting for salvation by Jesus hopes to see him appear while living or promptly at death Comfort during loss of life usually portrays those passing now in heaven Conversely the more religiously academic the less one thinks anyone ever goes to heaven Trained scholars typically choose a closed heaven with temporal delays and spatial detours in limitation of God's promises about so great salvation Better typically perceives as a resuscitated flesh on earth that lives by decay of the surrounding creation Hearing word meaning by mapping creation with an old first century option for plural heavens this project reexamines the conversation recommended by the pastor in the letter to the Hebrews about promises regarding the twofold ministry of Christ By analysis with current study tools the conversation both challenges the common academy views and reintroduces a first century hearing option for God's speech concerning prompt postmortem Christ fulfillment into heaven Listening includes the milk of the beginning teaching requirements for atonement and logic of resurrection to God immediately after death and judgment Hearing senses the solid food about priestly intercession by Jesus after death at judgment to shepherd his believers for salvation into heaven a very little while after individual death and judgment Canon, Covenant and Christology Matthew Barrett, 2020-02-20 All Scripture is breathed out by God 2 Timothy 3 16 From Paul s epistles the divine inspiration of Scripture may be confidently affirmed as well as its corollary attributes However on turning to Jesus and the Gospels it is hard to find an explicit approach like Paul s Matthew Barrett argues that Jesus and the apostles have just as convictional a doctrine of Scripture as Paul or Peter but it will only be discovered if the Gospels are read within their own canonical horizon and covenantal context The nature of Scripture presupposed by Jesus and the Gospel writers may not be addressed directly but it manifests itself powerfully when their words are read within the Old Testament's promise fulfilment pattern Nothing demonstrates Scripture s divine origin divine authorial intent and trustworthiness more than the gospel of Jesus Christ In the advent of the Son of God the Word has become flesh announcing to Jew and Gentile alike that the covenant promises Yahweh made through the Law and the Prophets have been fulfilled in the person and work of Christ **Teenage Love Story Volume II** Biren Sasmal, M.J.
