Revenge Of Annie Charlie:

The Revenge of Annie Charlie Alan Fry, 1974 A Native Heritage Leslie Monkman, 1981-12-15 Disparity and division in religion technology and ideology have characterized relations between English Canadian and Indian cultures through out Canada's history From the earliest declaration of white territorial ownership to the current debate on aboriginal rights red man and white man have had opposing principles and perspectives The most common solutions imposed on these conflicts by white men have relegated the Indian to the fringes of white society and consciousness This survey of English Canadian literature is the first comprehensive examination of a tradition in which white writers turn to the Indian and his culture for standards and models by which they can measure their own values and goals for patterns of cultural destruction transformation and survival and for sources of native heroes and indigenous myths Leslie Monkman examines images of the Indian as they appear in works ranging from Robert Rogers Ponteach or The Savages of America 1766 to Robertson Davies Pontiac and the Green Man 1977 demonstrating how English Canadian writers have illuminated their own world through reference to Indian culture The Indian has been seen as an antagonist as a superior alternative as a member of a vanishing and lamented race and as a hero and the source of the new myths Although white Indian tension often lies in apparently irreconcilable opposites Monkman finds in the literature surveyed complementary images reflecting a common humanity This is an important contribution to a hitherto unexplored area of Canadian literature in English which should give rise to further elaboration of this major theme *Before the Country* Stephanie McKenzie, 2007-11-25 In the late 1960s and early 1970s Canada witnessed an explosion in the production of literary works by Aboriginal writers a development that some critics have called the Native Renaissance In *Before the Country* Stephanie McKenzie explores the extent to which this growing body of literature influenced non Native Canadian writers and has been fundamental in shaping our search for a national mythology In the context of Northrop Frye's theories of myth and in light of the attempts of social critics and early anthologists to define Canada and Canadian literature McKenzie discusses the ways in which our decidedly fractured sense of literary nationalism has set indigenous culture apart from the mainstream She examines anew the aesthetics of Native Literature and in a style that is creative as much as it is scholarly McKenzie incorporates the principles of storytelling into the unfolding of her argument This strategy not only enlivens her narrative but also underscores the need for new theoretical strategies in the criticism of Aboriginal literatures *Before the Country* invites us to engage in one such endeavour *Fear and Temptation* Terry Goldie, 1993 Goldie skillfully reveals the ambivalence of white writers to indigenous culture through an examination of the stereotyping involved in the creation of the image of the Other The treacherous redskin and the Indian maiden embodiments of violence and sex also evoke emotional signs of fear and temptation of white repulsion from and attraction to the indigene and the land Goldie suggests that white culture deeply attracted to the impossible idea of becoming indigenous either rejects native land claims and denies recognition of the original indigenes or incorporates these claims into white

assertions of native status After comparing the works of Canadian author Rudy Wiebe and Australian author Patrick White Goldie concludes by linking the results of his literary analysis to wider cultural concerns particularly land rights He shows that literary views of natives both positive and negative emphasize the same characteristics and he suggests that escape from this limited vision may open the door to solving the problems of native sovereignty *Saturday Night*, 1974 *The Ranch on the Cariboo* Alan Fry, 2011-02-01 It was the summer of 43 on a Cariboo ranch He was 12 and had to become a man If you were a man you could become a cowboy Join the author on this nostalgic look back on the joys frustrations and observations of growing up and discovering where he belongs Excerpt from Eldon Lee's foreword This book by Alan Fry is probably the best book ever written on ranch life in the Cariboo His account of everyday events is so perceptive and so true to the mark that all we country types yearn to re-experience its joys and its miseries *The Ranch on the Cariboo* is a good book and while it may not make a pretty sight to the tractor jockeys by damn it is authentic I should know because I was raised on a similar ranch just 18 miles north *Catalog of Copyright Entries. Racial Attitudes in English-Canadian Fiction, 1905-1980 Terrence Craig, 2010-10-30 Racial Attitudes in English Canadian Fiction is a critical overview of the appearances and consequences of racism in English Canadian fiction published between 1905 and 1980 Based on an analysis of traditional expressions in literature of group solidarity and resentment the study screens English Canadian novels for fictional representations of such feelings Beginning with the English Canadian reaction to the mass influx of immigrants into Western Canada after World War One it examines the fiction of novelists such as Ralph Connor and Nellie McClung The author then suggests that the cumulative effect of a number of individual voices such as Grove and Salverson constituted a counter reaction which has been made more positive by Laurence Lydenko Richler and Clarke The debate between these two sides carried on in fictional and non fictional writing is seen to be in part resolved in synthesis after World War Two as attitudes are forced by wartime alliances and intellectual pressures into a qualified liberalism The author shows how single novels by Graham Bodsworth and Callaghan demonstrated a new concern for the exposure and eradication of racial discrimination an attitude taken further by the works of Wiebe and Klein The book concentrates on single texts that best portray deliberately or not racist ideology or anti racist arguments and attempts to explain the arousal in Canada of such ideas

Early days; or, The Wesleyan scholar's guide, 1879 Operetta Robert Ignatius Letellier, 2015-10-19 Operetta developed in the second half of the 19th century from the French opéra comique and the more lighthearted German Singspiel As the century progressed the serious concerns of mainstream opera were sustained and intensified leaving a gap between opéra comique and vaudeville that necessitated a new type of stage work Jacques Offenbach son of a Cologne synagogue cantor established himself in Paris with his series of opéras bouffes The popular success of this individual new form of entertainment light humorous satirical and also sentimental led to the emergence of operetta as a separate genre an art form with its own special flavour and concerns and no longer simply a little opera Attempts to emulate Offenbach's success in France and abroad generated other national schools of operetta and helped to establish the genre internationally in Spain in England and especially in Austria Hungary Here it inspired works by Franz von Supp and Johann Strauss II the Golden Age and later Franz Lehár and Emmerich Kálmán the Silver Age Viennese operetta flourished contemporaneously with the Habsburg Empire and the mystique of Vienna but after the First World War an artistically vibrant Berlin assumed this leading position with Paul Lincke Leon Jessel and Edouard Knecke As popular musical tastes

diverged more and more during the interwar years with the advent of new influences like those of cabaret the revue jazz modern dance music and the cinema as well as changing social mores the operetta genre took on new guises This was especially manifested in the musical comedy of London s West End and New York s Broadway with their imitators generating a success that opened a new golden age for the reinvented genre especially after the Second World War This source book presents an overview of the operetta genre in all its forms The second volume provides a survey of the national schools of Germany Spain England America the Slavonic countries especially Russia Hungary Italy and Greece The principal composers are considered in chronological sequence with biographical material and a list of stage works selected synopses and some commentary This volume also contains a discography and an index covering both volumes general entries singers and theatres *Room of One's Own* ,1975 *The Armchair Detective* ,1973 *Journal of Canadian Fiction* ,1979
